History

The FAA published a final rule for Docket No. FAA-2023-1957 in the

Federal Register (89 FR 70474; August 30, 2024) that amended Jet Route J-133 and established RNAV Q-801 in the vicinity of Anchorage, AK. Subsequent to publication, the FAA published a final rule correction for Docket No. FAA-2023-1957 in the **Federal Register** (89 FR 76713; September 19, 2024) that corrected a typographical error in the rule section of the final rule preamble, but inadvertently retained a typographical error in the regulatory text for J-133. The final rule and final rule correction listed the J-133 route points in a North to South order in error. The route points should be listed in a South to North order. This action corrects that error.
