

the following website: <https://www.usace.army.mil/Missions/Environmental-Justice>.

Persons or organizations wishing to provide verbal input during the meetings will be selected on a first-come, first-serve basis. Due to the expected number of participants, individuals will be asked to limit their spoken presentation to three minutes. Once the speaking slots are filled, participants may be placed on a standby list to speak or continue to register to listen to the input. Supporting materials and written feedback from those who do not have an opportunity to speak can be submitted to the docket as described above. The schedule for the 3 virtual meetings is as follows:

Public Virtual Meetings

Tribal Virtual Meeting

Wednesday, September 18, 2024—2:00–3:30 p.m. ET: <https://usace1.webex.com/weblink/register/r61e3be2c29453bf62518275359ee3dea>.

Michael L. Connor,

Assistant Secretary of the Army (Civil Works).

[FR Doc. 2024–20678 Filed 9–11–24; 8:45 am]

BILLING CODE 3720–58–P

DEPARTMENT OF DEFENSE

Department of the Army, Corps of Engineers

[Permit No. NAE–2021–01301]

Notice of Final Federal Agency Action on the Authorization for the New England Wind Farm and New England Wind Project

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DoD.

ACTION: Notice of limitation on claims for judicial review of actions by the U.S. Army Corps of Engineers (USACE).

SUMMARY: USACE announces final agency action on the USACE authorization for the proposed construction and maintenance of the New England Wind Farm and New England Wind Project Phase I (New England Wind Phase I Project) offshore Massachusetts. USACE has issued a permit authorizing the construction and maintenance of the New England Wind

Phase I Project under section 10 of the Rivers and Harbors Act of 1899 (RHA) and section 404 of the Clean Water Act (CWA). The New England Wind Phase I Project is a “covered project” under title 41 of the Fixing America’s Surface Transportation Act.

DATES: A claim seeking judicial review of the USACE authorization of construction and maintenance of the New England Wind Phase I Project will be barred unless the claim is filed not later than two years after this notice’s publication date. If the Federal law that allows for judicial review of the USACE authorization specifies a shorter time period for filing such a claim, then that shorter time period will apply.

FOR FURTHER INFORMATION CONTACT:

Christine Jacek, 696 Virginia Road, Concord, Massachusetts 01742, 978–318–8026, cenaer-offshorewind@usace.army.mil.

SUPPLEMENTARY INFORMATION: Notice is hereby given that USACE has taken final agency action on its authorization for the proposed New England Wind Phase I Project by issuing a permit authorizing construction and maintenance of the Project under section 10 of the RHA and section 404 of the CWA. A majority of the work will occur in the Atlantic Ocean within the Bureau of Ocean Energy Management (BOEM) Renewable Energy Lease Area OCS–A 0534, which is approximately eighteen (18) nautical miles (NM) south of Martha’s Vineyard, Massachusetts. Export cable work would occur within a forty two (42) NM long offshore export cable corridor extending from the lease area, through the Muskeget Channel and Nantucket Sound with cable landfall at Craigville Beach, Barnstable, Massachusetts. The export cables would also cross the Centerville River in Barnstable, Massachusetts.

The work authorized under the USACE permit includes the construction and maintenance of a commercial-scale offshore wind facility within a 63,012 acre BOEM Renewable Energy Lease Area OCS–A 0534. The work includes: (1) the installation of up to sixty two (62) wind turbine generators (WTGs) and up to two (2) electrical service platforms (ESPs) with up to seventy four (74) acres associated scour protection for the structures, (2) the installation of approximately 133 NM of inter-array cables connecting the WTGs and inter-link cable connecting the ESPs to the WTGs with eleven (11) acres of associated scour protection for the cables, (3) the installation up to two (2) export transmission cables within a single forty two (42) NM offshore export cable corridor (OECC) with

approximately 2.5 acres of cable scour protection on the outer continental shelf (OCS) and 21.5 acres of subtidal fills associated with cable scour protection and sand wave relocation activities. Each export transmission cable will have a 12 foot (ft.) wide disturbance zone associated with installation and an estimated disturbance area involving up to 75 acres of subtidal waters., (4) the refilling of two horizontal directional drilling (HDD) exit pits to be excavated for the HDD work associated with the shore to landfall work. Each HDD exit pit will be approximately 10,000 square feet (sq. ft.) in size with approximately 20,000 sq. ft. of total impacts associated with the discharge of excavated material back into the HDD pits, and (5) HDD installation of the transmission cables under the Centerville River.

The USACE’s decision to issue a permit, and the laws under which the action was taken, are described in the New England Wind Project Final Environmental Impact Statement (FEIS) published in March 2024, in the joint Record of Decision (ROD) issued on April 1, 2024, and in other project records. The FEIS, ROD, and other documents can be viewed and downloaded from the BOEM project website at <https://www.boem.gov/renewable-energy/state-activities/new-england-wind-1-and-2>. The USACE permit can be viewed and downloaded from the USACE website at <https://www.nae.usace.army.mil/Missions/Regulatory/permits-Issued/>. By this notice, USACE is advising the public of final agency action subject to 42 U.S.C. 4370m-6(a)(1)(A).

Authority: 42 U.S.C. 4370m–6(a)(1)(A).

John P. Lloyd,

Brigadier General, USA, Commanding.

BILLING CODE 3720–58–P

DEPARTMENT OF DEFENSE

Department of the Navy

Department of the Navy Science and Technology Board; Notice of Federal Advisory Committee Meeting

AGENCY: Department of the Navy (DoN), Department of Defense (DoD).

ACTION: Notice of Federal Advisory Committee meeting.

SUMMARY: The DoD is publishing this notice to announce that the following Federal Advisory Committee meeting of the Department of the Navy Science and Technology Board (DoN S&T Board) will take place.

DATES: A partially closed meeting will be held on Thursday September 12, 2024 from 8 a.m. to 4 p.m. and an open session to the public from 8:15 a.m. to 9:15 a.m. (Eastern Daylight Time (EDT)).

ADDRESSES: The Closed session will be held at Naval Surface Warfare Center Carderock, Bethesda, Maryland. The open session may be accessed by videoconference. Information for accessing the videoconference will be provided after registering. (Pre-meeting registration is required. See guidance in **SUPPLEMENTARY INFORMATION** “Meeting Accessibility.”)

FOR FURTHER INFORMATION CONTACT: Ms. Barbara Biehn, Alternate Designated Federal Officer (ADFO), Office of the Assistant Secretary of the Navy (Research, Development & Acquisition), Navy Pentagon, Washington, DC 20350-1000, 703-614-1635, don-stb@us.navy.mil.

SUPPLEMENTARY INFORMATION: This meeting is being held under the provisions of chapter 10 of title 5 U.S.C. (commonly known as the Federal Advisory Committee Act (FACA), the Government in the Sunshine Act of 1976 (5 U.S.C. 552b, as amended), title 41 of the Code of Federal Regulations (CFR), §§ 102-3.140 and 102-3.150, and covered by 5 U.S.C. 552b(c)(1). Due to circumstances beyond the control of the Designated Federal Officer, the Department of the Navy Science and Technology Board was unable to provide public notification required by 41 CFR 102-3.150(a) concerning its September 12, 2024, meeting. Accordingly, the Advisory Committee Management Officer for the Department of Defense, pursuant to 41 CFR 102-3.150(b), waives the 15-calendar day notification requirement.

Purpose of the Meeting: The purpose of the meeting will be to review recommendations for the topics of Innovation, Ship Maintenance, Additive Manufacturing, and Electronic Warfare.

Agenda: On September 12, 2024, the chair of the board will open the Open public session of the meeting, where an Executive Summary will be discussed, and then the Chair will proceed to open the Closed session to proceed with classified discussions.

Availability of Materials for the Meeting: A copy of the agenda or any updates to the agenda for the meeting on September 12, 2024, as well as supporting documents, can be found on the website: <https://www.secnav.navy.mil/donsandtboard/default.aspx>.

Meeting Accessibility: Pursuant to section 552b(c)(1) of 5 U.S.C., this meeting will be partially closed to the

public. The public open session will be held by videoconference. All members of the public who wish to attend must register by contacting the DoN S&T Board at don-stb@us.navy.mil. Once registered, the web address and/or audio number will be provided. For any questions or concerns, please contact don-stb@us.navy.mil no later than September 5, 2024.

Written Statements: Pursuant to 41 CFR 102-3.105 and 102-3.140, and section 1009(a)(3) of title 5 U.S.C., written statements to the committee may be submitted at any time or in response to a stated planned meeting agenda by email to don-stb@us.navy.mil with the subject line, “Comments for DON STB Meeting.”

Dated: September 9, 2024.

A.J. Gioiello,

Lieutenant Commander, Judge Advocate General's Corps, U.S. Navy, Federal Register Liaison Officer.

BILLING CODE 3810-FF-P

DEPARTMENT OF EDUCATION

[Docket No.: ED-2024-SCC-0063]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Early Childhood Longitudinal Study, Kindergarten Class of 2023-24 (ECLS-K:2024) August 2024 Materials Revision Request

AGENCY: Institute of Education Sciences (IES), Department of Education (ED).

ACTION: Notice

SUMMARY: In accordance with the Paperwork Reduction Act (PRA) of 1995, the Department is proposing a revision of a currently approved information collection request (ICR).

DATES: Interested persons are invited to submit comments on or before October 15, 2024.

ADDRESSES: Written comments and recommendations for proposed information collection requests should be submitted within 30 days of publication of this notice. Click on this link www.reginfo.gov/public/do/PRAMain to access the site. Find this information collection request (ICR) by selecting “Department of Education” under “Currently Under Review,” then check the “Only Show ICR for Public Comment” checkbox. *Reginfo.gov* provides two links to view documents related to this information collection request. Information collection forms and instructions may be found by

clicking on the “View Information Collection (IC) List” link. Supporting statements and other supporting documentation may be found by clicking on the “View Supporting Statement and Other Documents” link.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Carrie Clarady, (202) 245-6347.

SUPPLEMENTARY INFORMATION: The Department is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Early Childhood Longitudinal Study, Kindergarten Class of 2023-24 (ECLS-K:2024) August 2024 Materials Revision Request.

OMB Control Number: 1850-0750.

Type of Review: Revision of a currently approved ICR.

Respondents/Affected Public: Individuals or Households.

Total Estimated Number of Annual Responses: 157,586.

Total Estimated Number of Annual Burden Hours: 84,093.

Abstract: The Early Childhood Longitudinal Study (ECLS) program, conducted by the National Center for Education Statistics (NCES) within the Institute of Education Sciences (IES) of the U.S. Department of Education (ED), draws together information from multiple sources to provide rich, descriptive data on child development, early learning, and school progress. The ECLS program studies deliver national data on children’s status at birth and at various points thereafter; children’s transitions to nonparental care, early care and education programs, and school; and children’s experiences and growth through the elementary grades. The Early Childhood Longitudinal Study, Kindergarten Class of 2023-24 (ECLS-K:2024) is the fourth cohort in the series of early childhood longitudinal studies. The study will advance research in child development and early learning by providing a detailed and comprehensive source of current information on children’s early learning and development, transitions
