

Missile Defense Sensors (LTAMDS) Twelve (12) Large Tactical Power Systems (LTPS) for the LTAMDS

Non-MDE:

Also included is communications equipment; tools and test equipment; support equipment; generators; spare parts; repair parts; Selective Availability Anti-spoofing Module (SAASM) Global Positioning System Precise Positioning Service receivers; modification kits; U.S. Government and contractor technical, engineering, and logistics support services for planning, execution, Systems Integration and Checkout (SICO), flight test activities, field office support, and training; and other related elements of logistics and program support.

(iv) *Military Department:* Army (PL-B-UEJ), PL-B-UEK, PL-B-UEL, PL-B-UEM)

(v) *Prior Related Cases, if any:* PL-B-UCW

(vi) *Sales Commission, Fee, etc., Paid, Offered, or Agreed to be Paid:* None

(vii) *Sensitivity of Technology Contained in the Defense Article or Defense Services Proposed to be Sold:* See Attached Annex

(viii) *Date Report Delivered to Congress:*

* As defined in Section 47(6) of the Arms Export Control Act.

POLICY JUSTIFICATION

Poland—Integrated Air and Missile Defense (IAMD) Battle Command System (IBCS)

The Government of Poland has requested to buy phase two of a two-phase program for an Integrated Air and Missile Defense Battle Command System (IBCS) enabled PATRIOT Configuration-3+ with modernized sensors and components. The request is for the following equipment: forty-eight (48) PATRIOT M903 Launch Stations; up to six hundred forty-four (644) PATRIOT Advanced Capability (PAC) 3 Missile Segment Enhanced (MSE) missiles; forty-eight (48) Launcher Interface Network Kits (LINKs); twelve (12) Lower Tier Air and Missile Defense Sensors (LTAMDS); and twelve (12) Large Tactical Power Systems (LTPS) for the LTAMDS. Also included is communications equipment; tools and test equipment; support equipment; generators; spare parts; repair parts; Selective Availability Anti-spoofing Module (SAASM) Global Positioning System Precise Positioning Service receivers; modification kits; U.S. Government and contractor technical, engineering, and logistics support

services for planning, execution, Systems Integration and Checkout (SICO), flight test activities, field office support, and training; and other related elements of logistics and program support. The total estimated program cost is \$15 billion.

This proposed sale will support the foreign policy goals and national security objectives of the United States (U.S.) by improving the security of a NATO Ally that is a force for political stability and economic progress in Europe.

The proposed sale will improve Poland's missile defense capability and contribute to Poland's military goals of updating capability while further enhancing interoperability with the U.S. and other allies. Poland will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractors will be Raytheon Corporation, Andover, MA; Lockheed-Martin Missiles and Fire Control, Grand Prairie, TX; and another original equipment manufacturer to be selected to develop and produce generator sets for the LTPS. The purchaser has requested offsets. Any offset agreement will be defined in negotiations between the purchaser and the contractor(s).

Implementation of this proposed sale will require approximately forty (40) U.S. Government and/or forty-five (45) contractor representatives to travel to Poland for an extended period for equipment de-processing/fielding, system checkout, training, and technical and logistics support.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 23-16

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act

Annex

Item No. vii

(vii) *Sensitivity of Technology:*

1. The PATRIOT Advanced Capability (PAC) 3 Missile Segment Enhanced (MSE) missile is a small, highly agile, kinetic kill interceptor for defense against tactical ballistic missiles, cruise missiles, and air-breathing threats. The MSE variant of the PAC-3 missile represents the next generation in hit-to-kill interceptors and provides expanded battlespace against evolving threats. The PAC-3 MSE improves upon the original PAC-3 capability with a higher performance solid rocket motor,

modified lethality enhancer, more responsive control surfaces, upgraded guidance software, and insensitive munitions improvements.

2. M903 launcher stations are capable of launching the entire family of PATRIOT missiles. All new U.S. launchers are M903 configuration.

3. The highest level of classification of defense articles, components, and services included in this potential sale is SECRET.

4. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures that might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.

5. A determination has been made that the Government of Poland can provide substantially the same degree of protection for the sensitive technology being released as the U.S. Government. This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.

6. All defense articles and services listed in this transmittal have been authorized for release and export to the Government of Poland.

BILLING CODE 6001-FR-P

DEPARTMENT OF DEFENSE

Office of the Secretary

[Docket ID: DoD-2024-OS-0109]

Proposed Collection; Comment Request

AGENCY: Office of the Under Secretary of Defense for Acquisition and Sustainment (OUSD(A&S)), Department of Defense (DoD).

ACTION: 60-Day information collection notice.

SUMMARY: In compliance with the *Paperwork Reduction Act of 1995*, the Defense Logistics Agency announces a proposed public information collection and seeks public comment on the provisions thereof. Comments are invited on: whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; the accuracy of the agency's estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the

burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received by December 10, 2024.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the instructions for submitting comments.

Mail: Department of Defense, Office of the Assistant to the Secretary of Defense for Privacy, Civil Liberties, and Transparency, Regulatory Directorate, 4800 Mark Center Drive, Mailbox #24 Suite 05F16, Alexandria, VA 22350–1700.

Instructions: All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to the Defense Logistics Agency, 4800 Mark Center Drive, Suite 14G07–01, Alexandria, VA 22350, ATTN: Suzanne Rohr, 269–961–4274.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Defense Materiel Disposition Procedures for the Sale of DoD Materiel; DLA Form 2536; OMB Control Number 0704–0534.

Needs and Uses: This collection is necessary for the DoD and its representatives to assess the ability of prospective purchasers to comply with applicable laws and regulations before the sale of materiel. DLA Form 2536, “Statement of Intent,” is used to identify the nature of the purchaser’s business, where the materials will be stored, and what the buyer’s intentions are with the materiel (*i.e.*, use the materiel as intended, re-sell to others, scrap the materiel for recovery of contents, or re-refine or re-process the materiel).

Affected Public: Business or other for-profit.

Annual Burden Hours: 198.

Number of Respondents: 72.

Responses per Respondent: 2.

Annual Responses: 144.

Average Burden per Response: 82.5 minutes.

Frequency: On occasion.

Dated: October 7, 2024.

Patricia L. Toppings,

*OSD Federal Register Liaison Officer,
Department of Defense.*

BILLING CODE 6001–FR–P

DEPARTMENT OF EDUCATION

[Docket ID ED–2024–IES–0078]

Privacy Act of 1974; System of Records

AGENCY: Institute of Education Sciences, U.S. Department of Education.

ACTION: Notice of a new system of records.

SUMMARY: In accordance with the Privacy Act of 1974, as amended (Privacy Act), the U.S. Department of Education (Department) publishes this notice of a new system of records titled “Impact Evaluation of Training in Multi-Tiered Systems of Support for Reading (MTSS–R) in Early Elementary School” (18–13–48). This system contains personally identifiable information provided by school districts, schools, and individuals who participate in the impact evaluation of training in MTSS–R. The records in this system will be used to measure the effectiveness of two promising ways of providing technical assistance (TA) to improve the quality of reading instruction and how struggling elementary school students are identified and provided with extra help.

DATES: Submit your comments on this notice of a new system of records on or before November 12, 2024. This new system of records will become applicable upon publication in the **Federal Register** on October 11, 2024, unless it needs to be changed as a result of public comment. The routine uses outlined in the section titled “ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND PURPOSES OF SUCH USES” will become effective on the expiration of the 30-day period of public comment on November 12, 2024, unless they need to be changed as a result of public comment. The Department will publish any significant changes to the system of records or routine uses resulting from public comment.

ADDRESSES: Comments must be submitted via the Federal eRulemaking Portal at regulations.gov. However, if

you require an accommodation or cannot otherwise submit your comments via regulations.gov, please contact the program contact person listed under **FOR FURTHER INFORMATION CONTACT**. The Department will not accept comments submitted by fax or by email, or comments submitted after the comment period closes. To ensure that the Department does not receive duplicate copies, please submit your comments only once. In addition, please include the Docket ID at the top of your comments.

• *Federal eRulemaking Portal:* Go to www.regulations.gov to submit your comments electronically. Information on using Regulations.gov, including instructions for accessing agency documents, submitting comments, and viewing the docket, is available on the site under “FAQ”.

Privacy Note: The Department’s policy is to make all comments received from members of the public available for public viewing in their entirety on the Federal eRulemaking Portal at www.regulations.gov. Therefore, commenters should be careful to include in their comments only information that they wish to make publicly available.

Assistance to Individuals with Disabilities in Reviewing the Rulemaking Record: On request, the Department will provide an appropriate accommodation or auxiliary aid to an individual with a disability who needs assistance to review the comments or other documents in the public rulemaking record for this notice. If you want to schedule an appointment for this type of accommodation or auxiliary aid, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

FOR FURTHER INFORMATION CONTACT: Teresa Cahalan, SORN coordinator, Institute of Education Sciences, U.S. Department of Education, Potomac Center Plaza, 550 12th Street SW, Room 4126, Washington, DC 20202. Telephone: 202–245–7299. Email: IES_SORN@ed.gov.

If you are deaf, hard of hearing, or have a speech disability, please dial 7–1–1 to access telecommunications relay services.

SUPPLEMENTARY INFORMATION: The records maintained in this system will be used to measure the effectiveness of two promising ways of providing TA to improve the quality of reading instruction and how struggling elementary school students are identified and provided with extra help. The information contained in the records maintained in this system will
