SUPPLEMENTARY INFORMATION:

I. Background

RD is a mission area within USDA comprised of the RUS, the Rural Business-Cooperative Service and Rural Housing Service that strives to increase economic opportunity and improve the quality of life for all rural Americans. RD invests in rural America with loan, grant, and loan guarantee programs to help drive economic security and prosperity.

Rural communities obtain the technical assistance and financing necessary to develop drinking water and waste disposal systems through RUS WEP. Safe drinking water and sanitary waste disposal systems are vital not only to public health, but also to the economic vitality of rural America. RD is a leader in helping rural America improve the quality of life and increase the economic opportunities for rural people.

OMB revised several parts of OMB Guidance for Grants and Agreements which is now called OMB Guidance for Federal Financial Assistance and is located in title 2 of the Code of Federal Regulations. The revisions were published in the **Federal Register** on April 22, 2024, at 89 FR 30046. The revisions must be implemented by October 1, 2024, but can be implemented any time after June 21, 2024. This final rule is being published as a technical/administrative correction to ensure the Agency's audit and financial statement requirements align with the OMB revisions made to 2 CFR part 200.

II. Summary of Changes

Section 1775.21(a) and (b) were updated to remove the \$750,000 monetary amount in order to reference the current Single Audit threshold and to amend the audit submission deadline. The audit submission requirement was updated to be thirty (30) calendar days after the auditee receives the auditor's report or nine (9) months after the end of the grantee's fiscal year, whichever is earlier. These changes were made to align with the updates to 2 CFR part 200.

III. Executive Orders

Executive Order 12866—Classification

This final rule is exempt from OMB review for purposes of Executive Order 12866 and, therefore, has not been reviewed by OMB.

Congressional Review Act

This rule is not subject to the Congressional Review Act ("CRA") (5 U.S.C. 801 *et seq.*), as the CRA provides an exemption for any rule relating to agency management or personnel and for rules relating to agency organization, procedure, or practice that does not substantially affect the rights or obligations of non-agency parties.

Assistance Listing Number (Formally Known as the Catalog of Federal Domestic Assistance)

The Assistance Listing Numbers assigned to the programs affected by this final rule are 10.761—Technical Assistance and Training Grants and 10.762—Solid Waste Management Systems Grants. The Assistance Listings are available at SAM.gov.

Executive Order 12372—Intergovernmental Consultation

The Assistance Listing Numbers are 10.761 and 10.762 for these programs and are subject to the provisions of Executive Order 12372 which requires

intergovernmental consultation with State and local officials

Paperwork Reduction Act

This final rule contains no reporting or recordkeeping provisions under OMB Control Number 0572–0112 requiring OMB approval under the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35).

National Environmental Policy Act

In accordance with the National Environmental Policy Act of 1969, Public Law 91–190, this final rule has been reviewed in accordance with 7 CFR part 1970 (“Environmental Policies and Procedures”). The Agency has determined that: (i) This action meets the criteria established in 7 CFR 1970.53(f); (ii) No extraordinary circumstances exist; and (iii) The action is not “connected” to other actions with potentially significant impacts, is not considered a “cumulative action” and is not precluded by 40 CFR 1506.1. Therefore, the Agency has determined that the action does not have a significant effect on the human environment, and therefore neither an Environmental Assessment nor an Environmental Impact Statement is required.

Regulatory Flexibility Act Certification

RUS certifies that this rule will not have a significant economic impact on a substantial number of small entities, as defined in the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). The RUS Water and Waste loan and grant programs provide loans to borrowers at interest rates and terms that are more favorable than those generally available from the private sector. RUS borrowers, as a result of obtaining Federal financing, receive economic benefits that exceed any direct economic costs associated with complying with RUS regulations and requirements.

Administrative Pay-As-You-Go-Act of 2023

Section 270 of the Administrative Pay-As-You-Go-Act of 2023 (Pub. L. 118–5, div. B, title III, 137 Stat 31) amended 5 U.S.C. 801(a)(2)(A) to require U.S. Government Accountability Office (GAO) to assess agency compliance with the Act, which establishes requirements for administrative actions that affect direct spending, in GAO’s major rule reports. The Act does not apply to this rule because it does not increase direct spending.

Executive Order 12988—Civil Justice Reform

This rule has been reviewed under Executive Order 12988. In accordance with this rule: (1) unless otherwise specifically provided, all State and local laws that conflict with this rule will be preempted; (2) no retroactive effect will be given to this rule except as specifically prescribed in the rule; and (3) administrative proceedings of the National Appeals Division of the Department of Agriculture (7 CFR part 11) must be exhausted before bringing suit in court that challenges action taken under this rule.

Unfunded Mandates Reform Act

This final rule contains no Federal Mandates (under the regulatory provision of title II of the Unfunded Mandates Reform Act of 1995 (2 U.S.C. chapter 25) for State, local, and Tribal governments, or the private sector. Thus, this final rule is not subject to the requirements of sections 202 and 205 of the Unfunded Mandates Reform Act of 1995.

Executive Order 13132—Federalism

The policies contained in this rule do not have any substantial direct effect on States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. Nor does this rule impose substantial direct compliance costs on State and local governments. Therefore, consultation with the States is not required.

Executive Order 13175—Consultation and Coordination With Indian Tribal Governments

This Executive order imposes requirements on RUS in the development of regulatory policies that have Tribal implications or preempt Tribal laws. The Agency has determined that the final rule does not have a substantial direct effect on one or more Indian tribe(s) or on either the relationship or the distribution of powers and responsibilities between the Federal Government and Indian tribes. Thus, this final rule is not subject to the requirements of Executive Order 13175. If Tribal leaders are interested in consulting with the Agencies on this final rule, they are encouraged to contact USDA’s Office of Tribal Relations or RD’s Native American Coordinator at: AIAN@usda.gov to request such a consultation.

E-Government Act Compliance

RD is committed to the E-Government Act, which requires Government

agencies in general to provide the public the option of submitting information or transacting business electronically to the maximum extent possible and to promote the use of the internet and other information technologies to provide increased opportunities for citizen access to Government information and services, and for other purposes.

Civil Rights Impact Analysis

RD has reviewed this final rule in accordance with USDA Regulation 4300–4, Civil Rights Impact Analysis, to identify any major civil rights impacts the rule might have on program participants on the basis of age, race, color, national origin, sex, disability, marital or familial status. Based on the review and analysis of the rule and all available data, issuance of this final rule is not likely to negatively impact low and moderate-income populations, minority populations, women, Indian tribes or persons with disability, by virtue of their age, race, color, national origin, sex, disability, or marital or familial status. No major civil rights impact is likely to result from this final rule.

Single Family Housing Section 502 Direct and Guaranteed Manufactured Housing Pilots

AGENCY: Rural Housing Service, USDA.

ACTION: Notification of extension of waivers.

SUMMARY: The Rural Housing Service (RHS or the Agency), a Rural Development agency of the United States Department of Agriculture (USDA), is issuing this notification to extend the period to waive two regulatory requirements for the Section 502 Direct and Guaranteed Manufactured Housing program, while the Agency completes the rulemaking to remove regulatory barriers to assist eligible applicants by improving the ease of the pilot program (pilot) use for very low to moderate-income homeowners that seek to purchase more affordable housing. This continues to support the current Administration's Housing Supply Action Plan which seeks to boost new financing mechanisms to build and supply quality affordable housing units. This document briefly discusses the waivers the Agency intends to continue and provides contact information for additional details about the pilot.

DATES: The effective date of the two regulatory waivers is November 4, 2024. The duration of the pilot is anticipated to continue until May 1, 2025, or the date the Updating Manufactured Housing Provisions Final Rule is published and effective, whichever comes first. Additionally, the RHS may extend the pilot (with or without modifications) or terminate it depending on the workload and resources (*i.e.*, budget and other considerations) required to administer the program, feedback from the public, and the effectiveness of the program. If the pilot is extended or terminated, the RHS will notify the public through a document published in the **Federal Register**.

SUPPLEMENTARY INFORMATION:

Authority: Title V, Section 502 of the Housing Act of 1949, as amended; 42 U.S.C. 1472.

Background

The RHS is committed to helping improve the economy and quality of life in rural areas by offering a variety of programs. The Agency offers loans, grants, and loan guarantees to help create jobs, expand economic development, and provide critical infrastructure investments. RHS also provides technical assistance loans and grants by partnering with agricultural producers, cooperatives, Indian tribes, non-profits, and other local, State, and Federal agencies.

Affordable housing is essential to the vitality of communities in rural America. Rural Development's Single Family Housing Programs give families and individuals the opportunity to purchase, build, repair their existing home, or to refinance their current mortgage under certain criteria. Eligibility for these loans, loan guarantees, or grants is based on income which varies according to the average median income for each eligible rural area.

The objective of the Section 502 Direct Loan Program under 7 CFR part 3550 is to assist very low and low-income applicants to own adequate but modest, decent, safe, and sanitary housing in eligible rural areas by providing payment assistance to increase an applicant's repayment ability. The payment assistance is a type of subsidy that reduces the mortgage payment for a short time and is determined by the adjusted family income. There are a number of different factors that determine the applicant's eligibility for this program but at minimum they must have the adjusted income that is at or below the applicable low-income limit for the area where they wish to purchase a home and they must demonstrate a willingness and have the ability to repay the debt.

The Section 502 Guaranteed Loan Program, under 7 CFR part 3555,
