

Committee was established by the Secretary of Homeland Security under 6 U.S.C. 451.

Agenda

The Acting Chief Privacy Officer will make an introduction and provide the Committee with an update on DHS Privacy Office activities and discuss priorities. The Chairs of the Policy and Technology subcommittees will provide a progress update. In addition, the Committee will hold an open listening session for members of the public to provide insight and feedback on the office's authorities, resources, efficacy, and mission to meet the department's missions over the next twenty years. This listening session is in response to the November 7, 2023, tasking issued by former Chief Privacy Officer Mason Clutter and can be found here:

www.dhs.gov/dhs-data-privacy-and-integrity-advisory-committee-meeting-information. Specifically, we would like members of the public to consider:

- (1) How important is it for government agencies to have a dedicated office for privacy concerns?
- (2) What privacy issues do you think will be most important for the government to address over the next twenty years?
- (3) How do you believe the role of the Privacy Office should evolve as technology continue to advance?
- (4) What emerging technologies do you think the Privacy Office should focus on regulating or monitoring?
- (5) What actions could the Privacy Office take to increase your confidence in their ability to safeguard your privacy?
- (6) In what ways could the Privacy Office better engage with the public to understand their privacy concerns?
- (7) Any specific actions or policies issued by the Privacy Office that have impacted your community?
- (8) What steps should the Privacy Office take to ensure that privacy protections keep pace with future developments?
- (9) What specific privacy concerns would you like to see addressed by the Privacy Office over the next two decades?
- (10) How important is public input in shaping the policies and activities of the DHS Privacy Office?

If you wish to submit written comments, you may do so in advance or post-meeting by submitting them to Docket Number (DHS-2024-0032) at www.regulations.gov or by forwarding them to the Committee at the locations listed under the **ADDRESSES** section. The final agenda and a copy of the tasking will be posted on or before September

30, 2024, on the Committee's website at www.dhs.gov/dhs-data-privacy-and-integrity-advisory-committee-meeting-information.

Privacy Act Statement: DHS's Use of Your Information

Authority: DHS requests that you voluntarily submit information under the following authorities: The Federal Records Act, 44 U.S.C. 3101; the FACA, 5 U.S.C. chapter 10; and the Privacy Act of 1974, 5 U.S.C. 552a.

Principal Purposes: When you register to attend a DHS Data Privacy and Integrity Advisory Committee meeting, DHS collects your name, contact information, and the organization you represent, if any. DHS uses this information to contact you for purposes related to the meeting, such as to confirm your registration, to advise you of any changes to the meeting, or to assure that DHS has sufficient materials to distribute to all attendees. DHS may also use the information you provide for public record purposes such as posting publicly available transcripts and meeting minutes.

Routine Uses and Sharing: In general, DHS will not use the information you provide for any purpose other than the Principal Purposes above and will not share this information within or outside the agency. In certain circumstances, DHS may share this information on a case-by-case basis as required by law or as necessary for a specific purpose, as described in the DHS/ALL-002 Mailing and Other Lists System of Records Notice (November 25, 2008, 73 FR 71659).

Effects of Not Providing Information: You may choose not to provide the requested information or to provide only some of the information DHS requests. If you choose not to provide some or all of the requested information, DHS may not be able to contact you for purposes related to the meeting.

Accessing and Correcting Information: If you are unable to access or correct the information provided by using the method that you originally used to submit it, you may direct your request in writing to the DHS Deputy Chief FOIA Officer at foia@hq.dhs.gov. Additional instructions are available at <http://www.dhs.gov/foia> and in the DHS/ALL-002 Mailing and Other Lists System of Records referenced above.

Deborah Fleischaker,

Chief Privacy Officer (A), Department of Homeland Security.

BILLING CODE 4410-10-P

DEPARTMENT OF HOMELAND SECURITY

[DOCKET NUMBER DHS 2024-0019]

Agency Information Collection Activities: Various Homeland Security Acquisitions Regulations Forms OMB Control No. 1600-0002

AGENCY: Department of Homeland Security (DHS).

ACTION: 30-Day notice and request for comments.

SUMMARY: The Department of Homeland Security, DHS will submit the following information collection request (ICR) to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995. DHS previously published this information collection request (ICR) in the **Federal Register** on June 13, 2024, for a 60-day public comment period. One comment was received by DHS. The purpose of this notice is to allow additional 30-days for public comments.

DATES: Comments are encouraged and will be accepted until October 15, 2024. This process is conducted in accordance with 5 CFR 1320.10.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

The Office of Management and Budget is particularly interested in comments which:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

SUPPLEMENTARY INFORMATION: In accordance with Federal regulations and statutes, when protests are filed, the contracting officer will require information/documentation such as detailed statements of legal and factual grounds for the protests, copies of relevant documents, solicitation or contract number, and requests for a ruling by the agency. The Federal Acquisition Regulation (FAR) and 48 CFR chapter 1 provide general procedures on handling protests submitted by contractors to Federal agencies. FAR part 33, Protests, Disputes and Appeals, prescribes policies and procedures for filing protests and for processing contract disputes and appeals. While the FAR prescribes the procedures to be followed for protests to the agency, it allows agencies to determine the method of receipt. DHS will utilize electronic mediums (email or facsimile) for collection of information and will not prescribe a format or require more information than what is already required in the FAR. If DHS determines there is a need to collect additional information outside of what is required in the FAR, DHS will submit a request to the Office of Management and Budget (OMB) for approval. The prior information collection request for OMB No. 1600-0004 was approved through November 30, 2024, by OMB in a Notice of OMB Action. This justification supports a request for an extension of the approval.

The information being collected will be obtained from contractors as part of their submissions whenever they file a bid protest with DHS. The information will be used by DHS officials in deciding how the protest should be resolved. Failure to collect this information would result in delayed resolution of protests. Agency protest information is contained in each individual solicitation document, and provides the specified contracting officer's name, email, and mailing address that the contractors would use to submit its response. The FAR does not specify the format in which the contractor should submit protest information. However, most contractors use computers to prepare protest materials and submit time sensitive responses electronically (email or facsimile) to the specified Government point of contact. Since the responses must meet specific timeframes, a centralized mailbox or website would not be a practical method of submission. Submission of protest information through contracting officers' email or through facsimile are the best methods

to use to document receipt of protest information, and are the methods most commonly used in the Government protest process. This information collection may involve small business contractors, depending on the particular transaction. The burden applied to small businesses is minimal and consistent with the goals of achieving timely resolution of agency protests. This information is collected only when contractors choose to file a protest to the agency. The information is requested from contractors so that the Government will be able to evaluate protests effectively and provide prompt resolution of issues in dispute when contractors file such claims.

DHS/ALL/PIA-006 General Contact Lists covers the basic contact information that must be collected for DHS to address these protests. The other information collected will typically pertain to the contract itself, and not individuals. However, all information for this information collection is submitted voluntarily. Technically, because this information is not retrieved by personal identifier, no SORN is required. However, DHS/ALL-021 DHS Contractors and Consultants provides coverage for the collection of records on DHS contractors and consultants, to include resume and qualifying employment information. There is no assurance of confidentiality provided to the respondents.

The burden estimates provided in response to Item 12 above are based upon the Department's findings in its FY 2022 Procurement Line of Business, Operational Status Report. No program changes have occurred or changes to the information being collected, however, the burden was adjusted to reflect an agency adjustment increase of 33 respondents within DHS for fiscal year 2022, as well as an increase in the average hourly wage rate.
