Abstract: To facilitate the programmatic interest of the Rural Electrification Act of 1936, 7 U.S.C. 901, *et seq.* (RE Act), and, in order to assure that loans made or guaranteed by RUS are adequately secured, RUS, as a secured lender, has established certain standards and specifications for materials, equipment, and construction of electric systems. The use of standard forms, construction contracts, and procurement procedures helps assure that appropriate standards and specification are maintained, that RUS' loan security is not adversely affected, and the loan and loan guarantee funds are used effectively and for the intended purposes. The list of forms and corresponding purposes for this information collection are as follows:

1. RUS Form 168b, Contractor's Bond. This form is used to provide a surety bond for contracts on RUS Forms 200, 257, 786, 790, & 830.

2. RUS Form 168c, Contractor's Bond (less than \$1 million). This form is used to provide a surety bond in lieu of RUS Form 168b, when contractor's surety has accepted a small business administration guarantee.

3. RUS Form 187, Certificate of Completion-Contract Construction. This form is used for the closeout of RUS Forms 200, 257, 786, and 830.

4. RUS Form 198, Equipment Contract. This form is used for equipment purchases.

5. RUS Form 200, Construction Contract-Generating. This form is used for generating plant construction or for the furnishing and installation of major items of equipment.

6. RUS Form 213, Certificate ("Buy American"). This form is used to document compliance with the "Buy American" requirement.

7. RUS Form 224, Waiver and Release of Lien. This form is used by subcontractors to provide a release of lien in connection with the closeout of RUS Forms 198, 200, 257, 786, 790, and 830.

8. RUS Form 231, Certificate of Contractor. This form is used for the closeout of RUS Forms 198, 200, 257, 786, and 830.

9. RUS Form 238, Construction or Equipment Contract Amendment. This form is used to amend contracts except for distribution line construction contracts.

10. RUS Form 254, Construction Inventory. This form is used to document the final construction in connection with the closeout of RUS Form 830.

11. RUS Form 257, Contract to Construct Buildings. This form is used to construct headquarter buildings, generating plant buildings, and other structure construction.

12. RUS Form 307, Bid Bond. This form is used to provide a bid bond in RUS Forms 200, 257, 786, 790 and 830.

13. RUS Form 786, Electric System Communications and Control Equipment Contract. This form is used for delivery and installation of equipment for system communications.

14. RUS Form 790, Electric System Construction Contract Non-Site Specific Construction (Notice and Instructions to Bidders). This form is used for limited distribution construction accounted for under work order procedure.

15. RUS Form 792b, Certificate of Contractor and Indemnity Agreement (Line Extensions). This form is used in the closeout of RUS Form 790.

16. RUS Form 830, Electric System Construction Contract (labor & material). This form is used for distribution and/or transmission project construction.

Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (b) the accuracy of the Agency's estimate of the burden of the collection including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Copies of this information collection can be obtained from Kimble Brown, Rural Development Innovation Center,

Regulations Management Division, at Kimble.brown@usda.gov. All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

SUPPLEMENTARY INFORMATION: The Office of Management and Budget’s (OMB) regulation (5 CFR part 1320) implementing provisions of the Paperwork Reduction Act of 1995 (Pub. L. 104–13) requires that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities (see 5 CFR 1320.8(d)). This notice identifies an existing information collection that the Agency is submitting to OMB for revision.

Title: 7 CFR 1980, Special Authority to Enable Funding of Broadband and Smart Utility Facilities Across Select Rural Development Programs (Smart Utility).

OMB Control Number: 0572–0156.

Expiration Date of Approval: January 31, 2025.

Type of Request: Revision of a currently approved collection.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 1.5 hours per response.

Respondents: Businesses, not-for-profit institutions, and others.

Estimated Number of Respondents: 20.

Estimated Number of Responses per Respondent: 7.95.

Estimated Number of Responses: 159.

Estimated Total Annual Burden on Respondents: 239 hours.

Abstract: The collection of information is necessary for RD to determine an applicant’s ability to borrow under the terms of the 2018 Farm Bill and included programs and that the applicant complies with statutory, regulatory, and administrative eligibility requirements for loan assistance. As part of that submission, applicants are required to provide a service area map, where applicable, of their entire service territory.

Applicants seeking funding to finance the provision of retail broadband under the special broadband authority of this part are generally expected to comply with the rules related to broadband funding under Title VI of the Rural Electrification Act. To be considered for funding under special broadband authority, applicants must provide:

- (1) A description of the proposed retail broadband project;
- (2) a map, where applicable, of the proposed service area to be funded under smart utility authority of the applicant;
- (3) the amount and type of support requested by the applicant;

(4) any other information required of similar applicants under Title VI of the Rural Electrification Act.

Fully Searchable Data Base—The applicant information provided will be made part of a fully searchable database which could disclose to the public the information above.

Public Notice Survey—The agency will post a public notice filing on the agency’s website. Incumbent service providers in the area may respond to the public notice filing by providing a public notice response.

Comments are invited on: (a) whether this collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (b) the accuracy of the Agency’s estimate of the burden of the collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who respond, including through the use of appropriate automated, electronic, mechanical or other technological collection techniques, or other forms of information technology.

Copies of this information collection can be obtained from Kimble Brown, Rural Development Innovation Center, Regulations Management Division, at Kimble.Brown@usda.gov. All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.
