DEPARTMENT OF EDUCATION

[Docket No.: ED-2024-SCC-0127]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Impact Aid Discretionary Grant Application (1894-0001)

AGENCY: Office of Elementary and Secondary Education (OESE), Department of Education (ED).

ACTION: Notice

SUMMARY: In accordance with the Paperwork Reduction Act (PRA) of 1995, the Department is proposing a new information collection request (ICR).

DATES: Interested persons are invited to submit comments on or before November 15, 2024.

ADDRESSES: Written comments and recommendations for proposed information collection requests should be submitted within 30 days of publication of this notice. Click on this link www.reginfo.gov/public/do/PRAMain to access the site. Find this information collection request (ICR) by selecting "Department of Education" under "Currently Under Review," then check the "Only Show ICR for Public Comment" checkbox. *Reginfo.gov* provides two links to view documents related to this information collection request. Information collection forms and instructions may be found by clicking on the "View Information Collection (IC) List" link. Supporting statements and other supporting documentation may be found by clicking on the "View Supporting Statement and Other Documents" link.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Andrew Brake, (202) 453-6136.

SUPPLEMENTARY INFORMATION: The Department is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the

Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Impact Aid Discretionary Grant Application (1894-0001).

OMB Control Number: 1810-NEW.

Type of Review: New ICR.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 25.

Total Estimated Number of Annual Burden Hours: 150.

Abstract: The Impact Aid Program, authorized by Title VII of the Elementary and Secondary Education Act (ESEA), as amended by the Every Student Succeeds Act (ESSA), provides financial assistance to Local Educational Agencies (LEAs) whose enrollment or revenues are adversely affected by Federal activities.

The Impact Aid Discretionary Construction Program provides grants to eligible Impact Aid school districts to assist in addressing their school facility emergency and modernization needs. The eligible Impact Aid school districts have a limited ability to raise revenues for capital improvements because they have large areas of Federal land within their boundaries. As a result, these districts find it difficult to respond when their school facilities are in need of emergency repairs or modernization.

This is a new information collection requesting approval through the streamlined discretionary grant application package process (1894-0001). This request is not related to rulemaking.

This collection is being submitted under the Streamlined Clearance Process for Discretionary Grant Information Collections (1894-0001). Therefore, the 30-day public comment period notice will be the only public comment notice published for this information collection.

Dated: October 10, 2024.

Kun Mullan,

PRA Coordinator, Strategic Collections and Clearance, Governance and Strategy Division, Office of Chief Data Officer, Office of Planning, Evaluation and Policy Development.

BILLING CODE 4000-01-P

DEPARTMENT OF ENERGY

Privacy Act of 1974; System of Records

AGENCY: U.S. Department of Energy.

ACTION: Notice of a modified system of records.

SUMMARY: As required by the Privacy Act of 1974 and the Office of Management and Budget (OMB) Circulars A-108 and A-130, the Department of Energy (DOE or the Department) is publishing notice of a modification to an existing Privacy Act system of records. DOE proposes to amend System of Records DOE-2 DOE-Personnel Supervisor Maintained Personnel Records. This System of Records Notice (SORN) is being modified to align with new formatting requirements, published by the OMB, and to ensure appropriate Privacy Act coverage of business processes and Privacy Act information. While there are no substantive changes to the "Categories of Individuals" or "Categories of Records" sections covered by this SORN, substantive changes have been made to the "System Locations," "Routine Uses," and "Administrative, Technical and Physical Safeguards" sections to provide greater transparency. Changes to "Routine Uses" include new provisions related to responding to breaches of information held under a Privacy Act SORN as required by OMB's Memorandum M-17-12, "Preparing for and Responding to a Breach of Personally Identifiable Information" (January 3, 2017). Language throughout the SORN has been updated to align with applicable Federal privacy laws, policies, procedures, and best practices.

DATES: This modified SORN will become applicable following the end of the public comment period on November 15, 2024 unless comments are received that result in a contrary determination.

ADDRESSES: Written comments should be sent to the DOE Desk Officer, Office of Information and Regulatory Affairs, Office of Management and Budget, New Executive Office Building, Room 10102, 735 17th Street NW, Washington, DC 20503 and to Ken Hunt, Chief Privacy Officer, U.S. Department of Energy, 1000 Independence Avenue SW, Rm. 8H-085, Washington, DC 20585, by facsimile at (202) 586-8151, or by email at privacy@hq.doe.gov.

FOR FURTHER INFORMATION CONTACT: Ken Hunt, Chief Privacy Officer, U.S. Department of Energy, 1000 Independence Avenue SW, Rm. 8H-

085, Washington, DC 20585 or by facsimile at (202) 586-8151, by email at privacy@hq.doe.gov, or by telephone at (240) 686-9485.

SUPPLEMENTARY INFORMATION: On January 9, 2009, DOE published a Compilation of its Privacy Act systems of records, which included System of Records DOE-2 DOE-Personnel Supervisor Maintained Personnel Records. For clarity, this notice proposes to change the name of the SORN to Supervisor-Maintained Personnel Records. It removes System Locations where DOE-2 is no longer applicable. These locations are as follows: Alaska Power Administration and Southeastern Power Administration. Moreover, the National Nuclear Security Administration's (NNSA) Nevada Site Office and Naval Reactors Field Offices in Pittsburgh and Schenectady have been removed. Addresses for the National Energy Technology Laboratory's (NETL) sites in Pittsburgh, Morgantown, and Albany have been updated. Addresses for NETL's site in Oklahoma has been removed as it no longer requires coverage. The Office of River Protection/Richland Operations Office, Environmental Management Consolidated Business Center, and Southwestern Power Administration addresses have been updated. In the "Routine Uses" section, this modified notice deletes a previous routine use concerning efforts responding to a suspected or confirmed loss of confidentiality of information as it appears in DOE's compilation of its Privacy Act systems of records (January 9, 2009) and replaces it with one to assist DOE with responding to a suspected or confirmed breach of its records of Personally Identifiable Information (PII), modeled with language from OMB's Memorandum M-17-12, "Preparing for and Responding to a Breach of Personally Identifiable Information" (January 3, 2017). Further, this notice adds one new routine use to ensure that DOE may assist another agency or entity in responding to the other agency's or entity's confirmed or suspected breach of PII, as appropriate, as aligned with OMB's Memorandum M-17-12. Several categories have been added to the "Categories of Records in the System." These include work email address, place of birth, employment/HR information (GS grade and step, tenure, performance ratings, performance history, and employee number); telework agreements, military orders, work schedule agreements, records pertaining to reasonable accommodation requests, sick-leave related medical

documentation, and individual development plans. An administrative change required by the FOIA Improvement Act of 2016 extends the length of time a requestor is permitted to file an appeal under the Privacy Act from 30 to 90 days. Both the "System Locations" and "Administrative, Technical and Physical Safeguards" sections have been modified to reflect the Department's usage of cloud-based services for records storage. Language throughout the SORN has been updated to align with applicable Federal privacy laws, policies, procedures, and best practices.

Data located in the cloud-based server is firewalled and encrypted at rest and in transit. The security mechanisms for handling data at rest and in transit are in accordance with DOE encryption standards. Records are protected from unauthorized access through the following appropriate safeguards:

- *Administrative:* Access to all records is limited to lawful government purposes only, with access to electronic records based on role and either two-factor authentication or password
