Certain Frozen Fish Fillets From the Socialist Republic of Vietnam: Preliminary Results of Antidumping Duty Administrative Review and Rescission of Administrative Review, in Part; 2022-2023

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) is conducting an administrative review of the antidumping duty order on certain frozen fish fillets (fish fillets) from the Socialist Republic of Vietnam (Vietnam). The period of review (POR) is August 1, 2022, through July 31, 2023. Commerce preliminarily determines that the exporters under review did not sell subject merchandise at prices below normal value (NV) during the POR, and that eight exporters are eligible for separate rates. We invite interested parties to comment on these preliminary results.

DATES: Applicable September 17, 2024.

FOR FURTHER INFORMATION CONTACT:

Javier Barrientos or Christopher Maciuba, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-2243 or (202) 482-0413, respectively.

SUPPLEMENTARY INFORMATION:

Background

On October 18, 2023, Commerce initiated an administrative review of the antidumping duty order on fish fillets

from Vietnam in accordance with 19 CFR 351.221(c)(1)(i) and section 751(a) of the Tariff Act of 1930, as amended (the Act).¹ This review covers eight exporters of the subject merchandise.² We selected two exporters, Bien Dong³ and Vinh Hoan,⁴ for individual examination as mandatory respondents.⁵ On April 29, 2024, Commerce extended the deadline for these preliminary results to August 30, 2024.⁶ On July 22, 2024, Commerce tolled certain deadlines in this administrative proceeding by seven days.⁷ The deadline for the preliminary results is now September 6, 2024.

For a complete description of the events that followed the initiation of this review, see the Preliminary Decision Memorandum.⁸ A list of the topics discussed in the Preliminary Decision Memorandum is included in Appendix I to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized

¹ See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 88 FR 71829 (October 18, 2023) (*Initiation Notice*).

Although the *Initiation Notice* listed 151 company/entity names, we are treating the majority of these companies as part of the Vietnam-wide entity, and we are preliminarily considering several other companies to be part of the same entity. Further, we are rescinding the review with respect to numerous companies.

² See Memorandum, "Respondent Selection," dated January 8, 2021 (Respondent Selection Memorandum).

³ We are preliminarily considering Bien Dong Seafood Joint Stock Company and two affiliated companies, Bien Dong Hau Giang Seafood Joint Stock Company and Seavina Joint Stock Company, to be a single entity. See Memorandum, "Single-Entity Analysis for Bien Dong Seafood Company, Ltd. and Affiliated Companies," dated September 6, 2024. Hereinafter, we collectively refer to these companies as Bien Dong.

⁴ As noted in the *Initiation Notice*, Vinh Hoan is a single entity comprised of: (1) Vinh Hoan Corporation; (2) Van Duc Food Export Joint Stock Company (also known as Van Duc); (3) Van Duc Tien Giang Food Export Company (also known as VDTG or Van Duc Tien Giang Food Exp. Co.); (4) Thanh Binh Dong Thap One Member Company Limited (also known as Thanh Binh Dong Thap or Thanh Binh Dong Thap Ltd.); and (5) Vinh Phuoc Food Company Limited (also known as Vinh Phuoc or VP Food).

Scope of the Order

The products covered by this order are fish fillets from Vietnam. For a full description of the scope of the order, see the Preliminary Decision Memorandum.

Standing

Based on an analysis of information gathered from initial and supplemental questionnaires, we find that the evidence supports a determination that Maritime Products International and QMC Foods Inc. have standing in this segment of the proceeding to request administrative review as wholesalers of domestic like product pursuant to section 771(9)(C) of the Act. We find that the evidence on record does not support Luscious Seafood LLC's claim to be a wholesaler of domestic like product pursuant to section 771(9)(C) of the Act during the POR. For additional information regarding these findings, see the Preliminary Decision Memorandum and standing memoranda.⁹

Separate Rates

Commerce preliminarily determines that information placed on the record by mandatory respondents Bien Dong and Vinh Hoan, and six additional companies seeking a separate rate (*i.e.*, Can Tho Import Export Seafood Joint Stock Company, Dai Thanh Seafoods Company Limited, Dong A Seafood One Member Company Limited, HungCa 6 Corporation, Nam Viet Corporation, and NTSF Seafoods Joint Stock Company) demonstrates that these companies are preliminarily entitled to separate rate status. For additional information, see the Preliminary Decision Memorandum.

Vietnam-Wide Entity

The Vietnam-wide entity will not be under review unless a party specifically requests, or Commerce self-initiates, a review of the entity. Because the only valid request for review of the Vietnam-wide entity was withdrawn, we are preliminarily rescinding our review of the entity; if this decision becomes final, the entity's rate (*i.e.*, \$2.39 per kilogram (kg)) will not be subject to change. With the exception of the eight companies

⁹ See Memoranda, "Maritime Products International Standing to Request Review," dated concurrently with this notice; and "Luscious Seafood LLC's Standing to Request Review," dated concurrently with this notice.

which established their eligibility for a separate rate, Commerce considers all companies currently under review to be part of the Vietnam-wide entity.¹⁰ For additional information, see the Preliminary Decision Memorandum and the "Dumping Margin for Exporters Not Selected for Individual Review" section below.

Rescission of Administrative Review, in Part

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if the party that requested a review withdraws the request within 90 days of the date of the publication of the notice of initiation. In January 2024, the petitioners¹¹ timely withdrew their review request for the Vietnam-wide entity.¹² The only remaining review request for the Vietnam-wide entity is from Luscious Seafood. As noted above, we have preliminarily determined that Luscious Seafood was not a U.S. wholesaler of domestic like product during the POR, and, thus, it does not have standing to request an administrative review in this segment of the proceeding; accordingly, we are preliminarily rescinding our review of the Vietnam-wide entity because all other requests for review from interested parties have been withdrawn.

Further, pursuant to 19 CFR 351.213(d)(3), when there are no reviewable entries of subject merchandise during the POR subject to the antidumping duty order for which liquidation is suspended, Commerce may rescind an administrative review, in whole or only with respect to a particular exporter or producer.¹³ At the end of the administrative review, any suspended entries are liquidated at the assessment rate computed for the review period.¹⁴ Therefore, for an administrative review to be conducted, there must be a reviewable, suspended

entry to be liquidated at the newly calculated assessment rate.

On December 29, 2023, Commerce placed information from U.S. Customs and Border Protection (CBP) on the record, and notified all interested parties of its intent to rescind this review with respect to numerous companies because those companies had no reviewable, suspended entries of subject merchandise, and we invited parties to comment.¹⁵ As discussed in the Preliminary Decision Memorandum, we do not find that the comments/information submitted to the record undermines the validity of the CBP data. Accordingly, in the absence of suspended entries of subject merchandise during the POR for 12 companies/entities that currently have a separate rate for which this review was initiated, we are hereby rescinding this administrative review, in part, with respect to these companies, in accordance with 19 CFR 351.213(d)(3). See Appendix II.A for a list of the applicable companies.

Finally, we are rescinding this review with respect to one company whose only POR entry has already been individually examined in a recently-completed new shipper review¹⁶ in this proceeding. See Appendix II.B.

Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(B) of the Act. We have calculated constructed export price in accordance with section 772 of the Act. Because Vietnam is a non-market economy country within the meaning of section 771(18) of the Act, we have calculated NV in accordance with section 773(c) of the Act. For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum.

Dumping Margin for Exporters Not Selected for Individual Review

The Act and Commerce's regulations do not address the establishment of a rate to apply to exporters not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in an investigation, for guidance when calculating the rate for respondents that

¹¹ The petitioners are the Catfish Farmers of America and individual U.S. catfish processors America's Catch, Inc., Alabama Catfish, LLC d/b/a Harvest Select Catfish, Inc., Consolidated Catfish Companies, LLC d/b/a Country Select Catfish, Delta Pride Catfish, Inc., Guidry's Catfish, Inc., Heartland Catfish Company, Magnolia Processing, Inc. d/b/a Pride of the Pond, and Simmons Farm Raised Catfish, Inc.

¹⁴ See 19 CFR 351.212(b)(1).

are not individually examined in an administrative review. Section 735(c)(5)(A) of the Act provides that the all-others rate should be calculated by averaging the weighted-average dumping margins calculated for individually-examined respondents, excluding dumping margins that are zero, *de minimis*, or based entirely on facts available.¹⁷ However, if this method is not feasible, Commerce may use another reasonable method to

calculate the non-individually examined exporters' or producers' rates.¹⁸

Consistent with the Act and the SAA, we have preliminarily determined that a reasonable method for assigning a dumping margin to the non-individually examined separate-rate companies, under section 735(c)(5)(B) of the Act, is to assign the zero percent dumping margin calculated for the mandatory respondents. Accordingly, we assigned exporters that we did not individually

examine a dumping margin equal to Bien Dong and Vinh Hoan's dumping margin,¹⁹ consistent with Commerce's practice and section 735(c)(5)(A) of the Act.

Preliminary Results of Review

Commerce preliminarily determines that the following estimated weighted-average dumping margins exist for the period August 1, 2022, through July 31, 2023:

Exporter	Weighted-average dumping margin (dollars per kilogram)
Bien Dong Seafood Co., Ltd./Bien Dong Hau Giang Seafood Joint Stock Company/Seavina Joint Stock Company	\$0.00
Vinh Hoan Corporation/Van Duc Food Export Joint Stock Company/Van Duc Tien Giang Food Export Company/Thanh Binh Dong Thap One Member Company Limited/Vinh Phuoc Food Company Limited	0.00
Can Tho Import-Export Seafood Joint Stock Company	* 0.00
Dai Thanh Seafoods Company Limited	* 0.00
Dong A Seafood One Member Co., Ltd	* 0.00
HungCa 6 Corporation	* 0.00
Nam Viet Corporation	* 0.00
NTSF Seafoods Joint Stock Company	* 0.00

* This rate is based on the rates calculated for the mandatory respondents in this review.

Disclosure and Public Comment

We intend to disclose the calculations performed to parties within five days of the date of publication of this notice.²⁰

In accordance with 19 CFR 351.309(c), case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance no later than 30 days after the date of publication of this notice. Rebuttal briefs, limited to issues raised in case briefs, may be submitted no later than five days after the deadline for case briefs.²¹ Pursuant to 19 CFR

351.309(c)(2) and (d)(2), parties who submit case briefs or rebuttal briefs in this review are encouraged to submit with each argument: (1) a statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.

As provided under 19 CFR 351.309(c)(2) and (d)(2), in prior proceedings we have encouraged interested parties to provide an executive summary of their briefs that should be limited to five pages total, including footnotes. In this review, we instead request that interested parties provide at the beginning of their briefs

a public, executive summary for each issue raised in their briefs.²² Further, we request that interested parties limit their public executive summary of each issue to no more than 450 words, not including citations. We intend to use the public executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final results in this administrative review. We request that interested parties include footnotes for relevant citations in the public executive summary of each issue. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).²³

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, within 30 days after the date of publication of this notice. Requests should contain the party's name, address, and telephone number, the number of participants, whether any

participant is a foreign national, and a list of the issues to be discussed. If a request for a hearing is made, Commerce intends to hold the hearing at a time and date to be determined. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

Assessment Rates

Upon completion of the final results of this administrative review, Commerce shall determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review. Pursuant to 19 CFR 351.212(b)(1), if the weighted-average dumping margin for each individually examined respondent is not zero or *de minimis* (*i.e.*, less than 0.50 percent) in the final results of this review, Commerce intends to calculate importer-specific (or customer-specific) per-unit assessment rates by dividing the amount of dumping for reviewed sales to the importer or customer by the total sales quantity associated with those transactions. If either respondent's weighted-average dumping margin is zero or *de minimis* in the final results of review, or if an importer-specific or

customer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate appropriate entries without regard to antidumping duties. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by this review, and for future deposits of estimated duties, where applicable.²⁴

For any exporter that was not selected for individual examination in this administrative review, but which qualified for a separate rate, Commerce will instruct, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise at the cash deposit rate determined for these companies in the final results of review. For any companies/entities for which we rescind this administrative review in the final results, Commerce will instruct CBP to assess antidumping duties on all appropriate entries at a rate equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade (CIT), the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

For the companies for which Commerce is rescinding this review at this time (*see* Appendix II.A), we will instruct CBP to assess antidumping duties at rate equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption in the United States, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of this rescission notice in the **Federal Register**. As noted above, if a timely summons is filed at the CIT, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse,

for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) for the exporters listed above, the cash deposit rate will be equal to the weighted-average dumping margins established in the final results of this review, except if the rate is *de minimis*, in which case the cash deposit rate will be zero; (2) for previously-examined Vietnamese and non-Vietnamese exporters not listed above that at the time of entry are eligible for a separate rate based on a prior completed segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific cash deposit rate; (3) for all non-Vietnamese exporters of subject merchandise which at the time of entry do not have a separate rate, the cash deposit rate will be the rate applicable to the Vietnamese exporter that supplied the non-Vietnamese exporter; and (4) for all Vietnamese exporters of subject merchandise that have not been found to be entitled to a separate rate at the time of entry, the cash deposit rate will be that for the Vietnam-wide entity (*i.e.*, \$2.39 per kilogram). These cash deposit requirements, when imposed, shall remain in effect until further notice.

Final Results of Review

Unless otherwise extended, Commerce intends to issue the final results of this administrative review, including the results of its analysis of the issues raised in any written briefs, no later than 120 days after the date of publication of this notice, pursuant to section 751(a)(3)(A) of the Act.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing the preliminary results of this review in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.221(b)(4).

Dated: September 6, 2024.

State University of New York at Stony Brook University, et al.; Notice of Decision on Application for Duty-Free Entry of Scientific Instruments

This is a decision pursuant to section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, as amended by Pub. L. 106-36; 80 Stat. 897; 15 CFR part 301). On August 9, 2024, the Department of Commerce published a notice in the **Federal Register** requesting public comment on whether instruments of equivalent scientific

value, for the purposes for which the instruments identified in the docket(s) below are intended to be used, are being manufactured in the United States. See Application(s) for Duty-Free Entry of Scientific Instruments, 89 FR 65323-24, August 9, 2024 (Notice). We received no public comments.

Comments: None received. Decision: Approved. We know of no instruments of equivalent scientific value to the foreign instruments described below, for such purposes as these are intended to be used, that were being manufactured in the United States at the time of order.

Docket Number: 24-020. Applicant: State University of New York at Stony Brook University, 100 Nicolls Road, Stony Brook, NY 11794-5230. Instrument: Miniature 2-Photon Microscope System. Manufacturer: Nanjing Transcend Vivoscope Bio-Technology Co., Ltd., China. Intended Use: The instrument is intended to be used for neuroscientists to enable them to study brain activity with unprecedented detail and flexibility. Acquiring a miniature two-photon scope for campus use would significantly advance neuroscience research at Stony Brook.

Docket Number: 24-021. Applicant: Washington State University, Procurement and Contract Services, French Administration Building 240, P.O. Box 64120, Pullman, WA 99164-1020. Instrument: Optical Lens, Polarized Beamsplitter, Broadband Dielectric Mirror, Non-polarizing Beamsplitter, Zero-order half and quarter. Manufacturer: Fuzhou Sunlight Technology, Co., Ltd., People's Republic of China. Intended Use: The instrument is intended to be used to study quantum phenomena, such as: Quantum memory, quantum computing, and quantum networking, and to investigate the quantum properties of such neutral atom array. This device could also be used for educational purposes. For graduate students' education (Physics 800 Doctoral Research) and undergraduate students' educations (Physics 499 Special Projects), students can learn how to operate lasers and MOT system to trap neutral atoms and form atom arrays and design optical layout. These tools will be commonly used in most quantum optics labs.

Docket Number: 24-022. Applicant: Columbia University, Department of Physics, Pupin Hall, 538 W 120 Street, New York, NY 10027. Instrument: Fiber Laser. Manufacturer: PreciLasers, China. Intended Use: The instrument is intended to be used for the production of an ultracold and trapped gas of Strontium-88 atoms for a Sr₂ molecular clock experiment. This molecular clock

will be used to perform precise measurements of molecular vibrational energies, enabling the study of physics beyond the standard model. Learning to use lasers is an important part of the training of graduate students pursuing Ph.D.s—through using the lasers; they learn laser physics and practical aspects of operating and maintaining lasers.

Docket Number: 24-023. Applicant: Instrument: University of Colorado JILA Department, 3300 Walnut Street, Unit B, JILA Building, Room S/175, Boulder, CO 80301. Instrument: Fiber Laser. Manufacturer: Shanghai Precilasers Technology Co., Ltd., China. Intended Use: The instrument is intended to be used for the JILA eEDM Generation III experiment designed to explore physics beyond the Standard Model by precisely measuring the electron electric dipole moment (eEDM) using a tabletop setup. The approach involves measuring the eEDM within a molecular ion, which enhances the eEDM effect for better accuracy. The fiber laser we intend to acquire will provide the necessary 300 mW power output for both transitions.

Docket Number: 24-024. Applicant: Columbia University, Department of Physics, Pupin Hall, 538 W 120th Street, New York, NY 10027. Instrument: Fiber Laser. Manufacturer: PreciLasers, China. Intended Use: The instrument is intended to be used for the production of an ultracold and trapped gas of Strontium-88 atoms for a Sr₂ molecular clock experiment. This molecular clock will be used to perform precise measurements of molecular vibrational energies, enabling the study of physics beyond the Standard Model. Also, the instrument will be used to make sensitive measurements of the properties of the SR₂ molecule in an optical lattice. In particular, looking for evidence of non-Newtonian gravity at Angstrom range, a possible indication of new physics required to explain the nature of dark matter in the universe.

Docket Number: 24-025. Applicant: Trustees of Boston College, 140 Commonwealth Avenue, Higgins Hall 335, Chestnut Hill, MA 02467. Instrument: Atomic Force Microscope Tip Containing Single Nitrogen Vacancy Centers. Manufacturer: QZabre Limited, Switzerland. Intended Use: The instrument is intended to be used in research projects in quantum information science and quantum materials. The diamond atomic force microscope tip (AFM) tip with single nitrogen vacancy (NV) centers will allow us to obtain the highest spatial resolution imaging of magnetic stray fields and current distributions. The instruments will be conducted by graduate students enrolled in doctoral
