

III. Request for Comments

The Agency is soliciting public comment on its pending approval. Electronic copies of the application, the EPA's review, and relevant background materials are available in the public docket¹ and on the EPA phosphogypsum website.² The EPA's decision to approve or deny a request for other use under 40 CFR 61.206 is not a rulemaking. In December 2005, the EPA issued a guidance document, "Applying to EPA for Approval of Other Uses of Phosphogypsum: Preparing and Submitting a Complete Petition Under 40 CFR 61.206, A Workbook" (December 2005). Although this guidance is not binding, the EPA is seeking public comment on this pending approval. Physical copies of the Mosaic request and the EPA's technical evaluation have been placed for public review in the Mulberry Public Library, 905 NE 5th Street, Mulberry, FL 33860.

The Agency will accept comment until November 8, 2024. Upon receipt of public comments, EPA will review all comments for their relevance to the pending design and determine if they contain information that would lead to a concern for human health or environmental impacts not previously considered. Comments must be specific to the small-scale pilot project as it is described in Mosaic's request and the EPA's pending approval. Should the EPA receive significant adverse comments on aspects of this specific pilot project, the EPA will give the applicant the opportunity to amend the analysis or request. If the comments can be successfully addressed, the EPA will publish a response to comments and notify the public. The EPA's complete process of soliciting and addressing comments is described in Section 2.4 of "Applying to EPA for Approval of Other Uses of Phosphogypsum: Preparing and Submitting a Complete Petition Under 40 CFR 61.206, A Workbook".
