Title of Collection: Indian Education Professional Development Grants Program: GPRA and Service Payback Data Collection

OMB Control Number: 1810–0698

Type of Review: An extension without change of a currently approved ICR.

Respondents/Affected Public: Individuals and Households; State, Local, and Tribal Governments *Total Estimated Number of Annual Responses:* 2,634

Total Estimated Number of Annual Burden Hours: 3,630

Abstract: The Indian Education Professional Development program, authorized under title VI, part A of the Elementary and Secondary Education Act of 1965, as amended (ESEA), is designed to increase the number of, provide training to, and improve the skills of American Indian or Alaska Natives serving as teachers and school administrators in local educational agencies that serve a high proportion of American Indian or Alaska Native

students. This is a request for renewal of a currently approved collection.

Section 7122(h) of the ESEA (20 U.S.C. 7442(h)) requires that individuals who receive financial assistance through the Indian Education Professional Development program subsequently complete a service obligation equivalent to the amount of time for which the participant received financial assistance. Participants who do not satisfy the requirements of the regulations must repay all or a pro-rated part of the cost of assistance, in accordance with 20 U.S.C. 7442(h) and 34 CFR 263.9(a)(3). The regulations in part 263 implement requirements governing, among other things, the service obligation and reporting requirements of the participants in the Indian Education Professional Development program, and repayment of financial assistance by these participants. In order for the Federal Government to ensure that the goals of the program are achieved, certain data collection, recordkeeping, and documentation are necessary.

In addition, GPRA requires Federal agencies to establish performance measures for all programs, and the Department has established performance measures for the Indian Education Professional Development program. Data collection from participants who have received financial assistance under the Indian Education Professional Development program is a necessary element of the Department’s effort to evaluate progress on these measures.

The Department tracks participants who are receiving or have previously received support through the Indian Education Professional Development program. Participants must sign a payback agreement that includes contact information. Additionally, the Department receives information about participants from institutions of higher education (IHEs) and other eligible grantees when participants are no longer receiving assistance through the Indian Education Professional Development program. When the performance period is complete, the participant data are collected from the grantee and from the participants.
