

overdose reversals; the purchase and distribution of naloxone and other opioid overdose reversal medications; types of entities that distribute naloxone and other opioid overdose reversal medications; training on recognizing an opioid overdose and appropriate use of naloxone and other opioid overdose reversal medications; implementation of prevention and education activities; the purchase and distribution of drug checking technologies as directed by SAMHSA; treatment services for opioid use disorder (OUD) and stimulant use disorder; types of recovery support

services; and the expenditure amounts for each SOR and TOR grant sub-recipient. This grantee-level information will be collected quarterly for questions 1 to 13b, and annually for the sub-recipient entity inventory table.

The revisions to the tool will continue to enable SAMHSA to better assess grantee accountability and performance on the required prevention, education, harm reduction, treatment, and recovery support activities for the SOR/TOR programs. The revisions will continue to assist SAMHSA in providing comprehensive data on the full range of

required activities to inform Congressionally mandated reports for the SOR program.

The Center for Substance Abuse Treatment (CSAT) anticipates that the time required to collect and report the program-level information is approximately 33 minutes per response. Since the submission of the previous OMB package, there has been an increase in the number of respondents. The estimated burden associated with the program-level instrument includes an adjustment to reflect the current number of grantees.

TABLE 1—ESTIMATE OF ANNUALIZED HOUR BURDEN FOR SOR/TOR GRANTEES

SAMHSA data collection	Number of respondents	Responses per respondent	Total number of responses	Burden hours per response	Total burden hours	Hourly wage ¹	Total wage cost
Grantee-Level Instrument	189	4	756	.30	226.80	\$28.89	\$6,552.25
Grantee-Level Instrument	189	1	189	.25	47.25	28.89	1,365.05
Total	378	5	945	.55	274.05	28.89	7,917.30

¹ The hourly wage estimate is \$28.89 based on the Occupational Employment and Wages, Mean Hourly Wage Rate for 21–1018 Substance Abuse, Behavioral Disorder, and Mental Health Counselors= \$28.89/hr. as of May 2023 (<https://www.bls.gov/oes/current/oes211018.htm> Accessed on September 23, 2024.)

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

Krishna Palipudi,

Social Science Analyst.

BILLING CODE 4162–20–P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA–2024–0002]

Final Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: Notice.

SUMMARY: Flood hazard determinations, which may include additions or modifications of Base Flood Elevations (BFEs), base flood depths, Special Flood Hazard Area (SFHA) boundaries or zone designations, or regulatory floodways on the Flood Insurance Rate Maps (FIRMs) and where applicable, in the supporting Flood Insurance Study (FIS) reports

have been made final for the communities listed in the table below. The FIRM and FIS report are the basis of the floodplain management measures that a community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the Federal Emergency Management Agency’s (FEMA’s) National Flood Insurance Program (NFIP).

DATES: The date of February 14, 2025 has been established for the FIRM and, where applicable, the supporting FIS report showing the new or modified flood hazard information for each community.

ADDRESSES: The FIRM, and if applicable, the FIS report containing the final flood hazard information for each community is available for inspection at the respective Community Map Repository address listed in the tables below and will be available online through the FEMA Map Service Center at <https://msc.fema.gov> by the date indicated above.

FOR FURTHER INFORMATION CONTACT: Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646–7659, or (email) patrick.sacbibit@fema.dhs.gov; or visit the FEMA Mapping and Insurance eXchange (FMIX) online at https://www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) makes the final determinations listed below for the new or modified flood hazard information for each community listed. Notification of these changes has been published in newspapers of local circulation and 90 days have elapsed since that publication. The Deputy Associate Administrator for Insurance and Mitigation has resolved any appeals resulting from this notification.

This final notice is issued in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR part 67. FEMA has developed criteria for floodplain management in floodprone areas in accordance with 44 CFR part 60.

Interested lessees and owners of real property are encouraged to review the new or revised FIRM and FIS report available at the address cited below for each community or online through the FEMA Map Service Center at <https://msc.fema.gov>.

The flood hazard determinations are made final in the watersheds and/or communities listed in the table below. (Catalog of Federal Domestic Assistance No. 97.022, “Flood Insurance.”)

Nicholas A. Shufro,

Assistant Administrator (Acting) for Risk Management, Federal Emergency Management Agency, Department of Homeland Security.

BILLING CODE 9110-12-P

DEPARTMENT OF HOMELAND SECURITY**[Docket No. CISA-2024-0013]****Agency Information Collection Activities: Incident Reporting Form and Associated Submission Tools (ICR 1670-0037)****AGENCY:** Cybersecurity and Infrastructure Security Agency (CISA), Department of Homeland Security (DHS).**ACTION:** 30-Day notice and request for comments.

SUMMARY: The Cybersecurity Division (CSD) within the Cybersecurity and Infrastructure Security Agency (CISA) submits the following information collection request (ICR) to the Office of Management and Budget (OMB) for review and clearance. CISA previously published this information collection request (ICR) in the **Federal Register** on June 26, 2024, for a 60-day public comment period. CISA received no comments related to this information collection during the comment period. The purpose of this notice is to allow additional 30-days for public comments.

DATES: Comments are encouraged and will be accepted until November 20, 2024. Submissions received after the deadline for receiving comments may not be considered.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

The Office of Management and Budget is particularly interested in comments which:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who

are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

FOR FURTHER INFORMATION CONTACT:

Brian DeWyngaert; 202-657-1360; Brian.dewyngaert@cisa.dhs.gov.

SUPPLEMENTARY INFORMATION: CISA serves as “a Federal civilian interface for the multi-directional and cross-sector sharing of information related to cyber threat indicators, defensive measures, cybersecurity risks, incidents, analysis, and warnings for Federal and non-Federal entities.” 6 U.S.C. 659(c)(1).

CISA is responsible for performing, coordinating, and supporting response to information security incidents, which may originate outside the Federal community and affect users within it, or originate within the Federal community and affect users outside of it. CISA uses the information from incident reports to develop timely and actionable information for distribution to federal departments and agencies; state, local, tribal and territorial (SLTT) governments; critical infrastructure owners and operators; private industry; and international organizations. Often, the effective handling of security incidents relies on information sharing among individual users, industry, and the Federal Government, which may be facilitated by and through CISA.

Pursuant to the Federal Information Security Modernization Act of 2014 (FISMA), 44 U.S.C. 3552 *et seq.*, CISA operates the federal information security incident center for the United States Federal Government. 44 U.S.C. 3556. Federal agencies notify and consult with CISA regarding information security incidents involving federal information systems. CISA provides federal agencies with technical assistance and guidance on detecting and handling security incidents, compile and analyze incident information that threatens information security, inform agencies of current and potential threats and vulnerabilities, and provide intelligence or other information about cyber threats, vulnerabilities, and incidents to agencies. 44 U.S.C. 3556(a). CISA also receives voluntary incident reports from non-federal entities.

CISA’s website (at <https://www.cisa.gov/>) is a primary tool used by constituents to report incident information, access information sharing products and services, and interact with CISA. Constituents, which may include anyone or any entity in the public, use forms located on the website to

complete these activities. Incident reports are primarily submitted using CISA’s internet reporting system, available at <https://www.cisa.gov/forms/report>. CISA collects cyber threat indicators and defensive measures in accordance with the requirements of the Cybersecurity Information Sharing Act of 2015 through CISA’s Cyber Threat Indicator and Defensive Measure Submission System, <https://www.cisa.gov/forms/share-indicators>. CISA shares cyber threat indicators and defensive measures it receives with certain federal entities in an automated and real-time manner. 6 U.S.C. 1504(c).

By accepting incident reports and feedback, and interacting among federal agencies, industry, the research community, state and local governments, and others to disseminate reasoned and actionable cybersecurity information to the public, CISA has provided a way for citizens, businesses, and other institutions to communicate and coordinate directly with the Federal Government about cybersecurity. The information is collected via the following forms:

1. The Incident Reporting Form, DHS Cyber Threat Indicator and Defensive Measure Submission System, and Malware Analysis Submission Form enable end users to report incidents and indicators as well as submit malware artifacts associated with incidents to CISA. This information is used by DHS to conduct analyses and provide warnings of system threats and vulnerabilities, and to develop mitigation strategies as appropriate. These forms also request the user’s name, email address, organization, and infrastructure sector. The primary purpose for the collection of this information is to allow DHS to contact requestors regarding their request.
2. The Mail Lists Form enables end users to subscribe to the National Cyber Awareness System’s mailing lists, which deliver the content of and links to CISA’s information sharing products. The user must provide an email address in order to subscribe or unsubscribe, though subscribing or unsubscribing are optional. The primary purpose for the collection of this information is to allow DHS to contact requestors regarding their request.
3. The Cyber Security Evaluation Tool (CSET) Download Form, which requests the name, email address, organization, infrastructure sector, country, and intended use of those seeking to download the CSET. All requested fields are optional. The primary purpose for the collection of this information is to allow DHS to contact requestors regarding their request.
