**SUPPLEMENTARY INFORMATION:** In accordance with the Privacy Act of 1974, 5 U.S.C. 552a, as amended (the Privacy Act), the Department of the Treasury (Treasury), Departmental Offices proposes to establish a new system of records entitled "Department of the Treasury, Departmental Offices .413—Outbound Investment Security Program Notification System" for information collected in connection with the implementation of Executive Order 14105 of August 9, 2023, 88 FR 54867 (the Outbound Order).

As background, on August 9, 2023, the President issued the Outbound Order, which declares a national emergency to address the threat to the United States posed by countries of concern, which seek to develop and exploit sensitive technologies or products critical for military, intelligence, surveillance, or cyber-enabled capabilities. Among other things, the Outbound Order directs the Secretary of the Treasury to issue regulations that require U.S. persons to

provide notification of information to Treasury regarding certain transactions involving a person of a country of concern that is engaged in certain activities involving covered national security technologies and products that may contribute to the threat to the national security of the United States as identified under the Outbound Order. The Outbound Order also directs the Secretary of the Treasury to issue regulations that prohibit certain transactions by a U.S. person involving a person of a country of concern that is engaged in certain activities involving covered national security technologies and products that pose a particularly acute national security threat to the United States. The Outbound Order authorizes the Secretary of the Treasury to exempt from applicable notification or prohibition requirements any transaction or transactions determined to be in the national interest of the United States. On August 9, 2023, Treasury issued an Advance Notice of Proposed Rulemaking, 88 FR 54961 (published August 14, 2023), to explain initial considerations and seek public comment on implementation of the Outbound Order.

On June 21, 2024, Treasury issued a Notice of Proposed Rulemaking (NPRM) to seek public comment on the proposed rule, 89 FR 55846 (published July 5, 2024). As described in the NPRM, Treasury intends to require U.S. persons to provide notification of certain transactions under its implementing regulations. This information would include relevant details on the U.S. person(s) involved in the transaction as well as information on the transaction and the foreign person(s) involved. These notifications would increase the U.S. Government's visibility into transactions by U.S. persons or their controlled foreign entities and involving technologies and products relevant to the threat to the national security of the United States due to the policies and actions of countries of concern. These notifications would also be helpful in highlighting aggregate sector trends and related capital flows as well as informing future policy development. Treasury also intends to require any U.S. person seeking a national interest exemption for a particular transaction to submit information to Treasury regarding the scope of that transaction including, as applicable, the information that would be required for a notification under the implementing regulations (such transactions, together with transactions that would be required to be notified to Treasury, are
