

Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review. Pursuant to 19 CFR 351.212(b)(1), because Al Jazeera Steel Products Co. SAOG (Al Jazeera) reported the entered value for all of its U.S. sales, we calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for the examined sales to the total entered value of those same sales.

Commerce's "automatic assessment" will apply to entries of subject merchandise during the POR produced by Al Jazeera for which the company did not know that the merchandise it sold to an intermediary (e.g., a reseller, trading company, or exporter) was destined for the United States. In such instances, we will instruct CBP to liquidate such entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.⁴

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (i.e., within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication in the **Federal Register** of these final results of administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for Al Jazeera will be equal to the weighted-average dumping margin established in these final results of this administrative review; (2) for merchandise exported by companies not covered in this review but covered in a prior completed segment of this proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, or the less-than-fair-value (LFTV) investigation, but the producer is, then the cash deposit rate will be the cash deposit rate established for the

most recently completed segment for the producer of the subject merchandise; and (4) the cash deposit rate for all other producers and exporters will continue to be the all-others rate (i.e., 7.36 percent).⁵ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order (APO)

This notice serves as the only reminder to parties subject to an APO of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

This notice is being issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

Dated: September 19, 2024.

Melamine From Japan: Preliminary Affirmative Determination of Sales at Less Than Fair Value and Affirmative Determination of Critical Circumstances, In Part

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that melamine from Japan is being, or is likely to be, sold in the United States at less than fair value (LTFV). The period of investigation (POI) is January 1, 2023, through December 31, 2023. Interested parties are invited to comment on this preliminary determination.

DATES: Applicable September 24, 2024.

SUPPLEMENTARY INFORMATION:

Background

This preliminary determination is made in accordance with section 733(b) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this investigation on March 11, 2024.¹ On June 18, 2024, Commerce postponed the preliminary determination of this investigation.² On July 22, 2024, Commerce tolled certain deadlines in this administrative proceeding by seven days.³ The deadline for the preliminary determination is now September 18, 2024.

Scope of the Investigation

The product covered by this investigation is melamine from Japan. For a full description of the scope of this investigation, see Appendix I.

Scope Comments

In accordance with the *Preamble* to Commerce's regulations,⁵ we set aside a period of time, as stated in the *Initiation Notice*, for parties to raise issues regarding product coverage (*i.e.*, scope).⁶ No interested party commented on the scope of the investigation as it appeared in the *Initiation Notice*. Commerce is not modifying the scope language as it appeared in the *Initiation Notice*. See the complete description of the scope in Appendix I to this notice.

Methodology

Commerce is conducting this investigation in accordance with section 731 of the Act. Pursuant to section 776(a) of the Act, Commerce preliminarily relied upon facts otherwise available to assign an estimated weighted-average dumping margin to Mitsui Chemicals, the sole mandatory respondent in this investigation because Mitsui Chemicals did not submit a response to Commerce's antidumping duty questionnaire. Further, Commerce preliminarily determines that Mitsui Chemicals failed to cooperate by not acting to the best of its ability to comply with a request for information and Commerce is using an adverse inference in selecting from among the facts otherwise available (*i.e.*, applying adverse facts available (AFA) to this respondent, in accordance with section 776(b) of the Act). For a full description of the methodology underlying our preliminary determination, see the Preliminary Decision Memorandum.

⁵ See *Antidumping Duties; Countervailing Duties*, 62 FR 27296, 27323 (May 19, 1997) (*Preamble*).

Preliminary Affirmative Determination of Critical Circumstances, in Part

On June 17, 2024, the petitioner⁷ timely filed a critical circumstances allegation, pursuant to section 733(e)(1) of the Act and 19 CFR 351.206(c)(1), alleging that critical circumstances exist with respect to imports of the subject merchandise from Japan.⁸ Section 733(e)(1) of the Act provides that Commerce will preliminarily determine that critical circumstances exist in an LTFV investigation if there is a reasonable basis to believe or suspect that: (A) there is a history of dumping and material injury by reason of dumped imports in the United States or elsewhere of the subject merchandise, or the person by whom, or for whose account, the merchandise was imported knew or should have known that the exporter was selling the subject merchandise at less than its fair value and that there was likely to be material injury by reason of such sales; and (B) there have been massive imports of the subject merchandise over a relatively short period.

In accordance with section 733(e) of the Act and 19 CFR 351.206, we preliminarily determine that critical circumstances exist with respect to imports of melamine produced and exported by Mitsui Chemicals. Furthermore, we preliminarily determine that critical circumstances do not exist with respect to imports of melamine produced and exported by all other producers and exporters from Japan. For a full description of Commerce's preliminary critical circumstances determination, see the Preliminary Decision Memorandum.

All-Others Rate

Section 733(d)(1)(ii) of the Act provides that, in a preliminary determination, Commerce shall determine an estimated all-others rate for all exporters and producers not individually investigated in accordance with section 735(c)(5) of the Act. Section 735(c)(5)(A) of the Act states that generally the estimated rate for all others shall be an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero and *de minimis* margins, and any margins determined entirely under section 776 of the Act. The estimated weighted-average dumping margin in

⁷ The petitioner is Cornerstone Chemical Company.

⁸ See Petitioner's Letter, "Allegation of Critical Circumstances," dated June 17, 2024 (Critical Circumstances Allegation).

this preliminary determination was determined entirely under section 776 of the Act. In cases where no weighted-average dumping margins other than zero, *de minimis*, or those determined entirely under section 776 of the Act have been established for individually examined entities, in accordance with section 735(c)(5)(B) of the Act, Commerce typically calculates a simple average of the margins alleged in the petition and applies the results to all other entities not individually examined.⁹

In the Petition,¹⁰ the petitioner alleged two estimated dumping margins for Japan, 102.53 and 127.69 percent.¹¹ Therefore, consistent with our practice, for the all-others rate in this investigation, we preliminarily assign a simple average of the dumping margins alleged in the Petition, which is 115.11 percent.

Preliminary Determination

Commerce preliminarily determines that the following estimated weighted-average dumping margins exist during the period January 1, 2023, through December 31, 2023:

Exporter/producer	Weighted-average dumping margin (percent)
Mitsui Chemicals, Inc.	*127.69
All Others	115.11

* Rate is based on AFA.

Suspension of Liquidation

In accordance with section 733(e)(2) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to suspend liquidation of all entries of melamine, as described in the "Scope of the Investigation" in Appendix I, from Mitsui Chemicals that are entered, or withdrawn from warehouse, for consumption on or after 90 days prior to the date of publication of this notice in the **Federal Register**. In accordance with section 733(d)(2) of the Act, Commerce will direct CBP to suspend liquidation of all other entries of melamine from Japan, as described in the "Scope of the Investigation" in Appendix I, entered, or withdrawn from warehouse, for consumption on or after

the date of publication of this notice in the **Federal Register**. We will also instruct CBP, pursuant to section 733(d)(1)(B) of the Act and 19 CFR 351.205(d), to require a cash deposit equal to the estimated weighted-average dumping margin or the estimated all-others rate, as follows: (1) the cash deposit rate for the respondents listed above will be equal to the company-specific estimated weighted-average dumping margins determined in this preliminary determination; (2) if the exporter is not a respondent identified above, but the producer is, then the cash deposit rate will be equal to the company-specific estimated weighted-average dumping margin established for that producer of the subject merchandise; and (3) the cash deposit rate for all other producers and exporters will be equal to the all-others estimated weighted-average dumping margin.

Disclosure

Normally, Commerce discloses to interested parties the calculations performed in connection with a preliminary determination within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of the notice of preliminary determination in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, because Commerce preliminarily applied AFA to the mandatory respondent in this investigation and applied an AFA rate based on the Petition, there are no calculations to disclose.

Consistent with 19 CFR 351.224(e), Commerce will analyze and, if appropriate, correct any timely allegations of significant ministerial errors by amending the preliminary determination. However, consistent with 19 CFR 351.224(d), Commerce will not consider incomplete allegations that do not address the significance standard under 19 CFR 351.224(g) following the preliminary determination. Instead, Commerce will address such allegations in the final determination together with issues raised in the case briefs or other written comments.

Verification

Because the mandatory respondent in this investigation did not act to the best of its ability to provide information requested by Commerce, and Commerce preliminarily determines the mandatory respondent has been uncooperative, we will not conduct verification.

Public Comment

Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance no later than 14 days after the date of publication of the preliminary determination. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.¹² Interested parties who submit case briefs or rebuttal briefs in this proceeding must submit: (1) a table of contents listing each issue; and (2) a table of authorities.¹³

As provided under 19 CFR 351.309(c)(2) and (d)(2), in prior proceedings we have encouraged interested parties to provide an executive summary of their brief that should be limited to five pages total, including footnotes. In this investigation, we instead request that interested parties provide at the beginning of their briefs a public, executive summary for each issue raised in their briefs.¹⁴ Further, we request that interested parties limit their public executive summary of each issue to no more than 450 words, not including citations. We intend to use the public executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final determination. We request that interested parties include footnotes for relevant citations in the public executive summary of each issue. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).¹⁵

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, filed electronically via ACCESS. Requests should contain: (1) the party's name, address, and telephone number; (2) the number of participants and whether any participant is a foreign national; and (3) a list of the issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case briefs. An electronically filed hearing request must be received

Final Determination

Section 735(a)(1) of the Act and 19 CFR 351.210(b)(1) provide that Commerce will issue the final determination within 75 days after the date of its preliminary determination. Accordingly, Commerce will make its final determination no later than 75 days after the signature date of this preliminary determination.

U.S. International Trade Commission Notification

In accordance with section 733(f) of the Act, Commerce will notify the U.S. International Trade Commission (ITC) of our affirmative preliminary determination. If our final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after our final determination whether these imports are materially injuring, or threaten material injury to, the U.S. industry.

Notification to Interested Parties

This determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act, and 19 CFR 351.205(c).

Dated: September 18, 2024.

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Appendix I

Scope of the Investigation

The merchandise subject to this investigation is melamine (Chemical Abstracts Service (CAS) registry number 108-78-01, molecular formula C₃H₆N₆). Melamine is also known as 2,4,6-triaminostriazine; 1,3,5-Triazine-2,4,6-triamine; Cyanurotriamide; Cyanurotriamine; Cyanuramide; and by various brand names. Melamine is a crystalline powder or granule. All melamine is covered by the scope of this investigation irrespective of purity, particle size, or physical form. Melamine that has been blended with other products is included within this scope when such blends include constituent parts that have been intermingled, but that have not been chemically reacted with each other to produce a different product. For such blends, only the melamine component of the mixture is covered by the scope of this investigation. Melamine that is otherwise subject to this investigation is not excluded when commingled with melamine from sources not subject to this investigation. Only the subject component of such commingled products is covered by the scope of this investigation.

The subject merchandise is provided for in subheading 2933.61.0000 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheading and CAS registry number are provided for convenience and customs purposes, the written description of the scope is dispositive.

All-Others Rate

Section 733(d)(1)(ii) of the Act provides that, in the preliminary determination, Commerce shall determine an estimated all-others rate for all exporters and producers not individually investigated in accordance with section 735(c)(5) of the Act. Section 735(c)(5)(A) of the Act states that generally the estimated rate for all others shall be an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero and *de minimis* margins, and any margins determined entirely under section 776 of the Act. The estimated weighted-average dumping margins in this preliminary determination were calculated entirely under section 776 of the Act. In cases where no weighted-average dumping margins other than zero, *de minimis*, or those determined entirely under section 776 of the Act have been established for individually examined entities, in accordance with section 735(c)(5)(B) of the Act, Commerce typically calculates a simple average of the margins alleged in the petition and applies the results to all other entities not individually examined.⁷
