

certified MEs, if the TCs choose to do so, using electronic communication such as fax or email. Consistent with OMB's commitment to minimizing respondents' recordkeeping and paperwork burdens, and the increased use of secure electronic modes of communication, the Agency anticipates that approximately 25 percent of the forms will be transmitted electronically.

#### *Qualifications of Drivers; Vision Standard*

Under 49 CFR 391.41(b), drivers who do not satisfy, with the worse eye, either FMCSA's existing distant visual acuity standard with corrective lenses or the field of vision standard, or both, in § 391.41(b)(10) are permitted to be physically qualified to operate a CMV in interstate commerce under specified conditions. The alternative vision standard adopted in the final rule uses a collaborative process for physical qualification. Before an individual may be medically certified under the alternative vision standard, the individual must have a vision evaluation conducted by an ophthalmologist or optometrist. The ophthalmologist or optometrist records the findings and provides specific medical opinions on the Vision Evaluation Report, Form MCSA-5871. Then, an ME performs an examination, considers the information provided on the Vision Evaluation Report, Form MCSA-5871, and determines whether the individual meets the alternative vision standard, as well as FMCSA's other physical qualification standards. If the ME determines the individual meets the physical qualification standards, the ME may issue an MEC for up to 12 months.

FMCSA allows ophthalmologists and optometrists to provide the Vision Evaluation Report, Form MCSA-5871, to the certified MEs, if they choose to do so, using electronic communication such as fax or email. Consistent with OMB's commitment to minimizing respondents' recordkeeping and paperwork burdens, and the increased use of secure electronic modes of communication, the Agency anticipates that approximately 25 percent of the forms will be transmitted electronically.

[Docket No. FRA–2024–0012]

#### Proposed Agency Information Collection Activities; Comment Request

**AGENCY:** Federal Railroad Administration (FRA), Department of Transportation (DOT).

**ACTION:** Notice of information collection; request for comment.

**SUMMARY:** Under the Paperwork Reduction Act of 1995 (PRA) and its implementing regulations, this notice announces that FRA is forwarding the Information Collection Request (ICR) summarized below to the Office of Management and Budget (OMB) for review and comment. The ICR describes the information collection and its expected burden. On July 9, 2024, FRA published a notice providing a 60-day period for public comment on the ICR. FRA received no comments in response to the notice.

**DATES:** Interested persons are invited to submit comments on or before October 17, 2024.

**ADDRESSES:** Written comments and recommendations for the proposed ICR should be sent within 30 days of publication of this notice through [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find the particular ICR by selecting “Currently under Review—Open for Public Comments” or by using the search function.

**SUPPLEMENTARY INFORMATION:** The PRA, 44 U.S.C. 3501–3520, and its implementing regulations, 5 CFR part 1320, require Federal agencies to issue two notices seeking public comment on information collection activities before OMB may approve paperwork packages. See 44 U.S.C. 3506, 3507; 5 CFR 1320.8 through 1320.12. On July 9, 2024, FRA published a 60-day notice in the **Federal Register** soliciting public comment on the ICR for which it is now seeking OMB approval. See 89 FR 56474. FRA has received no comments related to the proposed collection of information.

Before OMB decides whether to approve this proposed collection of information, it must provide 30 days’ notice for public comment. Federal law requires OMB to approve or disapprove paperwork packages between 30 and 60 days after the 30-day notice is published. 44 U.S.C. 3507(b)–(c); 5 CFR 1320.12(d); see also 60 FR 44978, 44983, Aug. 29, 1995. Therefore, each respondent should submit their comment to OMB within 30 days of publication to best ensure having their full effect.
