Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. 251 of the Communications Act of 1934, as amended.

Total Annual Burden: 1,288 hours.

Total Annual Cost: No cost.

Needs and Uses: In the Order on Remand, the Commission imposed unbundling obligations in a more targeted manner where requesting carriers have undertaken their own facilities-based investments and will be using UNEs (unbundled network elements) in conjunction with self-provisioned facilities. The Commission also eliminated the subdelegation of authority to state commissions adopted in the previous order. Prior to the issuance of the Order, the Commission sought comment on issues relating to combinations of UNEs, called "enhanced extended links" (EELs), in order to effectively tailor access to EELs to those carriers seeking to provide significant local usage to end users. In the Order, the Commission adopted three specific service eligibility criteria for access to EELs in accordance with Commission rules. Subsequently, in 2019 and 2020, the Commission granted forbearance from the majority of the then-existing UNE loop and transport requirements, significantly reducing the availability of EELs, though not completely eliminating them.
