

PART 501—REPORTING, PROCEDURES AND PENALTIES REGULATIONS

■ 1. The authority citation for part 501 continues to read as follows:

Authority: 8 U.S.C. 1189; 18 U.S.C. 2332d, 2339B; 19 U.S.C. 3901–3913; 21 U.S.C. 1901–1908; 22 U.S.C. 287c, 2370(a), 6009, 6032, 7205, 8501–8551; 31 U.S.C. 321(b); 50 U.S.C. 1701 *et seq.*, 4301–4341; Pub. L. 101–410, 104 Stat. 890, as amended (28 U.S.C. 2461 note).

Subpart C—Reports

■ 2. Revise and republish § 501.601 to read as follows:

§ 501.601 Records and recordkeeping requirements.

Except as otherwise provided, every person engaging in any transaction subject to the provisions of this chapter shall keep a full and accurate record of each such transaction engaged in, regardless of whether such transaction is effected pursuant to license or otherwise, and such record shall be available for examination for at least 10 years after the date of such transaction. Except as otherwise provided, every person holding property blocked pursuant to the provisions of this chapter or funds transfers retained pursuant to § 596.504(b) of this chapter shall keep a full and accurate record of such property, and such record shall be available for examination for the period of time that such property is blocked and for at least 10 years after the date such property is unblocked.

■ 3. Revise paragraph IV.B of appendix A to part 501 to read as follows:

Appendix A to Part 501—Economic Sanctions Enforcement Guidelines

* * * * *

IV. * * *

B. The late filing of a required report, whether set forth in regulations or in a specific license, may result in a civil monetary penalty in an amount up to \$3,550, if filed within the first 30 days after the report is due, and a penalty in an amount up to \$7,104 if filed more than 30 days after the report is due. If the report relates to blocked assets, the penalty may include an additional \$1,422 for every 30 days that the report is overdue, up to 10 years.

* * * * *

PART 515—CUBAN ASSETS CONTROL REGULATIONS

■ 4. The authority citation for part 515 continues to read as follows:

Authority: 22 U.S.C. 2370(a), 6001–6010, 7201–7211; 31 U.S.C. 321(b); 50 U.S.C. 4301 *et seq.*; Pub. L. 101–410, 104 Stat. 890 (28

U.S.C. 2461 note); 22 U.S.C. 6021–6091; Pub. L. 105–277, 112 Stat. 2681; Pub. L. 111–8, 123 Stat. 524; Pub. L. 111–117, 123 Stat. 3034; E.O. 9989, 13 FR 4891, 3 CFR, 1943–1948 Comp., p. 748; Proc. 3447, 27 FR 1085, 3 CFR, 1959–1963 Comp., p. 157; E.O. 12854, 58 FR 36587, 3 CFR, 1993 Comp., p. 614.

■ 5. Revise and republish paragraph (b)(1) of § 515.572 as follows:

§ 515.572 Provision of travel, carrier, other transportation-related, and remittance forwarding services.

* * * * *

(b) * * *

(1) Persons subject to U.S. jurisdiction providing services authorized pursuant to paragraphs (a)(1) through (4) of this section must retain for at least 10 years from the date of the transaction a certification from each customer indicating the section of this part that authorizes the person to travel or send remittances to Cuba. In the case of a customer traveling under a specific license, the specific license number or a copy of the license must be maintained on file with the person subject to U.S. jurisdiction providing services authorized pursuant to this section.

BILLING CODE 4810–AL–P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA–R01–OAR–2024–0255; FRL–12071–02–R1]

Air Plan Approval; New Hampshire; Ambient Air Quality Standards

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is approving most of a State Implementation Plan (SIP) revision submitted by the State of New Hampshire. This revision updates the State regulation containing ambient air quality standards. EPA is approving all the State’s updated standards, except the primary annual fine particle (PM_{2.5}) standard, which we are conditionally approving because it does not match EPA’s current National Ambient Air Quality Standard for PM_{2.5}. This action is being taken in accordance with the Clean Air Act.

DATES: This rule is effective on October 15, 2024.

ADDRESSES: EPA has established a docket for this action under Docket Identification No. EPA–R01–OAR–2024–0255. All documents in the docket are listed on the <https://www.regulations.gov> website. Although listed in the index, some information is not publicly available, *i.e.*, CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available at <https://www.regulations.gov> or at the U.S. Environmental Protection Agency, EPA Region 1 Regional Office, Air and Radiation Division, 5 Post Office Square—Suite 100, Boston, MA. EPA requests that if at all possible, you contact the contact listed in the **FOR FURTHER INFORMATION CONTACT** section to schedule your inspection. The Regional Office’s official hours of business are Monday through Friday, 8:30 a.m. to 4:30 p.m., excluding legal holidays and facility closures due to COVID–19.

FOR FURTHER INFORMATION CONTACT: Alison C. Simcox, Air Quality Branch, Air and Radiation Division (Mail Code 5–MD), U.S. Environmental Protection Agency, Region 1, 5 Post Office Square, Suite 100, Boston, Massachusetts, 02109–3912, (617) 918–1684; simcox.alison@epa.gov.

SUPPLEMENTARY INFORMATION: Throughout this document whenever “we,” “us,” or “our” is used, we mean EPA.

Table of Contents

- I. Background and Purpose
- II. Final Action
- III. Incorporation by Reference
- IV. Statutory and Executive Order Reviews

I. Background and Purpose

On July 11, 2024 (89 FR 56825), EPA published a Notice of Proposed Rulemaking (NPRM) for the State of New Hampshire.

The NPRM proposed approval of New Hampshire’s update to its Env-A 300, “Ambient Air Quality Standards” (AAQS). The formal SIP revision was submitted by the state on December 22, 2022.

EPA determined that the state’s updated AAQS are consistent with the National Ambient Air Quality Standards (NAAQS) in 40 CFR part 50 for all standards except the PM_{2.5} primary annual standard, which EPA strengthened subsequent to New Hampshire’s SIP submittal (89 FR 16202).

Additional background and rationale for EPA's proposed action are explained in the NPRM and will not be restated here. No public comments were received on the NPRM.

II. Final Action

EPA is approving most of New Hampshire's revised Env-A 300, "Ambient Air Quality Standards" as a revision to the New Hampshire SIP. We are conditionally approving the primary annual PM_{2.5} standard, provided that the State submits in a timely manner the portion of Env-A 300 that includes the current EPA PM_{2.5} primary annual NAAQS of 9.0 µg/m³.

The State must submit to EPA by a date not later than 1 year from final approval a revision to Env-A 300 that includes the current PM_{2.5} primary annual NAAQS. If the State fails to do so, this approval will become a disapproval on that date. EPA will notify the State by letter that this action has occurred. At that time, this commitment will no longer be a part of the approved New Hampshire SIP. EPA subsequently will publish a notice in the notice section of the **Federal Register** notifying the public that the conditional approval automatically converted to a disapproval.

If the State meets its commitment, within the applicable time frame, the conditionally approved submission will remain a part of the SIP until EPA takes final action approving or disapproving the new legislative authority. If EPA disapproves the new submittal, the conditionally approved regulation will also be disapproved at that time. If EPA approves the submittal, the regulation will be fully approved in its entirety and replace the conditionally approved regulation in the SIP.

III. Incorporation by Reference

In this rule, the EPA is finalizing regulatory text that includes incorporation by reference. In accordance with requirements of 1 CFR 51.5, the EPA is finalizing the incorporation by reference of New Hampshire's regulation Env-A 300 "Ambient Air Quality Standards" as discussed in sections I and II of this preamble and described in the amendments to 40 CFR part 52 set forth below. The EPA has made, and will continue to make, these documents generally available through <https://www.regulations.gov> and at the EPA Region 1 Office (please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section of this preamble for more information). Therefore, these materials have been approved by EPA for inclusion in the

State implementation plan, have been incorporated by reference by EPA into that plan, are fully federally enforceable under sections 110 and 113 of the CAA as of the effective date of the final rulemaking of EPA's approval, and will be incorporated by reference in the next update to the SIP compilation.¹

IV. Statutory and Executive Order Reviews

Under the Clean Air Act, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA's role is to approve state choices, provided that they meet the criteria of the Clean Air Act. Accordingly, this action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
 - Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
 - Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
 - Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);
 - Does not have federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
 - Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
 - Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001); and
 - Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the Clean Air Act.
- In addition, the SIP is not approved to apply on any Indian reservation land or in any other area where EPA or an Indian Tribe has demonstrated that a

Tribe has jurisdiction. In those areas of Indian country, the rule does not have Tribal implications and will not impose substantial direct costs on Tribal governments or preempt Tribal law as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

Executive Order 12898 (Federal Actions To Address Environmental Justice in Minority Populations and Low-Income Populations, 59 FR 7629, Feb. 16, 1994) directs Federal agencies to identify and address "disproportionately high and adverse human health or environmental effects" of their actions on communities with environmental justice (EJ) concerns to the greatest extent practicable and permitted by law. EPA defines EJ as "the fair treatment and meaningful involvement of all people regardless of race, color, national origin, or income with respect to the development, implementation, and enforcement of environmental laws, regulations, and policies." EPA further defines the term fair treatment to mean that "no group of people should bear a disproportionate burden of environmental harms and risks, including those resulting from the negative environmental consequences of industrial, governmental, and commercial operations or programs and policies."

NH DES did not consider EJ; EPA did not perform an EJ analysis or consider EJ as part of its decision. NH DES did not evaluate environmental justice considerations as part of its SIP submittal; the CAA and applicable implementing regulations neither prohibit nor require such an evaluation. EPA did not perform an EJ analysis and did not consider EJ in this action. Due to the nature of the action being taken here, this action is expected to have a neutral to positive impact on the air quality of the affected area. Consideration of EJ is not required as part of this action, and there is no information in the record inconsistent with the stated goal of E.O. 12898 of achieving environmental justice for communities with EJ concerns.

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in

¹ 62 FR 27968 (May 22, 1997).

the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by November 12, 2024. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Carbon monoxide, Incorporation by reference, Intergovernmental relations, Lead,

Nitrogen dioxide, Ozone, Particulate matter, Reporting and recordkeeping requirements, Sulfur oxides, Volatile organic compounds.

Dated: September 9, 2024.

David Cash,
Regional Administrator, EPA Region 1.

Part 52 of chapter I, title 40 of the Code of Federal Regulations is amended as follows:

PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

■ 1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

Subpart EE—New Hampshire

■ 2. Section 52.1519 is amended by adding paragraph (a)(12) to read as follows:

§ 52.1519 Identification of plan-conditional approval.

(a) * * *

(12) On December 22, 2022, the New Hampshire Department of Environmental Services (NHDES) submitted a request to amend New Hampshire’s Env-A 300, “Ambient Air Quality Standards” regulation, as a revision to New Hampshire’s State Implementation Plan (SIP). NHDES revised this regulation to incorporate into its SIP revised National Ambient Air Quality Standards (NAAQS). On March 6, 2024, EPA strengthened the fine particulate matter (PM_{2.5}) primary annual NAAQS. On May 16, 2024, New Hampshire submitted a letter to EPA committing to adopt a revised version of Env-A 300 which includes the current EPA PM_{2.5} primary annual NAAQS.

* * * * *

■ 3. In § 52.1520(c) the table “EPA-Approved New Hampshire Regulations” is amended by revising the existing entry for “Env-A 300” to read as follows:

§ 52.1520 Identification of plan.

* * * * *

(c) *EPA approved regulations.*

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA–R03–OAR–2024–0024; FRL–11529–02–R3]

Air Plan Approval; Pennsylvania; Attainment Plan for the Indiana Nonattainment Area for the 2010 1-Hour Sulfur Dioxide National Ambient Air Quality Standard

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is approving a state implementation plan (SIP) revision

submitted by the Commonwealth of Pennsylvania (Pennsylvania or PA). The revision pertains to the attainment plan for the Indiana, PA nonattainment area for the 2010 1-hour sulfur dioxide (SO₂) national ambient air quality standard (NAAQS). The EPA is approving these revisions to the Pennsylvania SIP in accordance with the requirements of the Clean Air Act (CAA).

DATES: This final rule is effective on October 15, 2024.

ADDRESSES: EPA has established a docket for this action under Docket ID Number EPA–R03–OAR–2024–0024. All documents in the docket are listed on the www.regulations.gov website. Although listed in the index, some information is not publicly available, *e.g.*, confidential business information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on

the internet and will be publicly available only in hard copy form. Publicly available docket materials are available through www.regulations.gov, or please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section for additional availability information.

FOR FURTHER INFORMATION CONTACT: Megan Goold, Planning & Implementation Branch (3AD30), Air & Radiation Division, U.S. Environmental Protection Agency, Region III, 1600 John F Kennedy Boulevard, Philadelphia, Pennsylvania 19103. The telephone number is (215) 814–2027. Ms. Goold can also be reached via electronic mail at goold.megan@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Background

On June 22, 2010, the EPA published a new 1-hour primary SO₂ NAAQS of 75 parts per billion (ppb) at 40 CFR
