

SUMMARY: As a result of this expedited sunset review, the U.S. Department of Commerce (Commerce) finds that revocation of the antidumping duty (AD) order on Laminated Woven Sacks (LWS) from the Socialist Republic of Vietnam (Vietnam) would likely lead to continuation or recurrence of dumping at the levels indicated in the “Final Results of the Sunset Review” section of this notice.

DATES: Applicable September 11, 2024.

SUPPLEMENTARY INFORMATION:

Background

After Commerce initiated the sunset review¹ of the *Order*,² pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act), domestic interested parties³ timely submitted complete notices of intent to participate in,⁴ and adequate substantive responses regarding, the review.⁵ The domestic interested parties claimed domestic interested party status under section 771(9)(C) of the Act as producers of the domestic like product in the United States.⁶ Commerce did not receive a substantive response from any respondent interested party, nor was a hearing requested. On June 21, 2024, Commerce notified the U.S. International Trade Commission that it did not receive adequate substantive responses from respondent interested parties.⁷ As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), Commerce conducted an expedited (120-day) sunset review of the *Order*.

Scope of the Order

The merchandise covered by the *Order* is laminated woven sacks. For a complete description of the scope of the

Order, see the Issues and Decision Memorandum.⁸

Analysis of Comments Received

A complete discussion of all issues raised in this sunset review is contained in the accompanying Issues and Decision Memorandum.⁹ A list of topics discussed in the Issues and Decision Memorandum is included as an appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be directly accessed at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Final Results of Sunset Review

Pursuant to sections 751(c)(1) and 752(c)(1) and (3) of the Act, Commerce determines that revocation of the *Order* would likely lead to continuation or recurrence of dumping, and that the magnitude of the dumping margins likely to prevail are weighted-average margins up to a weighted-average margin of up to 292.61 percent.

Administrative Protective Order

This notice serves as the only reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a). Timely notification of the return or destruction of APO materials or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

We are issuing and publishing these final results of sunset review in accordance with sections 751(c), 752(c), and 777(i)(1) of the Act, and 19 CFR 351.218(e)(1)(ii)(C)(2) and 19 CFR 351.221(c)(5)(ii).

Certain Passenger Vehicle and Light Truck Tires From the People’s Republic of China: Preliminary Results and Partial Rescission of Antidumping Duty Administrative Review; 2022–2023

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily finds that certain exporters of passenger vehicle and light truck tires (passenger tires) from the People’s Republic of China (China) made sales of subject merchandise at prices below normal value (NV) during the period of review (POR) August 1, 2022, through July 31, 2023. Commerce also preliminarily finds that five companies had no entries of subject merchandise during the POR, and that it is appropriate to rescind this review with respect to 14 companies because all requests for review of these companies were withdrawn. We invite interested parties to comment on these preliminary results.

DATES: Applicable September 11, 2024.

19 CFR 351.221(c)(1)(i), we initiated this administrative review of the antidumping duty order on passenger tires from China.¹ This review covers 33 exporters of the subject merchandise.

In April 2024, we extended the preliminary results of this review until August 29, 2024.² On July 22, 2024, Commerce tolled certain deadlines in this administrative proceeding by seven days.³ The deadline for these preliminary results is now September 5, 2024.

For a complete description of the events that followed the initiation of this administrative review, see the Preliminary Decision Memorandum.⁴ The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>. A list of topics discussed in the Preliminary Decision Memorandum is included in Appendix I.

Scope of the Order

The products covered by the *Order* are passenger tires from China. For a full description of the scope of the *Order*, see the Preliminary Decision Memorandum.

Partial Rescission of Administrative Review

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if a party who requested the review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review in the

Federal Register. Between October 2023 and January 2024, all parties withdrew their requests for review by the 90-day withdrawal deadline for the companies identified in Appendix III.⁵ Because all parties timely withdrew their requests for a review of these exporters, consistent with 19 CFR 351.213(d)(1), Commerce is rescinding this review, in part, with respect to these companies.

Furthermore, pursuant to 19 CFR 351.213(d)(3), Commerce will rescind an administrative review when there are no entries of subject merchandise during the POR for which liquidation is suspended.⁶ Normally, upon completion of an administrative review, the suspended entries are liquidated at the antidumping duty assessment rate calculated for the review period.⁷ Therefore, for an administrative review of a company to be conducted, there must be a suspended entry that Commerce can instruct U.S. Customs and Border Protection (CBP) to liquidate at the antidumping duty assessment rate calculated for the POR.⁸

In January and August 2024, we notified parties of our intent to rescind this administrative review, in part, with respect to the companies identified in Appendix III, with the exception of Shandong Linglong Tyre Co., Ltd. (Shandong Linglong), because there were no suspended entries of subject merchandise produced or exported by these companies during the POR, and we invited interested parties to comment.⁹ Therefore, we determine

that, in the absence of any suspended entries of subject merchandise from these five companies listed in Appendix III during the POR, we are rescinding the administrative review for these companies (excluding Shandong Linglong), in accordance with 19 CFR 351.213(d)(3).

With regard to Shandong Linglong, we received comments from this company, stating that it had reviewable entries during the POR.¹⁰ We intend to request further information regarding such entries, which we will consider for the final results.

Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.213. We calculated constructed export prices in accordance with section 772(b) of the Act. Because China is a non-market economy (NME) country, within the meaning of section 771(18) of the Act, we calculated NV in accordance with section 773(c) of the Act. For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum.

Separate Rates

As discussed in the Preliminary Decision Memorandum, Commerce preliminarily finds that Shandong Hongsheng Rubber Technology Co., Ltd. (Shandong Hongsheng) and Shandong Haohua Tire Co., Ltd. (Shandong Haohua) have not established their eligibility for a separate rate. Moreover, Commerce preliminarily finds that seven other companies under review did not establish their eligibility for separate rates because they failed to provide either a separate rate application, a separate rate certification, or a no-shipment certification (if they had previously received a separate rate). As such, we preliminarily determine that Shandong Hongsheng, Shandong Haohua, and these seven other companies are part of the China-wide entity. See Appendix II for a complete list of these companies.

Commerce preliminarily determines that the following companies have demonstrated their eligibility for a separate rate in this review:¹¹ (1) Zhaoqing Junhong Co., Ltd (Junhong); (2) Jiangsu General Science Technology Co., Ltd.; (3) Qingdao Transamerica Tire

¹⁰ See Shandong Linglong's Letter, "Shandong Linglong Comments on the Department's Notice of Intent to Rescind," dated February 5, 2024.

¹¹ See Preliminary Decision Memorandum at "Separate Rates."

Industrial Co., Ltd.; and (4) Winrun Tyre Co., Ltd.

The Act and Commerce's regulations do not address the establishment of a rate to apply to companies not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in an investigation, for guidance when determining the dumping margin for respondents that are not individually examined in an administrative review. Section 735(c)(5)(A) of the Act states that the all-others rate should be calculated by averaging the weighted-average dumping margins for individually-examined respondents, excluding dumping margins that are zero, *de minimis*, or based entirely on facts available. For these preliminary results, we preliminarily determined a dumping margin for the separate rate respondents using the calculated rate of the mandatory respondent, Junhong, which is not zero or *de minimis*, or determined entirely on the basis of facts available.

China-Wide Entity

Commerce's policy regarding conditional review of the China-wide entity applies to this administrative review.¹² Because no party requested a review of the China-wide entity, the China-wide entity is not under review. Therefore, the rate previously established for the China-wide entity (*i.e.*, 76.46 percent) remains the China-wide entity rate this review.¹³

Preliminary Results of Review

We preliminarily determine that the following estimated weighted-average dumping margins exist for the period August 1, 2022, through July 31, 2023:

Exporter	Weighted-average dumping margin (percent)
Jiangsu General Science Technology Co., Ltd	28.76
Qingdao Transamerica Tire Industrial Co., Ltd	28.76
Winrun Tyre Co., Ltd	28.76
Zhaoqing Junhong Co., Ltd ..	28.76

Disclosure and Public Comment

Commerce intends to disclose the calculations and analysis performed to interested parties for these preliminary results within five days of any public announcement or, if there is no public announcement, within five days after the date of publication of this notice in accordance with 19 CFR 351.224(b).

Pursuant to 19 CFR 351.309(c), interested parties may submit case briefs to Commerce no later than 30 days after the date of publication of this notice in the **Federal Register** regarding all issues, except those related to POR entries for Shandong Linglong.¹⁴ Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.¹⁵ Interested parties who submit case briefs or rebuttal briefs in this proceeding must submit: (1) a table of contents listing each issue; and (2) a table of authorities.¹⁶

As provided under 19 CFR 351.309(c)(2) and (d)(2), in prior proceedings we have encouraged interested parties to provide an executive summary of their brief that should be limited to five pages total, including footnotes. In this review, we instead request that interested parties provide at the beginning of their briefs a public, executive summary for each issue raised in their briefs.¹⁷ Further, we request that interested parties limit their executive summary of each issue to no more than 450 words, not including citations. We intend to use the executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final results in this administrative review. We request that interested parties include footnotes for relevant citations in the executive summary of each issue. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).¹⁸

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, filed electronically via

¹⁴ Because we are requesting additional information regarding Shandong Linglong, we intend to set a separate briefing schedule related to any issues specific to this company at a later date.

ACCESS. Requests should contain: (1) the party's name, address, and telephone number; (2) the number of participants; and (3) a list of issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case and rebuttal briefs. Oral presentations at the hearing will be limited to issues raised in the briefs. An electronically filed hearing request must be received successfully in its entirety by Commerce's electronic records system, ACCESS, by 5 p.m. Eastern Time within 30 days after the date of publication of this notice.

Assessment Rates

Upon completion of this administrative review, Commerce shall determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review.¹⁹ Pursuant to 19 CFR 351.212(b)(1), because Junhong reported the entered value for its U.S. sales, we calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for the importer's examined sales to the total entered value of those sales. Where either a respondent's weighted-average dumping margin is zero or *de minimis* within the meaning of 19 CFR 351.106(c)(1), or an importer-specific rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.²⁰

Pursuant to Commerce's assessment practice,²¹ for entries that were not reported in the U.S. data submitted by Junhong, we will instruct to CBP to liquidate such entries at the China-wide rate. Additionally, where Commerce determines that an exporter under review had no shipments of subject merchandise to the United States during the POR, any suspended entries of subject merchandise that entered under that exporter's CBP case number during the POR will be liquidated at the dumping margin assigned to the China-wide entity.

For respondents not individually examined in this administrative review that qualified for a separate rate, the assessment rate will be equal to the dumping margin assigned to Junhong in the final results of this review.²² Finally,

¹⁹ See 19 CFR 351.212(b)(1).

we intend to liquidate entries containing subject merchandise exported by the companies under review that we determine in the final results to be part of the China-wide entity at the China-wide rate of 76.46 percent.

In accordance with section 751(a)(2)(C) of the Act, the final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated antidumping duties, where applicable. Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Finally, for the companies for which we are rescinding this review, we intend to instruct CBP to assess antidumping duties on all appropriate entries at a rate equal to the cash deposit rate of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of this notice in the **Federal Register**.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) for the companies listed above that have a separate rate, the cash deposit rate will be that rate established in the final results of this review (except, if the rate is zero or *de minimis*, then a cash deposit rate of zero will be established for that company); (2) for previously investigated or reviewed exporters not listed in the final results of review that have separate rates, the cash deposit rate will continue to be the exporter's

weighted-average dumping margin published of the most recently-completed segment of this proceeding; (3) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for China-wide entity (*i.e.*, 76.46 percent);²³ and (4) for all exporters of subject merchandise which are not located in China and are not eligible for a separate rate, the cash deposit rate will be the rate applicable to Chinese exporter(s) that supplied that non-Chinese exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Final Results

Commerce intends to issue the final results of this administrative review, including the results of its analysis of all issues raised in any written briefs, not later than 120 days after the publication of these preliminary results in the **Federal Register**, unless otherwise extended.²⁴

Notification to Importers

This notice also serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties and/or an increase in the amount of antidumping duties by the amount of the countervailing duties.

Notification to Interested Parties

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213 and 19 CFR 351.221(b)(4).
