SUPPLEMENTARY INFORMATION: On August 6, 2024, the FDIC published in the **Federal Register** an RFI and comment soliciting comments on deposit data that is not currently reported in the FFIEC Call Report or other regulatory reports, including for uninsured deposits. The FDIC issued the RFI to seek information on the characteristics that affect the stability and franchise value of different types of deposits and whether more detailed or more frequent reporting on these characteristics or types of deposits

could enhance offsite risk and liquidity monitoring, inform analysis of the benefits and costs associated with additional deposit insurance coverage for certain types of deposits, improve risk sensitivity in deposit insurance pricing, and provide analysts and the general public with accurate and transparent data. The RFI stated that the comment period would close on October 7, 2024. The FDIC has received requests to extend the comment period. An extension of the comment period will allow interested parties additional time to prepare information and comments. Therefore, the FDIC is extending the end of the comment period for the RFI from October 7, 2024, to December 6, 2024.
