

25, 2024; ACCESS scope segment “PFT Hub and Cap.”

Notification to Interested Parties

This list of scope ruling applications is not an identification of scope inquiries that have been initiated. In accordance with 19 CFR 351.225(d)(1), if Commerce has not rejected a scope ruling application nor initiated the scope inquiry within 30 days after the filing of the application, the application will be deemed accepted and a scope inquiry will be deemed initiated the following day—day 31.⁷ Commerce’s practice generally dictates that where a deadline falls on a weekend, Federal holiday, or other non-business day, the appropriate deadline is the next business day.⁸ Accordingly, if the 30th day after the filing of the application falls on a non-business day, the next business day will be considered the “updated” 30th day, and if the application is not rejected or a scope inquiry initiated by or on that particular business day, the application will be deemed accepted and a scope inquiry will be deemed initiated on the next business day which follows the “updated” 30th day.⁹

In accordance with 19 CFR 351.225(m)(2), if there are companion AD and CVD orders covering the same merchandise from the same country of origin, the scope inquiry will be conducted on the record of the AD proceeding. Further, please note that pursuant to 19 CFR 351.225(m)(1), Commerce may either apply a scope ruling to all products from the same country with the same relevant physical characteristics, (including chemical, dimensional, and technical characteristics) as the product at issue, on a country-wide basis, regardless of the producer, exporter, or importer of those products, or on a company-specific basis.

For further information on procedures for filing information with Commerce through ACCESS and participating in

scope inquiries, please refer to the Filing Instructions section of the Scope Ruling Application Guide, at https://access.trade.gov/help/Scope_Ruling_Guidance.pdf. Interested parties, apart from the scope ruling applicant, who wish to participate in a scope inquiry and be added to the public service list for that segment of the proceeding must file an entry of appearance in accordance with 19 CFR 351.103(d)(1) and 19 CFR 351.225(n)(4). Interested parties are advised to refer to the case segment in ACCESS as well as 19 CFR 351.225(f) for further information on the scope inquiry procedures, including the timelines for the submission of comments.

Please note that this notice of scope ruling applications filed in AD and CVD proceedings may be published before any potential initiation, or after the initiation, of a given scope inquiry based on a scope ruling application identified in this notice. Therefore, please refer to the case segment on ACCESS to determine whether a scope ruling application has been accepted or rejected and whether a scope inquiry has been initiated.

Interested parties who wish to be served scope ruling applications for a particular AD or CVD order may file a request to be included on the annual inquiry service list during the anniversary month of the publication of the AD or CVD order in accordance with 19 CFR 351.225(n) and Commerce’s procedures.¹⁰

Interested parties are invited to comment on the completeness of this monthly list of scope ruling applications received by Commerce. Any comments should be submitted to James Maeder, Deputy Assistant Secretary for AD/CVD Operations, Enforcement and Trade Compliance, International Trade Administration, via email to CommerceCLU@trade.gov.

This notice of scope ruling applications filed in AD and CVD proceedings is published in accordance with 19 CFR 351.225(d)(3).

Dated: September 6, 2024.

Scot Fullerton,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

BILLING CODE 3510–DS–P

⁷ In accordance with 19 CFR 351.225(d)(2), within 30 days after the filing of a scope ruling application, if Commerce determines that it intends to address the scope issue raised in the application in another segment of the proceeding (such as a circumvention inquiry under 19 CFR 351.226 or a covered merchandise inquiry under 19 CFR 351.227), it will notify the applicant that it will not initiate a scope inquiry, but will instead determine if the product is covered by the scope at issue in that alternative segment.

⁸ See Notice of Clarification: Application of “Next Business Day” Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, As Amended, 70 FR 24533 (May 10, 2005).

⁹ This structure maintains the intent of the applicable regulation, 19 CFR 351.225(d)(1), to allow day 30 and day 31 to be separate business days.

¹⁰ See Scope Ruling Application; Annual Inquiry Service List; and Informational Sessions, 86 FR 53205 (September 27, 2021).

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Submission for Office of Management and Budget Review; The Understanding and Expanding the Reach of Home Visiting (HV–REACH) Project (New Collection)

AGENCY: Office of Planning, Research, and Evaluation, Administration for Children and Families, U.S. Department of Health and Human Services.

ACTION: Request for public comments.

SUMMARY: As part of the Understanding and Expanding the Reach of Home Visiting (HV–REACH) project, the Administration for Children and Families (ACF) within the U.S. Department of Health and Human Services is proposing to collect qualitative data to understand the features of centralized, coordinated, or collaborative intake systems used by seven purposively selected sites that refer families to early childhood home visiting (ECHV) programs.

DATES: Comments due October 15, 2024. The Office of Management and Budget (OMB) must make a decision about the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function. You can also obtain copies of the proposed collection of information by emailing OPREinfocollection@acf.hhs.gov. Identify all requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: The HV–REACH project is proposing to conduct seven qualitative case studies to provide an in-depth understanding of centralized intake systems, including how centralized intake systems reach potentially eligible families, and how staff and families think centralized intake systems support and expand the recruitment and enrollment of families in ECHV programs.

The goals of the study are to understand (1) the features, strengths,

and challenges of centralized intake systems that refer to ECHV programs; (2) how centralized intake systems support outreach to and enrollment of families in ECHV programs; (3) enrolled families' experiences with centralized intake systems.

We will conduct virtual or in person site visits in seven sites, where a site is defined as including a centralized intake organization(s) and one or two associated home visiting programs. We will collect documentation related to:

- outreach, enrollment, screening, and referrals processes and pathways, and data about the defining characteristics of centralized intake systems;

- local contexts and community needs;
- communication processes and feedback loops with families and programs;
- successes and challenges of the system and opportunities for improvement or technical assistance;
- home visiting program staff and family perceptions of centralized intake;
- implementation of centralized intake;
- staff and family experiences with outreach and enrollment processes using centralized intake; and
- staff and family background characteristics.

Findings will highlight opportunities for program improvement efforts, technical assistance, or changes to centralized intake system processes. We will disseminate findings in a report, research briefs, and presentations or briefings.

Respondents: Centralized intake administrators and other staff responsible for overseeing outreach and enrollment; home visiting program directors and other staff responsible for overseeing outreach and enrollment; home visitors and other staff responsible for conducting outreach and enrollment; and families enrolled in home-visiting programs.

ANNUAL BURDEN ESTIMATES

| Instrument | Number of respondents (total over request period) | Number of responses per respondent (total over request period) | Avg. burden per response (in hours) | Total/ annual burden (in hours) |
|---|---|--|-------------------------------------|---------------------------------|
| Centralized Intake Administrator Screening | 19 | 1 | 0.33 | 3 |
| On site coordination ¹ | 14 | 1 | 4.0 | 56 |
| Centralized Intake Administrator and Other Staff Interview Protocol | 42 | 1 | 1.5 | 63 |
| Document Review Request | 21 | 1 | 0.25 | 5 |
| Home visiting program director and Other Staff Interview Protocol | 28 | 1 | 1.0 | 28 |
| Home visitor and Other Staff Interview Protocol | 42 | 1 | 1.0 | 42 |
| Family interview protocol | 42 | 1 | 1.0 | 42 |
| Participant characteristics form | 154 | 1 | 0.08 | 12 |
| Total Annual Burden: | | | | 251 |

¹ There is no instrument associated with this activity, which refers to the time spent by the on-site coordinator (nominated by the home visiting program director) to help the research team coordinate data collection activities.

Authority: Social Security Act, title V, section 511 (42 U.S.C. 711), as extended by the Consolidated Appropriations Act of 2023 (Pub. L. 117–328) (fiscal years 2023–2027).

Mary C. Jones,
ACF/OPRE Certifying Officer.

BILLING CODE 4182–77–P

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Generic Clearance for Decision Science Data Collections

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of

1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on June 11, 2024, during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Institute of Standards and Technology (NIST), Commerce.

Title: Generic Clearance for Decision Science Data Collections.

OMB Control Number 0693–0089.

Form Number(s): None.

Type of Request: Regular submission, extension of a current information collection.

Number of Respondents: 30,000.

Average Hours per Response: Varied, dependent upon the data collection method used. The possible response time may be 15 minutes to complete a

questionnaire or 2 hours to participate in an interview.

Burden Hours: 15,000.

Needs and Uses: The core mission of the National Institute of Standards and Technology (NIST) is to promote U.S. innovation and industrial competitiveness by advancing measurement science, standards, and technology in ways that enhance economic security and improve our quality of life. NIST's operating units across the agency increasingly recognize that the built environment is meant to serve social and economic functions. With this in mind, NIST proposes to conduct a number of data collection efforts directly related to decision-making across individuals, institutions, and communities relevant to key research areas of the agency. The use of decision and information science is critical to further the mission of NIST to promote U.S. innovation and industrial competitiveness. NIST proposes to conduct a number of data collection efforts in decision and information science to include: decision analysis, risk analysis, cost-benefit and cost-
