Ltd. a/k/a KSC Auto, Future Trucks a/k/a Future Trading Co., LLC, Ultimate Motor Parts Limited, and Hong Kong Yintatech Network Co., Ltd. based on settlement and entry of a consent order).

On August 22, 2023, the Commission found RDJ and Trek in default. Order No. 19 (Jul. 21, 2023), *unreviewed by* Notice (Aug. 22, 2023). On October 6, 2023, Extang and BAK (“Movants”) filed a motion for a summary determination of violation with respect to claims 2–4 of the ’758 patent and claims 1–3 of the ’788 patent, and requested the entry of a GEO, the entry of CDOs against RDJ and Trek, and the imposition of a bond rate of 100 percent of the entered value of infringing articles imported during the period of Presidential review. On October 27, 2023, OUII filed a response in support of the motion and the requested remedial relief.

On April 23, 2024, the ALJ issued an initial determination (Order No. 33) (“ID”) granting the Movants’ motion for summary determination of violation and included a recommended determination on remedy and bond (“RD”) recommending issuance of a GEO, the issuance of CDOs against RDJ and Trek, and the imposition of a bond in the amount of 100 percent of the entered value of infringing products during the period of Presidential review. Specifically, the ID finds that: (1) the importation requirement is satisfied; (2) all of the remaining asserted claims are infringed by RDJ’s and Trek’s products; and (3) Movants have satisfied the domestic industry requirement with respect to the ’758 and ’788 patents. In support of its recommendation for issuance of a GEO, the RD finds that: (1) a GEO is necessary in this investigation to prevent circumvention of a limited exclusion order and (2) the record shows a pattern of violation of section 337 through importation of articles that infringe the ’758 and ’788 patents, and

the source of those infringing articles is difficult to identify. No party petitioned for review of the ID.

On June 7, 2024, the Commission determined not to review the ID and sought briefing on remedy, the public interest, and bonding. 89 FR 50370–72 (Jun. 13, 2024). On June 21, 2024, the Commission received initial responses from the Movants and OUII. On June 24, 2024, the Commission received a response from non-party Rough Country LLC. On June 28, 2024, the Commission received reply responses from OUII.

Having reviewed the written submissions and the evidentiary record, the Commission has determined that the appropriate remedy in this investigation is a GEO prohibiting the unlicensed importation of certain pick-up truck folding bed cover systems and components thereof that infringe claims 2–4 of the '758 patent and claims 1–3 of the '788 patent and CDOs against RDJ and Trek with respect to those claims. The Commission has further determined that the public interest factors enumerated in section 337(d), (f), and (g) (19 U.S.C. 1337(d), (f), and (g)) do not preclude issuance of the GEO or CDOs. Finally, the Commission has determined to impose a bond in the amount of one hundred (100) percent of the entered value of the infringing articles that are imported during the period of Presidential review (19 U.S.C. 1337(j)). The investigation is hereby terminated in its entirety.

The Commission's order and opinion were delivered to the President and to the United States Trade Representative on the day of their issuance. The Commission has also notified the Secretary of the Treasury and Customs and Border Protection of the order.

The Commission vote for these determinations took place on September 19, 2024.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: September 19, 2024.

Secretary to the Commission.

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701–TA–687 and 731–TA–1614 (Final)]

Brass Rod From Israel

Determinations

On the basis of the record¹ developed in the subject investigations, the United States International Trade Commission (“Commission”) determines, pursuant to the Tariff Act of 1930 (“the Act”), that an industry in the United States is materially injured by reason of imports of brass rod from Israel, provided for in subheadings 7407.21.15, 7407.21.30, 7407.21.70, and 7407.21.90 of the Harmonized Tariff Schedule of the United States, that have been found by the U.S. Department of Commerce (“Commerce”) to be sold in the United States at less than fair value (“LTFV”) and subsidized by the government of Israel.^{2,3}

Background

The Commission instituted these investigations effective April 27, 2023, following receipt of petitions filed with the Commission and Commerce by American Brass Rod Fair Trade Coalition, Washington, District of Columbia; Mueller Brass Co., Port Huron, Michigan; and Wieland Chase LLC, Montpelier, Ohio. The Commission scheduled the final phase of the investigations following notification of a preliminary determination by Commerce that imports of brass rod from India were subsidized within the meaning of section 703(b) of the Act (19 U.S.C. 1671b(b)). Notice of the scheduling of the final phase of the Commission's investigations and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of October 5, 2023 (88 FR 6922). The Commission conducted its hearing on December 12, 2023. All persons who requested the opportunity were permitted to participate.

The investigation schedules became staggered when Commerce did not align its countervailing duty investigation regarding India with its antidumping duty investigation regarding India, and reached an earlier final countervailing

duty determination. On February 1, 2024, the Commission issued a final affirmative determination in its countervailing duty investigation of brass rod from India (89 FR 8440, February 7, 2024). On June 5, 2024, the Commission issued final affirmative determinations in its countervailing duty investigation of brass rod from South Korea and its antidumping duty investigations of brass rod from Brazil, India, Mexico, South Africa, and South Korea (89 FR 49193, June 11, 2024). The investigation schedules became further staggered when Commerce aligned its countervailing duty investigation regarding Israel with its antidumping duty investigation regarding Israel and tolled all deadlines for its antidumping duty investigation regarding Israel by 90 days.

Following notification of final determinations by Commerce that imports of brass rod from Israel were being sold at LTFV within the meaning of section 735(a) of the Act (19 U.S.C. 1673d(a)) and were being subsidized by the government of Israel within the meaning of section 705(a) of the Act (19 U.S.C. 1671d(a)), notice of the supplemental scheduling of the final phase of the Commission's antidumping duty and countervailing duty investigations regarding brass rod from Israel was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of August 16, 2024 (89 FR 66738).

The Commission made these determinations pursuant to § 705(b) and § 735(b) of the Act (19 U.S.C. 1671d(b) and 19 U.S.C. 1673d(b)). It completed and filed its determinations in these investigations on September 19, 2024. The views of the Commission are contained in USITC Publication 5545 (September 2024), entitled *Brass Rod from Israel: Investigation Nos. 701–TA–687 and 731–TA–1614 (Final)*.

By order of the Commission.
