

DEPARTMENT OF JUSTICE**Notice of Lodging of Proposed Consent Decree Under the Comprehensive Environmental Response, Compensation, and Liability Act**

On September 30, 2024, the Department of Justice lodged a proposed consent decree with the United States District Court for the Central District of California in the lawsuit entitled *United States, Cal. Dept. of Toxic Substances Control, and Toxic Substances Control Account v. Honeywell International Inc., et al.*, Civil Action No. 2:24-cv-08378.

The United States, the California Department of Toxic Substances Control (“DTSC”), and the Toxic Substances Control Account filed the lawsuit under the Comprehensive Environmental Response, Compensation, and Liability Act (“CERCLA”) and the California Health and Safety Code. The complaint names Honeywell International Inc., HD Development of Maryland, Inc., Kaiser Foundation Health Plan, Inc., and PSA Institutional Partners, L.P. as defendants. The complaint requests recovery of costs that the United States and DTSC incurred responding to releases and threatened releases of hazardous substances at or from the North Hollywood Operable Unit of the San Fernando Valley (Area 1) Superfund Site in Los Angeles, California. The complaint also seeks injunctive relief, including implementation of the second interim remedy that the U.S. Environmental Protection Agency (“EPA”) selected for the North Hollywood Operable Unit.

The defendants signed the consent decree. Under the consent decree, Honeywell International Inc. agrees to implement the second interim remedy in a portion of the North Hollywood Operable Unit and to pay EPA and DTSC’s future response costs. HD Development of Maryland, Inc., Kaiser Foundation Health Plan, Inc., and PSA Institutional Partners, L.P. agree to pay \$250,000 each to EPA for past response costs. All defendants agree to pay \$21,952.57 to DTSC for past response costs. In return, the United States, DTSC, and the Toxic Substances Control Account agree not to sue the defendants under sections 106 and 107(a) of CERCLA or under section 7003 of the Resource Conservation and Recovery Act (“RCRA”) regarding the remedial work and costs. DTSC and the Toxic Substances Control Account further agree not to sue the defendants under California Health and Safety Code sections 79055, 78870, 78660, or 79650.

The publication of this notice opens a period for public comment on the consent decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States, Cal. Dept. of Toxic Substances Control, and Toxic Substances Control Account v. Honeywell International Inc., et al.*, D.J. Ref. No. 90–11–3–1149/2. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:

<i>To submit comments:</i>	<i>Send them to:</i>
By email	<i>pubcomment-ees.enrd@usdoj.gov.</i>
By mail	Assistant Attorney General, U.S. DOJ—ENRD, P.O. Box 7611, Washington, DC 20044–7611.

Under section 7003(d) of RCRA, a commenter may request an opportunity for a public meeting in the affected area. Any comments submitted in writing or at a public meeting may be filed by the United States in whole or in part on the public court docket without notice to the commenter.

During the public comment period, the consent decree may be examined and downloaded at this Justice Department website: <https://www.justice.gov/enrd/consent-decrees>. If you require assistance accessing the consent decree, you may request assistance by email or by mail to the addresses provided above for submitting comments.

Scott Bauer,

Assistant Section Chief, Environmental Enforcement Section, Environment and Natural Resources Division.

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice: 24–056]

Name of Information Collection: NASA Applied Remote Sensing Training Program Follow-Up Survey

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Notice of information collection.

SUMMARY: NASA, as part of its continuing effort to reduce paperwork and respondent burden, under the Paperwork Reduction Act, invites the general public and other Federal

agencies to take this opportunity to comment on proposed and/or continuing information collections.

DATES: Comments are due by November 6, 2024.

ADDRESSES: Written comments and recommendations for this information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to NASA PRA Clearance Officer, Stayce Hoult, NASA Headquarters, 300 E Street SW, JC0000, Washington, DC 20546, phone 256–714–8575, or email hq-ocio-pra-program@mail.nasa.gov.

SUPPLEMENTARY INFORMATION:**I. Abstract**

All participants of Applied Remote Sensing Training program (ARSET) trainings will be invited to complete an online survey. Participation is optional and no personal identifiers are collected to ensure confidentiality. The follow-up survey will be used to assess participant perceptions of the long-term benefits of training in earth observation tools and data, improve understanding how remote sensing data and tools are used by stakeholders, identify barriers to data and tool use, and gather suggestions for training improvement, including future training needs.

This data collection supports the Capacity Building Program of NASA’s Earth Action component of the Earth Science Division. NASA is committed to effectively performing the Agency’s communication function in accordance with the Space Act Section 203 (a)(3) to “provide for the widest practicable and appropriate dissemination of information concerning its activities and the results thereof,” and to enhance public understanding of, and participation in, the nation’s aeronautical and space program in accordance with the NASA Strategic Plan.

II. Methods of Collection

Online survey.
