

For these reasons, the final action of the Agency allocating hydrofluorocarbon allowances to entities located throughout the country is nationally applicable or, alternatively, the Administrator is exercising the complete discretion afforded to him by the CAA and finds that the final action is based on a determination of nationwide scope or effect for purposes of CAA section 307(b)(1) and is hereby publishing that finding in the **Federal Register**.

Under section 307(b)(1) of the CAA, petitions for judicial review of this allocation action must be filed in the United States Court of Appeals for the District of Columbia Circuit by December 23, 2024.

Each adjudicatory action establishing an administrative consequence as described in this notice is a final action previously taken by EPA. Under section 307(b)(1) of the CAA, any petition for judicial review of such a final action must be filed in the United States Court of Appeals for the appropriate circuit by December 23, 2024.

Filing a petition for reconsideration by the Administrator does not affect the finality of any action noticed herein for purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed and shall not postpone the effectiveness of such action. The final actions described herein may not be challenged later in proceedings to enforce their requirements. 42 U.S.C. 7607(b)(2).
