II. Discussion

The NRC is issuing for public comment draft Supplement 61 to the GEIS for License Renewal of Nuclear Plants, NUREG-1437, regarding the proposed renewal of Renewed Facility Operating License No. NPF-58, for an additional 20 years of operation for Perry Plant. Draft site-specific Supplement 61 to the GEIS includes the preliminary analysis that evaluates the environmental impacts of the proposed action and alternatives to the proposed action. The NRC staff's preliminary recommendation is that the adverse environmental impacts of license renewal for Perry Plant are not so great that preserving the option of license renewal for energy-planning decisionmakers would be unreasonable.

BILLING CODE 7590-01-P

OFFICE OF PERSONNEL MANAGEMENT

Privacy Act of 1974; System of Records

AGENCY: U.S. Office of Personnel Management, Healthcare and Insurance.

ACTION: Notice of modified system of records.

SUMMARY: In accordance with the Privacy Act of 1974, the Office of Personnel Management (OPM) proposes to modify the current system of records titled "OPM/Central-23 FEHB Program Enrollment Records." This system of records contains information about enrollees and their family members, who are or have been covered under the Federal Employees Health Benefits (FEHB) Program. The modification is necessary to add categories of records and record source categories to the system of records based upon information exchange necessary to implement the Postal Service Health Benefits (PSHB) Program and meet requirements under the Postal Service Reform Act of 2022 (PSRA). The modification is also necessary to clarify in the Purposes section that references in the system of records to the "FEHB Program" or "FEHB" will encompass the PSHB Program, a separate program within the FEHB Program. In addition, OPM is taking this opportunity to clarify two existing routine uses and make a

technical correction to the Administrative, Technical, and Physical Safeguards section. We have also updated the policies and practices for retention and disposal of records to reflect that a new schedule that will incorporate Postal Service records is currently under review by the National Archives and Records Administration (NARA).

DATES: Please submit comments on or before October 7, 2024. This new system is effective upon today's publication in the **Federal Register**, with the exception of new or modified routine uses, which are effective October 11, 2024.

ADDRESSES: You may submit written comments by one of the following methods:

- *Federal Rulemaking Portal*: <https://www.regulations.gov>. Follow the instructions for submitting comments. All submissions received must include the agency name and docket number for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing at <https://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

- *Mail*: Padma Babubhai Shah, Senior Policy Analyst, Healthcare and Insurance, Office of Personnel Management, Suite 3468, 1900 E Street NW, Washington, DC 20415.

FOR FURTHER INFORMATION CONTACT: For general questions, please contact Padma Babubhai Shah, Senior Policy Analyst, 202-606-4056. For privacy questions, please contact Kirsten J. Moncada, Senior Agency Official for Privacy, privacy@opm.gov.

SUPPLEMENTARY INFORMATION: In accordance with the Privacy Act of 1974, 5 U.S.C. 552a, the Office of Personnel Management proposes to modify a system of records titled "OPM/Central-23, FEHB Program Enrollment Records." This system of records supports OPM's administration of the Federal Employees Health Benefits (FEHB) Program and contains information about enrollees and their family members, who are or have been covered under the FEHB Program. The records are used for business processes related to eligibility verification, enrollment transactions, enrollment reconciliation, and premium collection; and to support the evaluation of the effectiveness of the FEHB Program through statistical analysis, policy planning, and reporting. To effectuate these purposes, OPM also uses contracts and interagency agreements.

Established in 1960 through the Federal Employees Health Benefits Act of 1959, 5 U.S.C. 8901 *et seq.*, the FEHB Program is the largest employer-sponsored group health insurance program in the world, covering over 8 million individuals. Covered individuals, as defined in 5 CFR 890.101, include employees of the Federal government, annuitants, members of their families, former spouses, and miscellaneous groups, enumerated in 5 U.S.C. 8901; United States Postal Service employees and annuitants, pursuant to 39 U.S.C. 1005; tribal employees, pursuant to 25 U.S.C. 1647b; and separated employees and former dependents who are eligible for Temporary Continuation of Coverage under 5 U.S.C. 8905a.

Section 101 of the Postal Service Reform Act of 2022 (PSRA) added new section 8903c to chapter 89 of title 5, United States Code. The statute directs OPM to establish the Postal Service Health Benefits (PSHB) Program as a new, separate program within the FEHB Program. Beginning in 2025, Postal Service employees, Postal Service annuitants, and their eligible family members will obtain health benefits coverage through PSHB plans. Accordingly, OPM proposes to modify the Purpose section of this system of records notice to indicate that references to the “FEHB Program” or “FEHB” (*e.g.*, FEHB enrollment code) include the “PSHB Program” or “PSHB.” Administrative actions associated with the launch of the PSHB Program will be required prior to January 1, 2025. For this reason, upon the effective date of this notice, references to the “FEHB Program” or “FEHB” will include the “PSHB Program” or “PSHB.”

As part of implementing the PSHB Program, OPM will be required to exchange information with other federal agencies to determine whether certain Postal Service annuitants and their family members are subject to the requirement that they enroll in Medicare Part B to enroll or continue enrollment in a PSHB plan and, if so, whether they can establish one of the exceptions to this requirement. These requirements necessitate the addition of categories of records and record source categories to this system of records.

Accordingly, OPM proposes to modify this system of records to add two categories of records: “gg. Information related to enrollment in health care benefits provided by the Department of Veterans Affairs” and “hh. Information related to eligibility for health services from the Indian Health Service.” These record categories are being added because the information in both

categories may be collected to establish whether certain Postal Service annuitants and their family members can establish an exception to the Medicare Part B enrollment requirement in order to enroll or continue enrollment in a PSHB plan. In addition, OPM proposes to modify this system of records to expand record source categories to include the Social Security Administration and other federal agencies as information from other agencies may need to be collected to establish the eligibility of Postal Service employees, annuitants, and their family members to enroll or continue enrollment in a PSHB plan.

A technical correction has been made to the “ADMINISTRATIVE, TECHNICAL, AND PHYSICAL SAFEGUARDS” section. Specifically, this section now clarifies that OPM security measures are in compliance with the both the Federal Information Security Modernization Act of 2002 and the Federal Information Security Modernization Act of 2014, which amended the 2002 law. Previously, there was a citation only to the 2014 law. Additionally, previous routine uses (a) and (b) have been revised to more clearly describe the disclosures covered—the disclosures covered by previous routine use (a) will now be covered in routine uses (a) and (b); the disclosures covered by previous routine use (b) will now be covered in routine use (c). The original routine uses will receive a new letter designation to accommodate this change.

The policies and practices for retention and disposal of records have been updated to reflect that a new schedule that will incorporate Postal Service records is currently under review.

In accordance with 5 U.S.C. 552a(r), OPM has provided a report of this modified system of records to the Office of Management and Budget and to Congress. This modified system of records will be included in OPM’s inventory of record systems.
