SUPPLEMENTARY INFORMATION:

Agenda

The Scallop Advisory Panel will meet to discuss: Framework Adjustment 39: Receive an update on plan development team (PDT) tasking and provide input on the range of potential access area and days-at-sea (DAS) allocations for the 2025 and 2026 fishing years. Framework 39 will set specifications including ABC/ACLs, days-at-sea, access area allocations, total allowable landings for the Northern Gulf of Maine (NGOM) management area, targets for General Category incidental catch, General Category access area trips, and set-asides for the observer and research programs for fishing year 2025 and default specifications for fishing year 2026. This action will also consider modifying the current seasonal flatfish closure in Closed Area II, and adjusting regulations to allow NGOM permitted vessels to possess scallops outside of the management unit. They will also receive an update on ongoing 2024 scallop work priorities. Other business will be discussed, if necessary.

Although non-emergency issues not contained on the agenda may come before this Council for discussion, those issues may not be the subject of formal action during this meeting. Council

action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency. The public also should be aware that the meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.
