Copies of available documents submitted to OMB may be obtained from Ms. Pollard.

**SUPPLEMENTARY INFORMATION:** This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

**A. Overview of Information Collection**

*Title of Information Collection:* Data Collection and Reporting for HUD’s Continuum of Care Program—Annual Performance Report and System Performance Report.

*OMB Approval Number:* 2506-0145.

*Type of Request:* Revision of a currently approved collection.

*Form Number:* N/A.

*Description of the need for the information and proposed use:* This request is for clearance of data collection and reporting to enable the U.S. Department of Housing and Urban Development (HUD) Office of

Community Planning and Development (CPD) to continue to manage and assess the effectiveness of its homeless assistance projects on an annual basis. Per 24 CFR 578.103(e), HUD requires recipients and subrecipients that receive funding through the CoC Program (authorized by the McKinney-Vento Homeless Assistance Act, as amended) to prepare and submit annual project-level reports on performance and spending.

This request will also enable the HUD CPD Office to initiate a process to assess the effectiveness of local coordinated systems of homeless assistance. The McKinney-Vento Homeless Assistance Act, as amended, requires communities to measure their performance as a coordinated system, in addition to analyzing performance of specific projects and project types. Section 427 of the Act established a set of selection criteria for HUD to use in awarding CoC Program funding. These selection criteria require CoCs to report to HUD their system-level performance. The intent of these selection criteria are to encourage CoCs, in coordination with Emergency Solutions Grant (ESG)

Program recipients and all other homeless assistance stakeholders in the community, to regularly measure their progress in meeting the needs of people experiencing homelessness in their community and to report this progress to HUD. This request is for HUD to collect system-level performance measure data from CoCs on an annual basis, as described in Appendix B of this document.

The project APR and system-level performance measures both rely on a primary data source in each CoC—a local Homeless Management Information System (HMIS). An HMIS is an electronic data collection system that stores project-level and person-level information about homeless persons who access a community’s homeless service system. Over the past two decades, HUD has supported the development of local HMIS by funding their development and implementation, by providing technical assistance, and by developing national data standards that enable the collection of standardized information on the characteristics, service patterns and service needs of homeless persons

within a jurisdiction and across jurisdictions. These standards are described in HUD’s HMIS Data Standards.

In addition to a CoC’s HMIS data, the system-level performance measures will also rely on data collected by CoCs as part of their Point-in-Time (PIT) count efforts. CoCs are required by HUD to complete a sheltered PIT count of all homeless persons who are sheltered in emergency shelter, transitional housing, and Safe Havens and a count of unsheltered persons on a single night in January at least once every other year. HUD incentivizes annual participation in the sheltered and unsheltered PIT count through its annual CoC Program Competition. HUD releases a Notice which outlines its data collection guidance for the PIT count and the Housing Inventory Count (HIC), which is an annual point-in-time inventory of projects within a CoC that provide beds and units dedicated to serve persons who are homeless. jurisdictions. These standards are described in HUD’s HMIS Data Standards.

[Docket Number: FR-7092-N-38]

**Privacy Act of 1974; Matching Program**

**AGENCY:** Office of Public and Indian Housing, Real Estate Assessment Center, HUD.

**ACTION:** Notice of a new matching program.

**SUMMARY:** Pursuant to the Computer Matching and Privacy Protection Act of 1988, as amended, the Department of Housing and Urban Development (HUD) is providing notice of its intent to re-establish a computer matching agreement (CMA) with the Social Security Administration (SSA) for a recurring matching program with HUD's Office of Public and Indian Housing (PIH) and Office of Housing, involving comparisons of Social Security numbers (SSN) and benefit information provided by participants in any authorized HUD rental housing assistance program. HUD will obtain SSA data and make the results available to: Program administrators such as public housing agencies (PHAs) and private owners and management agents (O/As) (collectively referred to as POAs) to enable them to verify the accuracy of income reported by the tenants (participants) of HUD rental assistance programs, and contract administrators (CAs) overseeing and monitoring O/A operations as well as independent public auditors (IPAs) that audit both PHAs and O/As. The most recent renewal of the current matching agreement expires on October 15, 2024.

**DATES: Comments Due Date:** November 14, 2024. The CMA will become applicable 30 days after the publication of this notice, unless comments have been received from interested members of the public requiring modification and republication of the notice. The matching program will continue for 18 months after the applicable date and may be extended for an additional 12 months, if the respective agency Data Integrity Boards (DIBs) determine that the conditions specified in 5 U.S.C. 552a(o)(2)(D) have been met.

**ADDRESSES:** Interested persons are invited to submit comments regarding this notice to:

*Federal e-Rulemaking Portal:* <https://www.regulations.gov>. Follow the instructions provided on that site to submit comments electronically.
