Any person desiring to intervene, to protest, or to answer a complaint in any of the above proceedings must file in accordance with Rules 211, 214, or 206 of the Commission's Regulations (18 CFR 385.211, 385.214, or 385.206) on or before 5:00 p.m. Eastern time on the specified comment date. Protests may be considered, but intervention is necessary to become a party to the proceeding.

The filings are accessible in the Commission's eLibrary system (<https://elibrary.ferc.gov/idmws/search/fercsearch.asp>) by querying the docket number.

eFiling is encouraged. More detailed information relating to filing requirements, interventions, protests, service, and qualifying facilities filings can be found at: <http://www.ferc.gov/docs-filing/efiling/filing-req.pdf>. DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. AC24–145–000]

Entergy Services, LLC; Notice of Filing

Take notice that on September 27, 2024, Entergy Services LLC on behalf of Entergy Arkansas, LLC, Entergy Louisiana, LLC, Entergy Mississippi, LLC, Entergy New Orleans, LLC, Entergy Texas, Inc. and System Energy Resources, as well as on behalf of itself (Applicants) submitted a waiver request to the Chief Accountant of the Federal Energy Regulatory Commission (Commission or FERC) related to Account 165, Prepayments, of the Commission's Uniform System of Accounts, to allow Applicants to apply a \$100,000 materiality threshold for recording prepayments on its balance sheet. Applicants requests that this waiver is applied prospectively, for a period of ten years, ending December 31, 2034.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. On or before the comment date, it is not

necessary to serve motions to intervene or protests on persons other than the Applicant.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://ferc.gov>) using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. In lieu of electronic filing, you may submit a paper copy which must reference the Project docket number.

To file via USPS: Debbie-Anne A. Reese, Acting Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

To file via any other courier: Debbie-Anne A. Reese, Acting Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852.

[Docket No. CP24–521–000]

Eastern Gas Transmission and Storage, Inc.; Notice of Request Under Blanket Authorization and Establishing Intervention and Protest Deadline

Take notice that on September 20, 2024, Eastern Gas Transmission and Storage, Inc. (EGTS), 10700 Energy Way, Glen Allen, Virginia 23060, filed in the above referenced docket, a prior notice request pursuant to sections 157.205, and 157.210 of the Commission's regulations under the Natural Gas Act (NGA), and EGTS's blanket certificate issued in Docket No. CP82–537–000, for authorization to complete its Gateway Extension Project (Project). Specifically, EGTS proposes to (1) construct a total of approximately 3.1 miles of 30-inch-diameter pipeline in multiple segments; (2) place in service a total of 8.4 miles of 30-inch-diameter pipeline segments

previously installed;¹ and (3) install aboveground pig launcher/receivers at two sites and other auxiliary facilities, all located in Doddridge County, West Virginia. The Project would allow EGTS to provide 90,000 Dth/d of firm incremental transportation capacity from production areas in West Virginia to markets in the Mid-Atlantic region. The estimated cost of the Project is \$34,380,000 all as more fully set forth in the application which is on file with the Commission and open for public inspection.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<https://www.ferc.gov>). From the Commission's Home Page on the internet, this information is available on eLibrary. The full text of this document is available on eLibrary in PDF and Microsoft Word format for viewing, printing, and/or downloading. To access this document in eLibrary, type the docket number excluding the last three digits of this document in the docket number field.

Email the Public Reference Room at public.referenceroom@ferc.gov.

Any questions concerning this request should be directed to Spencer D Trichell, Director, Environmental Projects and Certificates Eastern Gas Transmission and Storage, Inc., 10700 Energy Way, Glen Allen, Virginia 23060, or by email to Spencer.Trichell@bhegts.com.

Public Participation

There are three ways to become involved in the Commission's review of this project: you can file a protest to the project, you can file a motion to intervene in the proceeding, and you can file comments on the project. There is no fee or cost for filing protests, motions to intervene, or comments. The deadline for filing protests, motions to intervene, and comments is 5:00 p.m. Eastern Time on November 29, 2024. How to file protests, motions to

intervene, and comments is explained below.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, environmental justice communities, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or OPP@ferc.gov.

Protests

Pursuant to section 157.205 of the Commission's regulations under the NGA,² any person³ or the Commission's staff may file a protest to the request. If no protest is filed within the time allowed or if a protest is filed and then withdrawn within 30 days after the allowed time for filing a protest, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request for authorization will be considered by the Commission.

Protests must comply with the requirements specified in section 157.205(e) of the Commission's regulations,⁴ and must be submitted by the protest deadline, which is November 29, 2024. A protest may also serve as a motion to intervene so long as the protestor states it also seeks to be an intervenor.

Interventions

Any person has the option to file a motion to intervene in this proceeding. Only intervenors have the right to request rehearing of Commission orders issued in this proceeding and to subsequently challenge the Commission's orders in the U.S. Circuit Courts of Appeal.

To intervene, you must submit a motion to intervene to the Commission in accordance with Rule 214 of the Commission's Rules of Practice and Procedure⁵ and the regulations under the NGA⁶ by the intervention deadline for the project, which is November 29, 2024. As described further in Rule 214,

your motion to intervene must state, to the extent known, your position regarding the proceeding, as well as your interest in the proceeding. For an individual, this could include your status as a landowner, ratepayer, resident of an impacted community, or recreationist. You do not need to have property directly impacted by the project in order to intervene. For more information about motions to intervene, refer to the FERC website at <https://www.ferc.gov/resources/guides/how-to-intervene.asp>.

All timely, unopposed motions to intervene are automatically granted by operation of Rule 214(c)(1). Motions to intervene that are filed after the intervention deadline are untimely and may be denied. Any late-filed motion to intervene must show good cause for being late and must explain why the time limitation should be waived and provide justification by reference to factors set forth in Rule 214(d) of the Commission's Rules and Regulations. A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies (paper or electronic) of all documents filed by the applicant and by all other parties.

Comments

Any person wishing to comment on the project may do so. The Commission considers all comments received about the project in determining the appropriate action to be taken. To ensure that your comments are timely and properly recorded, please submit your comments on or before November 29, 2024. The filing of a comment alone will not serve to make the filer a party to the proceeding. To become a party, you must intervene in the proceeding.

How To File Protests, Interventions, and Comments

There are two ways to submit protests, motions to intervene, and comments. In both instances, please reference the Project docket number CP24-521-000 in your submission.

(1) You may file your protest, motion to intervene, and comments by using the Commission's eFiling feature, which is located on the Commission's website (www.ferc.gov) under the link to Documents and Filings. New eFiling users must first create an account by clicking on "eRegister." You will be asked to select the type of filing you are making; first select "General" and then select "Protest", "Intervention", or "Comment on a Filing"; or⁷

⁷ Additionally, you may file your comments electronically by using the eComment feature,

¹ The existing pipeline segments were installed as part of EGT's Supply Header Project authorized in Docket Nos. CP15-555-000, et al. and subsequently vacated in Docket Nos. CP15-555-007, et al.

² 18 CFR 157.205.

³ Persons include individuals, organizations, businesses, municipalities, and other entities. 18 CFR 385.102(d).

⁴ 18 CFR 157.205(e).

⁵ 18 CFR 385.214.

⁶ 18 CFR 157.10.

(2) You can file a paper copy of your submission by mailing it to the address below. Your submission must reference the Project docket number CP24–521–000.

To file via USPS: Debbie-Anne A. Reese, Acting Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

To file via any other method: Debbie-Anne A. Reese, Acting Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852.

The Commission encourages electronic filing of submissions (option 1 above) and has eFiling staff available to assist you at (202) 502–8258 or FercOnlineSupport@ferc.gov.

Protests and motions to intervene must be served on the applicant either by mail at: Spencer D Trichell, Director, Environmental Projects and Certificates Eastern Gas Transmission and Storage, Inc., 10700 Energy Way, Glen Allen, Virginia 23060, or by email (with a link to the document) at Spencer.Trichell@bhegts.com. Any subsequent submissions by an intervenor must be served on the applicant and all other parties to the proceeding. Contact information for parties can be downloaded from the service list at the eService link on FERC Online.

Tracking the Proceeding

Throughout the proceeding, additional information about the project will be available from the Commission's Office of External Affairs, at (866) 208–FERC, or on the FERC website at www.ferc.gov using the “eLibrary” link as described above. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. For more information and to register, go to www.ferc.gov/docs-filing/esubscription.asp.

which is located on the Commission's website at www.ferc.gov under the link to Documents and Filings. Using eComment is an easy method for interested persons to submit brief, text-only comments on a project.

[Project No. 2307–086]

Alaska Electric Light & Power Company; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission or FERC) regulations, 18 CFR part 380, Commission staff reviewed Alaska Electric Light and Power Company's application for a non-capacity amendment of license of the Annex Creek and Salmon Creek Hydroelectric Project No. 2307, and have prepared an Environmental Assessment (EA) for the proposed amendment. The licensee proposes to replace the upper Salmon Creek penstock, which runs from the valvehouse to the abandoned upper powerhouse. The licensee would also replace penstock bridges over Salmon Creek that have not been recently rebuilt with new bridges to support the new penstock. The project is located on Annex and Salmon Creeks in the City and Borough of Juneau, Alaska. The project occupies Federal lands within the Tongass National Forest administered by the U.S. Forest Service. The EA contains Commission staff's analysis of the potential environmental effects of the proposed amendment to the license, alternatives to the proposed action, and concludes that the proposed amendment, with appropriate environmental protective measures, would not constitute a major Federal action that would significantly affect the quality of the human environment.

The EA may be viewed on the Commission's website at <http://www.ferc.gov> using the “eLibrary” link. Enter the docket number (P–2307) in the docket number field to access the document. [Docket No. EL24–148–000]

Sierra Club, et al., v. PJM Interconnection, L.L.C.; Notice of Complaint

Take notice that on September 27, 2024, pursuant to sections 206 and 306 of the Federal Power Act, 16 U.S.C. 824e, 825e and Rule 206 of the Federal Energy Regulatory Commission's (Commission) Rules of Practice and Procedure, 18 CFR 385.206, Sierra Club, Natural Resources Defense Council, Public Citizen, Sustainable FERC Project, and the Union of Concerned Scientists (Complainants) filed a complaint against PJM Interconnection, L.L.C. (PJM or Respondent). Complainants assert that PJM's capacity market auction rules are unjust and unreasonable because they fail to account for the resource adequacy contributions of Reliability Must Run units in the capacity auction. Complainants request that the Commission delay the upcoming 2026/2027 Base Residual Auction (BRA) for a limited time as needed for a revised tariff to be approved and implemented, or otherwise have the 2026/2027 BRA run subject to refund.

The Respondent's answer and all interventions, or protests must be filed on or before October 10, 2024, and should address the complaint regarding the treatment of RMR units as well as the request to delay the upcoming 2026/2027 BRA. Answers to Respondent's
