

only betrays the American public's expectation of Washington to create and maintain fair markets, but it also undermines financial inclusion. The government must keep the people's trust that we will help every American achieve economic mobility for them and their families—not construct artificial barriers to the American Dream.

For those reasons, I applaud the Commission taking the time for careful consideration of the public comments and further study including data. I thank Chairman Behnam and the Market Participants Division for working with me on this important rulemaking.

II. Background Information and Regulatory History

On April 28, 2024, an organization notified the Coast Guard that it will be conducting an annual high-speed boat race from 8 a.m. to 6 p.m. on the first or second Saturday in March in the navigable waters of San Jacinto River, Houston, TX. The Captain of the Port Houston-Galveston (COTP) has determined that potential hazards associated with the power boat race will be a safety concern for anyone within the Pre-Stage Zone, Approach Zone, Course Run Zone, and Shut-Down Zone before, during, and after the scheduled event. In response, on June 24, 2024, the Coast Guard published a notice of proposed rulemaking (NPRM) titled Special Local Regulation; San Jacinto River, Houston, TX (89 FR 52410). There we stated why we issued the NPRM and invited comments on our proposed regulatory action related to this boat race. During the comment period that ended July 28, 2024, we received one comment.
