

individuals and families who are receiving services under such programs or initiatives, the gaps in early childhood home visitation in the state, and the extent to which such programs or initiatives are meeting the needs of eligible families.

(3) The state’s capacity for providing substance abuse treatment and counseling services to individuals and families in need of such treatment or services.

The SIR provided guidance to states in updating their statewide needs assessments and submitting the required information to HRSA. States that elected not to apply or be awarded MIECHV funds were encouraged to work with nonprofit organizations that received awards to provide MIECHV-supported services within the state and determine whether they will submit their needs assessments directly or through the nonprofit organization awardee. HRSA and recipients providing MIECHV

services within states used the information collected through the needs assessment update to ensure the continued provision of MIECHV home visiting services in at-risk communities. The information is also used to support program planning, improvement, and decision-making. States wishing to amend their needs assessment will be asked to provide new information and supporting data. HRSA will provide specific instructions on timeline and the amendment process to awardees who request to amend their needs assessment update in advance of their fiscal year 2025 funding application. HRSA is not proposing any changes to the previously approved Needs Assessment SIR.

Likely Respondents: MIECHV Program Awardees that are states, jurisdictions, and where applicable, nonprofit organizations providing services within states. Based on preliminary interest expressed by MIECHV awardees to date, HRSA anticipates that approximately 35

of the 56 awardees may respond to this opportunity.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose, or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install, and utilize technology and systems for the purpose of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below. Burden hours reflect that existing needs assessments will be amended rather than fully developed.

TOTAL ESTIMATED ANNUALIZED BURDEN HOURS

Form name	Number of respondents	Number of responses per respondent	Total responses	Average burden per response (in hours)	Total burden hours
Maternal, Infant, and Early Childhood Home Visiting Program Statewide Needs Assessment Update—Amended	35	1	35	30	1,050
Total	35	35	1,050

Submission for OMB Review; 30-Day Comment Request; Inclusion Enrollment Form (Office of the Director)

AGENCY: National Institutes of Health, HHS.

ACTION: Notice.

SUMMARY: In compliance with the requirement of the Paperwork Reduction Act of 1995, the National Institutes of Health (NIH) has submitted to the Office of Management and Budget (OMB) a request for review and approval of the information collection listed below.

DATES: Comments regarding this information collection are best assured of having their full effect if received within 30-days of the date of this publication.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT: To obtain a copy of the data collection plans and instruments, submit comments in writing, or request more information on the proposed project, contact: Ms. Mikia P. Currie, Program Analyst, Office of Policy for Extramural Research Administration, 6705 Rockledge Drive, Suite 350, Bethesda, Maryland 20892, or call a non-toll-free number 301-435-0941 or email your request, including your address to ProjectClearanceBranch@mail.nih.gov. Formal requests for additional plans and instruments must be requested in writing.

SUPPLEMENTARY INFORMATION: This proposed information collection was previously published in the **Federal Register** on July 23, 2024, pages 59746-59747 (89 FR 59746) and allowed 60 days for public comment. No public comments were received. The purpose
