

and has added the service to the Procurement List as a mandatory purchase for the contracting activity listed. In accordance with 41 CFR 51–5.3(b), the mandatory purchase requirement is limited to the contracting activity listed the listed location, and in accordance with 41 CFR 51–5.2, the Committee has authorized the nonprofit agency listed as the authorized source of supply.

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the product(s) and service(s) and impact of the additions on the current or most recent contractors, the Committee has determined that the product(s) and service(s) listed below are suitable for procurement by the Federal Government under 41 U.S.C. 8501–8506 and 41 CFR 51–2.4.

Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the service(s) to the Government.
2. The action will result in authorizing small entities to furnish the service(s) to the Government.
3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 8501–8506) in connection with the service(s) proposed for addition to the Procurement List.

End of Certification

Accordingly, the following service(s) are added to the Procurement List:

Service(s)

Service Type: Base Operation Support, SRM (Barracks only)

Mandatory for: US Army, Dept of Public Works (DPW), Fort Liberty, Fort Liberty, NC

Authorized Source of Supply: Skookum Educational Programs, Bremerton, WA
Contracting Activity: DEPT OF THE ARMY, W2V6 USA ENG SPT CTR HUNTSVIL

The Committee finds good cause to dispense with the 30-day delay in the effective date normally required by the Administrative Procedure Act. See 5 U.S.C. 553(d). This addition to the Committee's Procurement List is effectuated because of the expiration of the Department of the Army, Base Operation Support, Sustainment, Restoration, and Maintenance (SRM), Barracks Only, US Army, DPW Fort

Liberty, Fort Liberty, NC contract. The Federal customer contacted and has worked diligently with the AbilityOne Program to fulfill this service need under the AbilityOne Program. To avoid performance disruption, and the possibility that the Department of the Army will refer its business elsewhere, this addition must be effective on 9/29/2024, ensuring timely execution for a 10/1/2024 start date. The Committee published an initial notice of proposed Procurement List addition in the **Federal Register** on 5/31/2024 (89 FR 47135) but did not receive any comments. This addition will not create a public hardship and has limited effect on the public at large. Rather, this addition will create new jobs for other affected parties—people with significant disabilities in the AbilityOne program who otherwise face challenges locating employment. Moreover, this addition enables the Federal customer to continue operations without interruption.

Deletions

On 8/16/2024 (89 FR 66697), the Committee for Purchase From People Who Are Blind or Severely Disabled published notice of proposed deletions from the Procurement List. This notice is published pursuant to 41 U.S.C. 8503 (a)(2) and 41 CFR 51–2.3. No comments were received.

After consideration of the relevant matter presented, the Committee has determined that the product(s) listed below are no longer suitable for procurement by the Federal Government under 41 U.S.C. 8501–8506 and 41 CFR 51–2.4.

Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in additional reporting, recordkeeping or other compliance requirements for small entities.
2. The action may result in authorizing small entities to furnish the product(s) to the Government.
3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 8501–8506) in connection with the product(s) deleted from the Procurement List.

End of Certification
