Comments are requested concerning: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission’s burden estimates; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology. Pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107–198, see 44 U.S.C. 3506(c)(4), the FCC seeks specific comment on how it might “further reduce the information collection burden for small business concerns with fewer than 25 employees.”

Proposal Under OMB Delegated Authority To Extend for Three Years, With Revision, the Following Information Collection

Collection title: Application Form for Membership on the Community Advisory Council.

Collection identifier: FR 1401.

OMB control number: 7100-0371.

General description of collection: The Application Form for Membership on the Community Advisory Council (Application) is used to obtain information about the experience and qualification of persons seeking to be considered for membership on the Board's Community Advisory Council (CAC). The Application collects an applicant's contact information; details regarding current employment and areas of expertise; a resume, which typically includes information about employment history, education, and training; and a cover letter explaining why the applicant is interested in serving on the CAC and their primary qualifications. Applicants can voluntarily elect to provide additional information to support their application.

Proposed revisions: The Board proposes to modify the choices for the organization type, add choices for the areas of expertise on the application, and add two attestations. Organization type would now require a response should an applicant choose "Other" under non-profit or for-profit agencies. Additional subcategories under the government option would include "National," "State," and "Local." The four additional choices for primary and secondary areas of expertise would include "Artificial Intelligence," "Disaster Recovery and Resiliency," "Financial Education," and "Health." The application would have two attestations: (1) affirming there is no applicant relationship to an employee of the Board of Governors, Reserve Bank, or a Board or Reserve Bank advisory council, and (2) that no officer or senior executive of the applicant's current organization has a relationship to an employee of the Board of Governors, Reserve Bank, or a Board or Reserve Bank advisory council. If there is a relationship, applicants would be asked to disclose the name of the employee, director, advisory council member, officer, or senior executive with the relationship to the applicant. Applicants would be asked to indicate the nature of the relationship and whether the employee, director, advisory council member, officer, or senior executive is or was associated with the Board or a Reserve Bank and if at a Reserve Bank, indicate which one. Revisions would be effective as of the 2025 application period.

Frequency: Annual.

Respondents: Individuals seeking to be considered for membership on the CAC.

Total estimated number of respondents: 300.

Total estimated change in burden: 23.

Total estimated annual burden hours: 323.

Board of Governors of the Federal Reserve System, September 25, 2024.

Deputy Secretary and Ombuds of the Board.
