Privacy Act of 1974; Matching Program

AGENCY: Office of Public and Indian Housing, Real Estate Assessment Center, HUD.

ACTION: Notice of a new matching program.

SUMMARY: Pursuant to the Computer Matching and Privacy Protection Act of 1988, as amended, the Department of Housing and Urban Development (HUD) is providing notice of its intent to re-establish a computer matching agreement (CMA) with the Social Security Administration (SSA) for a recurring matching program with HUD's Office of Public and Indian Housing (PIH) and Office of Housing, involving comparisons of Social Security numbers (SSN) and benefit information provided by participants in any authorized HUD rental housing assistance program. HUD will obtain SSA data and make the results available to: Program administrators such as public housing agencies (PHAs) and private owners and management agents (O/As) (collectively referred to as POAs) to enable them to verify the accuracy of income reported by the tenants (participants) of HUD rental assistance programs, and contract administrators (CAs) overseeing and monitoring O/A operations as well as independent public auditors (IPAs) that audit both PHAs and O/As. The most recent renewal of the current matching agreement expires on October 15, 2024.

DATES: Comments Due Date: November 14, 2024. The CMA will become applicable 30 days after the publication of this notice, unless comments have been received from interested members of the public requiring modification and republication of the notice. The matching program will continue for 18 months after the applicable date and may be extended for an additional 12 months, if the respective agency Data Integrity Boards (DIBs) determine that the conditions specified in 5 U.S.C. 552a(o)(2)(D) have been met.

SUPPLEMENTARY INFORMATION: This notice supersedes a similar notice published in the **Federal Register** on March 15, 2022, at 87 FR 14552. Administrators of HUD rental assistance programs rely upon the accuracy of tenant-reported income to determine participant eligibility for and level of rental assistance. The computer matching program may provide indicators of potential tenant unreported or under-reported income,

which will require additional verification to identify inappropriate or inaccurate rental assistance and may provide indicators for potential administrative or legal actions. The matching program will be carried out to detect inappropriate or inaccurate rental assistance. Specifically, the computer matching program will match HUD's tenant data to SSA's death data, Social Security (SS) and Supplemental Security Income (SSI) benefits data.

PARTICIPATING AGENCIES:

Department of Housing and Urban Development and the Social Security Administration.

AUTHORITY FOR CONDUCTING THE MATCHING PROGRAM:

42 U.S.C. 3543 authorizes HUD to require rental assistance applicants and participants to disclose their SSNs. HUD requires, as a condition of eligibility, that individuals requesting, or continuing to receive, rental assistance disclose their SSNs (24 CFR 5.216). Section 1106 of the Social Security Act (Act) (42 U.S.C. 1306) and the regulations promulgated thereunder provide legal authority for SSA's disclosures in this agreement (20 CFR part 401). Section 205(r)(3) of the Act (42 U.S.C. 405(r)(3)) provides legal authority for SSA to disclose death data to Federal agencies to ensure proper payment of Federally funded benefits. Pursuant to section 7213 of the Intelligence Reform and Terrorism Prevention Act of 2004, Public Law (Pub. L.) 108-458, SSA includes death indicators in verification routines that SSA determines to be appropriate.

PURPOSE(S):

HUD's primary objective of the computer matching program is to verify the income of participants in certain rental assistance programs to determine the appropriate level of rental assistance, and to detect, deter, and correct fraud, waste, and abuse in rental housing assistance programs. In meeting these objectives, HUD also is carrying out a responsibility under 42 U.S.C. 1437f(k) to ensure that income data provided to POAs by household members is complete and accurate. HUD's various rental housing assistance programs require that participants meet certain income and other criteria to be eligible for rental assistance. In addition, tenants generally are required to report and recertify the amounts and sources of their income at least annually. However, under the Quality Housing and Work Responsibility Act of 1998, PHAs operating Public Housing programs may offer tenants the option to

pay a flat rent or an income-based rent. Those tenants who select a flat rent will be required to recertify income at least every three years. In addition, the changes to the Admissions and Occupancy final rule (March 29, 2000 (65 FR 16692)) specified that household composition must be recertified annually for tenants who select a flat rent or income-based rent. Additional uses/benefits of this computer matching program include: (1) increasing the availability of rental assistance to individuals who meet the requirements of the rental assistance programs; (2) after removal of personal identifiers, conducting analyses of SSA death data and benefit information, and income reporting of program participants; and (3) measuring improper payments due to under-reporting of income and/or overpayment of subsidy on behalf of deceased program participants.

A. Overview of Information Collection

Title of Information Collection: Community Development Block Grant Entitlement Program.

OMB Approval Number: 2506-0077.

Type of Request: Revision.

Form Number: N/A.

Description of the need for the information and proposed use: This

request identifies the estimated reporting burden associated with information that CDBG entitlement grantees will report in IDIS for CDBG-assisted activities, recordkeeping requirements, and reporting requirements. Grantees are encouraged to update their accomplishments in IDIS on a quarterly basis. In addition, grantees are required to retain records necessary to document compliance with statutory and regulatory requirements, Executive orders, 2 CFR part 200 requirements, and determinations required to be made by grantees as a determination of eligibility. Among the reports grantees now submit in IDIS is the PR 29 Cash on Hand Quarterly Report. This report is a conversion of the SF-425. Federal Financial Report, that grantees submitted by hard copy, but with the addition of data elements related to local account repayment receipt funds and revolving loan funds that grantees may have under their control. As a new form, included in this information collection for the first time, it is also being presented for OMB review and approval and public comment. Also, grantees are required to prepare and submit their Consolidated Annual Performance and Evaluation Reports, which demonstrate the progress grantees make in carrying out CDBG-assisted activities listed in their consolidated plans. This report is due to HUD 90 days after the end of the grantee's program year. The information required for any activity is generally based on the eligibility of the activity and which of the three national objectives (benefit low- and moderate-income persons; eliminate/prevent slums or blight; or meet an urgent need) the grantee has determined that the activity will address.

Respondents: Grant recipients (metropolitan cities and urban counties) participating in the CDBG Entitlement Program.

Estimation number of Respondents: 1,237.

Estimation Number of Responses: The proposed frequency of the response to the collection is on an annual basis.

Frequency of Response: Annually.
