

Intermediary, or as a Borrowing Clearing Member, either for its own account or for its customer accounts.

The proposed restriction on transactions where the Loaned Stock is a Canadian Security when the Canadian Clearing Member is the Borrowing Clearing Member would similarly eliminate uncertainty in funds settlement that would arise if OCC or the Canadian Clearing Member were subject to tax withholding obligations with respect to substitute dividends on the Canadian Security. Canadian Clearing Members would not be restricted from executing Market Loan transactions on Canadian Securities as a Lending Clearing Member. As discussed further above, OCC believes that the proposed rule change is necessary to eliminate potential complications and risk to its clearance and settlement process that would be presented by OCC's potential withholding responsibilities (and which would be a direct consequence of providing its clearance and settlement services for these Canadian Clearing Members). OCC believes the proposed rule change is necessary to promote the prompt and accurate clearance and settlement of securities and derivatives transactions, to assure the safeguarding of securities and funds in the custody or control of OCC or for which it is responsible, and in general, to protect investors and the public interest in accordance with Section 17A(b)(3)(F) of the Exchange Act.⁸⁶ Accordingly, OCC believes any burden on competition that this proposed change could be regarded as imposing are necessary and appropriate to promote the prompt and accurate clearance and settlement of stock loan transactions as required by the Exchange Act. Furthermore, as stated above, all of OCC's current Canadian Clearing Members are already Qualified Intermediaries, FATCA Compliant, and Qualified Derivatives Dealers. Therefore, applying the same requirements as conditions to participate in the Market Loan Program would not impose any additional burden on those members.

For the foregoing reasons, OCC believes that the proposed rule change is in the public interest, would be consistent with the requirements of the Exchange Act applicable to registered clearing agencies, and would not impose a burden on competition that is unnecessary or inappropriate in furtherance of the purposes of the Exchange Act.
