**SUPPLEMENTARY INFORMATION:**

**Comments Invited**

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation will be available at <https://www.reginfo.gov> upon its submission to OMB. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

**Information Collection Requirement**

*OMB Control Number 1652-0011; Federal Flight Deck Officer Program.* TSA initially required this information collection under the authority of the Arming Pilots Against Terrorism Act (APATA), which was enacted as title XIV, section 1402(a) of the Homeland Security Act (Pub. L. 107-296, 116 Stat. 2135, 2300, Nov. 25, 2002), as amended by title VI, section 609(b) of the Vision 100-Century of Aviation Reauthorization Act (Vision 100) (Pub. L. 108-176, 117 Stat. 2489, 2570, Dec. 12, 2003), as codified at 49 U.S.C. 44921. TSA is seeking to renew this information collection to continue collecting the information described in this notice to comply with its statutory mission. The APATA required TSA to

establish a program to deputize volunteer pilots of passenger air carriers as Federal law enforcement officers to defend the flight deck of their aircraft against acts of criminal violence or air piracy. With the enactment of Vision 100, eligibility to participate in the FFDO program expanded to include pilots of all-cargo aircraft, as well as flight engineers and navigators on both passenger and cargo aircraft.

To screen volunteers for entry into the FFDO program, TSA collects information from applicants, including name, address, prior address information, personal references, criminal history, limited medical information, financial information, and employment information, through comprehensive applications they submit to TSA.

TSA is revising the collection by discontinuing the TSA verbal interview and enabling online submission of answers to certification questions. TSA previously verbally interviewed each applicant who completed the questionnaire to certify their compliance with the FFDO program requirements. In lieu of a verbal interview, TSA has now added these certification questions to the "Certification and Release of Information" section of the questionnaire, allowing all the required information to be completed during the online application process. This revision reduces the burden to the collection by removing the burden time to complete the TSA verbal interview. In addition, the change eliminates duplication of certain questions that had been asked in the TSA verbal interview that were identical to questions asked by the background investigators who later interview applicants.

Based on the average number of new applicants to the FFDO program, TSA estimates a total of 1,700 respondents annually. TSA estimates that the online application will take one hour for each applicant to complete for a total burden of 1,700 hours.

Dated: September 23, 2024.

**Notice of Application for Withdrawal Extension, Public Meeting, and Availability of a Legislative Environmental Assessment; McGregor Range, New Mexico**

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of proposed extension.

**SUMMARY:** The Department of the Army (Army) filed an application with the Bureau of Land Management (BLM) for extension of the withdrawal of public lands for the Army's use for the McGregor Range, located in Otero County, New Mexico. The McGregor Range encompasses 608,385 acres that Congress withdrew from all forms of appropriation under the public land laws, including the mining, mineral leasing, and geothermal leasing laws, subject to valid existing rights, for a 25-year period and reserved for the Army's use. The current withdrawal will expire on November 6, 2026, unless Congress approves the extension. This notice advises the public of an opportunity to comment on the application, attend a public meeting, and review the legislative environmental assessment (EA).

**DATES:** Comments regarding this withdrawal application must be received by December 26, 2024. In addition, the BLM and the Army will host public meetings addressing the withdrawal application.

The BLM and the Army will hold a virtual public meeting in connection with the proposed withdrawal extension on November 20, 2024, via Zoom at 6 p.m. (Mountain Time). To register for the meeting, visit [https://blm.zoomgov.com/webinar/register/WN\\_0NWB3vqpsUuJzi955PHQpw](https://blm.zoomgov.com/webinar/register/WN_0NWB3vqpsUuJzi955PHQpw).

**ADDRESSES:** All comments should be sent to State Director, Bureau of Land Management, New Mexico State Office, 301 Dinosaur Trail, Santa Fe, New Mexico 87508.

**SUPPLEMENTARY INFORMATION:** Section 3011(d) of the Military Lands Withdrawal Act (MLWA) of 1999 (Pub. L. 106–65) withdrew approximately 608,385 acres of public land for the McGregor Range from all forms of appropriation under public land laws and reserved them for use by the Army. The withdrawal will expire on November 6, 2026, unless extended by Congress. The Army has filed an application for extension of the current withdrawal for 25 years. Extension of the withdrawal is warranted by the purpose of the withdrawal established by Congress: to allow for continued military use of the McGregor Range, which is used to train military personnel and test equipment to meet nationally directed missions and requirements.

The public land withdrawn under Public Law 106–65 encompasses approximately 608,385 acres in Otero County, New Mexico. As noted in a previous **Federal Register** notice (66 FR 26881, May 15, 2001), this land is accurately described under a previous **Federal Register** notice (52 FR 18960, May 20, 1987) and two **Federal Register** correction notices (52 FR 22577, June 12, 1987; 52 FR 26188, July 13, 1987).

The Engle Act (Pub. L. 85–337, 43 U.S.C. 155–157) requires withdrawals for defense purposes of more than 5,000 acres in the aggregate for any one defense project or facility to be authorized by an Act of Congress. Section 3016 of the MLWA requires the Army to notify the Secretary of the Interior and Congress whether there is a continuing military need for the withdrawn land. The Army and the Department of the Interior (DOI) intend to submit a legislative proposal for extension of the withdrawal and reservation to Congress not later than May 1, 2025.

As required by section 204(b)(1) of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1714(b)(1), and BLM regulations at 43 CFR part 2300, the BLM is publishing notice of the Army's application. While the BLM and the DOI assist the Army with the processing of withdrawal applications, and the Secretary of the Interior makes a recommendation to Congress on applications for withdrawals of this size for defense purposes, Congress will decide whether to extend the existing withdrawal for the McGregor Range.

The Army is preparing a legislative EA in support of the legislative proposal

and is conducting public scoping under NEPA. The Army will host a joint virtual public scoping meeting and will accept comments on potential alternatives, potential environment impacts, information, and analyses relevant to the proposed action. The BLM is participating as a cooperating agency in the preparation of the legislative EA. Information on the environmental review process can be viewed using the link in the **ADDRESSES** section. This notice invites the public to comment on the application for withdrawal extension, notifies the public that a public meeting will occur, and provides the opportunity for the public to review the legislative EA.

For a period until December 26, 2024, all persons who wish to submit comments in connection with the withdrawal application and the legislative EA may present their comments in writing to the address listed in the **ADDRESSES** section. All comments received will be considered before the Secretary of the Interior makes any recommendation to Congress.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

The withdrawal extension application will be processed in accordance with MLWA, and to the extent consistent with MWLA, the regulations set forth in 43 CFR 2310.4.
