SUPPLEMENTARY INFORMATION: The Office of the PBGC Participant and Plan Sponsor Advocate (OPPSA) acts as a liaison between PBGC, sponsors of defined benefit pension plans insured by PBGC, and participants in pension plans trustee by PBGC. OPPSA assists participants with searching for historical pension plan information as part of its pension plan tracing service. To conduct the tracing research, OPPSA uses an internal pension plan tracing research dashboard, which displays select data elements from various PBGC systems, including annual premium filing records and case information. The information found through OPPSA's tracing research can help participants locate historical plan information.

To perform the search, OPPSA will request participant contact information and specific plan information. This information includes the participant's name, phone number, email address, and the inquirer's name and relationship to participant if the inquirer it is not the participant; the employer's name and location; the pension plan name; the employer identification number (EIN); the plan number (PN); the years that the participant worked for the employer; whether the person was an hourly, salaried, or part-time employee; and any additional information about the employer or pension plan that would aid in plan tracing, including listing any documents the participant has related to the pension plan. The collection of information is voluntary and minimally burdensome. It will enable OPPSA to more effectively run its pension plan tracing service and to assist participants in locating historical plan information.

On July 22, 2024, PBGC published in the **Federal Register** (at 89 FR 59172) a notice informing the public of its intent to request approval of this collection of information. No comments were received. PBGC is requesting that OMB approve the collection of information for 3 years. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

PBGC estimates that it will receive intake information from approximately 200 participants annually and that it will take participants 0.5 hours to complete and submit the information. The time needed to provide the information will vary among participants depending on what information they have readily available to them. The total amount of burden

associated with this collection of information is estimated to be 100 hours and an estimated \$0.

Issued in Washington, DC.

Hilary Duke,

Assistant General Counsel for Regulatory Affairs, Pension Benefit Guaranty Corporation.

BILLING CODE 7709-02-P

SECURITIES AND EXCHANGE COMMISSION

[SEC File No. 270-029, OMB Control No. 3235-0037]

Proposed Collection; Comment Request; Extension: Rule 17f-1(c) and Form X-17F-1A

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 ("PRA") (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the existing collection of information provided for in Rule 17f-1(c) (17 CFR 240.17f-1(c) and Form X-17F-1A (17 CFR 249.100) under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*). The Commission plans to submit this existing collection of information to the Office of Management and Budget ("OMB") for extension and approval.

Rule 17f-1(c) requires approximately 9,500 entities in the securities industry to report lost, stolen, missing, or counterfeit securities certificates to the Commission or its designee, to a registered transfer agent for the issue, and, when criminal activity is suspected, to the Federal Bureau of Investigation. Such entities are required to use Form X-17F-1A to make such reports. Filing these reports fulfills a statutory requirement that reporting institutions report and inquire about missing, lost, counterfeit, or stolen securities. Since these reports are compiled in a central database, the rule facilitates reporting institutions to access the database that stores information for the Lost and Stolen Securities Program ("Program").

We estimate that the total reporting burden for Regulation 17f-1(c), as adopted, for all respondents is approximately 2,937.5 hours. These burdens consist of a one-time burden in connection with Accenture Federal Services LLC ("Accenture") becoming the new Program operator of

approximately 2,000 hours for set-up, and annual burdens thereafter of approximately 25 hours for maintenance and 287.5 hours for reporting. [2,000 + 3(25 + 287.5) = 2,937.5 hours]

- The Commission estimates that approximately 50 reporting institutions will be subject to this one-time burden, which corresponds to 40 hours for each of the applicable reporting institutions. Further, the Commission estimates that updates in the applicable reporting institutions' systems to maintain this connectivity will impose an aggregate ongoing annualized burden of 25 burden hours, which corresponds to 30 minutes for each of the applicable reporting institutions. Accordingly, this estimated burden to establish and maintain connectivity with Accenture over three years results in an aggregate burden of 691.67 hours per year or 13.83 hours per applicable reporting institution per year. [(50 Respondents × 1 Responses over 3 years) = 50 × (40 hour) = 2,000 hours/3 years = 666.67 hours per year; (50 Respondents × 1 Responses) = 50 × (.5 hours) = 25 hours; 666.67 hours + 25 hours = 691.67 hours; 691.67 hours/50 Respondents = 13.83 hours/Respondent].

- In addition, we estimate that approximately 115 reporting institutions will submit a report on average 30 times each year. The staff estimates that the average amount of time necessary for each reporting institution to comply with the Rule 17f-1(c) and Form X-17F-1A is five minutes. As a result, the total hourly burden for the periodic reporting burden under Rule 17f-1(c) is approximately 287.5 hours [(115 Respondents × 30 Responses) × (5 minutes/60 minutes/hour)].

Written comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted by November 25, 2024.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

Please direct your written comments to: Austin Gerig, Director/Chief Data Officer, Securities and Exchange Commission, c/o Oluwaseun Ajayi, 100 F Street NE, Washington, DC 20549, or send an email to: PRA_Mailbox@sec.gov.

Dated: September 23, 2024.

Vanessa A. Countryman,

Secretary.

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-101122; File No. SR-PEARL-2024-44]

Self-Regulatory Organizations; MIAX PEARL, LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend the MIAX Pearl Options Fee Schedule

September 20, 2024.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on September 11, 2024, MIAX PEARL, LLC (“MIAX Pearl” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is filing a proposal to amend the MIAX Pearl Options Fee Schedule (“Fee Schedule”).

The text of the proposed rule change is available on the Exchange’s website at <https://www.miaxglobal.com/markets/us-options/pearl-options/rule-filings> at MIAX Pearl’s principal office, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the

places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Section (1)(a) of the Fee Schedule, Exchange Rebates/Fees—Add/Remove Tiered Rebates/Fees, to: (1) amend the Priority Customer³ origin table to increase certain Maker rebates in Penny Classes (defined below); (2) establish a new “Step-Up Maker Rebate” (described below) for the MIAX Pearl⁴ Market Maker⁵ origin in Non-Penny Classes; and (3) remove certain alternative volume criteria and corresponding footnotes applicable to executions of orders for the Market Maker origin and non-Priority Customer, firm, broker-dealer (“BD”), and non-MIAX Pearl Market Maker origin (collectively referred to herein as “Professional Members”). The Exchange initially filed this proposal on August 30, 2024 (SR-PEARL-2024-39). On September 11, 2024, the Exchange withdrew SR-PEARL-2024-39 and refiled this proposal.

Background

The Exchange currently assesses transaction rebates and fees to all market participants which are based upon the total monthly volume executed by the Member⁶ on MIAX Pearl in the relevant, respective origin

³ The term “Priority Customer” means a person or entity that (i) is not a broker or dealer in securities, and (ii) does not place more than 390 orders in listed options per day on average during a calendar month for its own beneficial accounts(s). The number of orders shall be counted in accordance with Interpretation and Policy .01 of Exchange Rule 100. See the Definitions section of the Fee Schedule and Exchange Rule 100, including Interpretation and Policy .01.

⁴ All references in this filing to “MIAX Pearl” are to the options trading facility of MIAX PEARL, LLC. Any references to the equities trading facility of MIAX PEARL, LLC would be to “MIAX Pearl Equities.” See Exchange Rule 1901.

⁵ The term “Market Maker” means a Member registered with the Exchange for the purpose of making markets in options contracts traded on the Exchange and that is vested with the rights and responsibilities specified in Chapter VI of Exchange Rules. See the Definitions section of the Fee Schedule and Exchange Rule 100.

⁶ The term “Member” means an individual or organization that is registered with the Exchange pursuant to Chapter II of Exchange Rules for purposes of trading on the Exchange as an “Electronic Exchange Member” or “Market Maker.” Members are deemed “members” under the Exchange Act. See the Definitions section of the Fee Schedule and Exchange Rule 100.

type (not including Excluded Contracts)⁷ (as the numerator) expressed as a percentage of (divided by) TCV⁸ (as the denominator). In addition, the per contract transaction rebates and fees are applied retroactively to all eligible volume for that origin type once the respective threshold tier has been reached by the Member. The Exchange aggregates the volume of Members and their Affiliates.⁹ Members that place resting

⁷ The term “Excluded Contracts” means any contracts routed to an away market for execution. See the Definitions section of the Fee Schedule.

⁸ The term “TCV” means total consolidated volume calculated as the total national volume in those classes listed on MIAX Pearl for the month for which the fees apply, excluding consolidated volume executed during the period time in which the Exchange experiences an “Exchange System Disruption” (solely in the option classes of the affected Matching Engine (as defined below)). See the Definitions section of the Fee Schedule. The term “Exchange System Disruption” means an outage of a Matching Engine or collective Matching Engines for a period of two consecutive hours or more, during trading hours. *Id.* A “Matching Engine” is a part of the MIAX Pearl electronic system that processes options orders and trades on a symbol-by-symbol basis. Some Matching Engines will process option classes with multiple root symbols, and other Matching Engines may be dedicated to one single option root symbol (for example, options on SPY may be processed by one single Matching Engine that is dedicated only to SPY). A particular root symbol may only be assigned to a single designated Matching Engine. A particular root symbol may not be assigned to multiple Matching Engines. *Id.* The Exchange believes that it is reasonable and appropriate to select two consecutive hours as the amount of time necessary to constitute an Exchange System Disruption, as two hours equates to approximately 1.4% of available trading time per month. The Exchange notes that the term “Exchange System Disruption” and its meaning have no applicability outside of the Fee Schedule, as it is used solely for purposes of calculating volume for the threshold tiers in the Fee Schedule.

⁹ The term “Affiliate” means (i) an affiliate of a Member of at least 75% common ownership between the firms as reflected on each firm’s Form BD, Schedule A, or (ii) the Appointed Market Maker of an Appointed EEM (or, conversely, the Appointed EEM of an Appointed Market Maker). An “Appointed Market Maker” is a MIAX Pearl Market Maker (who does not otherwise have a corporate affiliation based upon common ownership with an EEM) that has been appointed by an EEM and an “Appointed EEM” is an EEM (who does not otherwise have a corporate affiliation based upon common ownership with a MIAX Pearl Market Maker) that has been appointed by a MIAX Pearl Market Maker, pursuant to the following process. A MIAX Pearl Market Maker appoints an EEM and an EEM appoints a MIAX Pearl Market Maker, for the purposes of the Fee Schedule, by each completing and sending an executed Volume Aggregation Request Form by email to membership@miaxoptions.com no later than 2 business days prior to the first business day of the month in which the designation is to become effective. Transmittal of a validly completed and executed form to the Exchange along with the Exchange’s acknowledgement of the effective designation to each of the Market Maker and EEM will be viewed as acceptance of the appointment. The Exchange will only recognize one designation per Member. A Member may make a designation not more than once every 12 months (from the date

¹ 15 U.S.C. 78s(b)(1).
