

Recordkeeping requirement.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this collection of information is contained in 47 U.S.C. 303(j), as amended.

Total Annual Burden: 61,665 hours.

Annual Cost Burden: No cost.

Needs and Uses: The information collection requirements contained under Section 90.443(b) require that each licensee of a station shall maintain records for all stations by providing the dates and pertinent details of any maintenance performed on station equipment, along with the name and address of the service technician who did the work. If all maintenance is performed by the same technician or service company, the name and address need be entered only once in the station records.

The information collection requirements under Section 90.443(c) require that at least one licensee participating in the cost arrangement must maintain cost sharing records.

Federal Communications Commission.

Marlene Dortch,

Secretary, Office of the Secretary

GENERAL SERVICES ADMINISTRATION

[Notice-PBS-2024-11; Docket No. 2024-0002; Sequence No. 38]

Notice of Availability for the Record of Decision on the Buildings at 202, 214 and 220 South State Street, Chicago, Illinois

AGENCY: Great Lakes Region 5, Public Buildings Service (PBS), U.S. General Services Administration (GSA).

ACTION: Notice of availability (NOA).

SUMMARY: On September 4, 2024, The U.S. General Services Administration (GSA), in cooperation with the U.S. Federal Protective Service, issued a Record of Decision (ROD) on the Final Environmental Impact Statement (EIS) for the future of three vacant federally owned buildings located at 202, 214, and 220 South State Street in downtown Chicago, Illinois. These properties are adjacent to the Dirksen U.S. Courthouse. GSA selects the Viable Adaptive Reuse Alternative, and the agency will pursue reuse under the National Historic Preservation Act (NHPA) section 111 outlease authority. The Viable Adaptive

Reuse Alternative meets the purpose and need for the Proposed Action upon satisfying the security needs of the Dirksen Courthouse. GSA will issue a Request for Lease Proposals (RLP) in Fall 2024. The ROD was prepared in accordance with the National Environmental Policy Act (NEPA) of 1969, the Council on Environmental Quality Regulations, and the GSA Public Buildings Service NEPA Desk Guide. It documents the agency's decision based on the Final EIS; associated technical reports; comments from Federal and State agencies, stakeholders, members of the public, and elected officials; and other resources contained in the administrative record.

DATES: Applicable: September 4, 2024.

ADDRESSES: The ROD may be found online at the following website: <https://www.gsa.gov/about-us/gsa-regions/region-5-great-lakes/buildings-and-facilities/illinois/chicago-202220-s-state-st-fps>.

- *Cell:* 312-886-9593
- *Mail:* ATTN: Joseph Mulligan, U.S. General Services Administration, 230 S Dearborn St., Suite 3600, Chicago, IL 60604

SUPPLEMENTARY INFORMATION:

Proposed Action

The Proposed Action is to address the future of the three vacant buildings at 202, 214 and 220 South State Street, east of the Dirksen Courthouse. The purpose of the Proposed Action is to address the security needs of the Dirksen Courthouse, respond to the Congressional intent and funding authorization provided in the 2022 Consolidated Appropriations Act, and manage Federal assets.

Decision

GSA selects the Viable Adaptive Reuse Alternative.

GSA will use the NHPA Section 111 outlease authority to initiate the reuse strategy. GSA will request market-driven redevelopment proposals with the following considerations:

- First, GSA will consider and prioritize proposals that align with the viable adaptive reuse security criteria established for this proposed action and demonstrate the financial capability of the offeror to successfully execute.
- Second, GSA will consider proposals with proposed deviations from the viable adaptive reuse security criteria that demonstrate the financial

capability of the offeror to successfully execute. Any proposed deviation must be agreed to by GSA. There are no Federal funds available for reuse or proposed deviations from the security criteria.

- The RLP will allow for redevelopment of all buildings and parcels at 202 through 220 South State Street or one, two, or all three buildings.
- The RLP will require the offeror to demonstrate their expertise in historic preservation to successfully execute the reuse project as stated in the Programmatic Agreement.
- No Federal funds are available for the rehabilitation, preservation, or restoration of 202, 214, and 220 South State Street; therefore, any rehabilitation or modification of the buildings to meet the security criteria would not be performed at the Federal Government's expense.

GSA may amend this Record of Decision if no RLP responses are received or accepted by GSA.

National Historic Preservation Act

The NHPA section 106 Consultation was concurrent with the NEPA process. The Century Building (202 South State Street) and the Consumers Building (220 South State Street) are historic resources contributing to the Loop Retail Historic District, which are listed in the National Register of Historic Places (NRHP). In this Proposed Action, 214 South State Street is being treated as eligible for listing in the NRHP as a contributing resource to the Loop Retail Historic District. GSA executed the Programmatic Agreement with the Illinois State Historic Preservation Officer and Advisory Council on Historic Preservation on August 26, 2024. The Programmatic Agreement is included as Exhibit A in the ROD.

William Renner,

Director, Facilities Management and Services Programs Division, Great Lakes Region 5, U.S. General Services Administration.

BILLING CODE 6820–CF–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Medicare & Medicaid Services

[Document Identifiers: CMS–10326]

Agency Information Collection Activities: Submission for OMB Review; Comment Request

AGENCY: Centers for Medicare & Medicaid Services, Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: The Centers for Medicare & Medicaid Services (CMS) is announcing an opportunity for the public to comment on CMS' intention to collect information from the public. Under the Paperwork Reduction Act of 1995 (PRA), federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, and to allow a second opportunity for public comment on the notice. Interested persons are invited to send comments regarding the burden estimate or any other aspect of this collection of information, including the necessity and utility of the proposed information collection for the proper performance of the agency's functions, the accuracy of the estimated burden, ways to enhance the quality, utility, and clarity of the information to be collected, and the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

DATES: Comments on the collection(s) of information must be received by the OMB desk officer by October 11, 2024.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

To obtain copies of a supporting statement and any related forms for the proposed collection(s) summarized in this notice, please access the CMS PRA website by copying and pasting the following web address into your web browser: <https://www.cms.gov/Regulations-and-Guidance/Legislation/PaperworkReductionActof1995/PRA-Listing>.

FOR FURTHER INFORMATION CONTACT:

William Parham at (410) 786–4669.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501–3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section

3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires federal agencies to publish a 30-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment:

1. *Type of Information Collection Request:* Reinstatement without change of a currently approved collection; *Title of Information Collection:* Electronic Submission of Medicare Graduate Medical Education (GME) Affiliation Agreements; *Use:* Existing regulations at § 413.75(b) permit hospitals that share residents to elect to form a Medicare GME affiliated group if they are in the same or contiguous urban or rural areas, if they are under common ownership, or if they are jointly listed as program sponsors or major participating institutions in the same program by the accrediting agency. The purpose of a Medicare GME affiliated group is to provide flexibility to hospitals in structuring rotations under an aggregate full time equivalent (FTE) resident cap when they share residents. The existing regulations at § 413.79(f)(1) specify that each hospital in a Medicare GME affiliated group must submit a Medicare GME affiliation agreement (as defined under § 413.75(b)) to the Medicare Administrative Contractor (MAC) servicing the hospital and send a copy to the Centers for Medicare and Medicaid Services' (CMS) Central Office, no later than July 1 of the residency program year during which the Medicare GME affiliation agreement will be in effect. CMS will use the information contained in electronic affiliation agreements as documentation of the existence of Medicare GME affiliations, and to verify that the affiliations being formed by teaching hospitals for the purposes of sharing their Medicare GME FTE cap slots are valid according to CMS regulations. CMS will also use these affiliation agreements as reference materials when potential issues involving specific affiliations arise. While we have used hard copies of affiliation agreements for those same purposes in the past, we implemented this electronic submission process in order to expedite and ease the process of retrieving, analyzing and evaluating affiliation agreements. *Form Number:* CMS–10326 (OMB control number: 0938–1111); *Frequency:* Annually; *Affected Public:* Private
