**Changes Since the Preliminary Results**

Commerce evaluated the comments in the case and rebuttal briefs and record evidence and made no changes from the *Preliminary Results*. For a discussion of the comments, see the Issues and Decision Memorandum.

**Final Results of Review**

Commerce determines that the following estimated weighted-average dumping margins exist for the period February 1, 2022, through January 31, 2023:

Producer and/or exporter	Weighted-average dumping margin (percent)
Dongkuk Steel Mill Co., Ltd ..	0.00
Hyundai Steel Company .....	0.00

**Disclosure**

Normally, Commerce will disclose the calculations performed in connection with the final results to parties in this proceeding within five days of the date of public announcement or, if there is no public announcement, within five days of the date of publication of the final results in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, because we have made no changes from the *Preliminary Results*, there are no new calculations to disclose.

**Assessment**

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b), Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. Because the weighted-average dumping margins for Dongkuk and Hyundai Steel are zero or *de minimis* (i.e., less than 0.5 percent) in the final results of this review, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties in accordance with the *Final Modification for Reviews*.<sup>6</sup>
