

PART 61—INSURANCE COVERAGE AND RATES

■ 1. The authority citation for part 61 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; 6 U.S.C. 101 *et seq.*

■ 2. Revise § 61.4 to read as follows:

§ 61.4 Properties in violation of law, regulation, or ordinance.

No new flood insurance or renewal of flood insurance policies will be written for properties declared by a duly constituted State or local zoning or other authority to be in violation of any floodplain, mudslide (*i.e.*, mudflow), or flood-related erosion area management or control law, regulation, or ordinance.

■ 3. Revise § 61.10 to read as follows:

§ 61.10 Requirements for issuance or renewal of flood insurance coverage.

(a) *Issuance or renewal of flood insurance.* FEMA will not issue or renew flood insurance unless FEMA receives:

- (1) The full amount due, which is:
(i) Either:

(A) Presentment of the full premium;

or
(B) Presentment of the first of a series of monthly premium installment payments; and

(ii) Presentment of the full amount of surcharges, fees, and assessments; and
(2) A complete application, including the information necessary to establish a premium rate for the policy, or submission of corrected or additional information necessary to calculate the premium for the renewal of the policy.

(b) *Impact of installment payments.*
(1) FEMA will not reduce coverage or reform the policy for any policyholder who makes timely installment payments in accordance with the terms identified in paragraph (a)(1)(i)(B) of this section. In the event of a claim occurring prior to a policyholder completing all installment payments, the policyholder must remit the balance of payment. The policyholder may settle their balance out of claim proceeds in accordance with the Standard Flood Insurance Policy.

(2) FEMA shall require payment in full in the next policy term for any policyholder who fails to make all installment payments in accordance with the terms identified in paragraph (a)(1)(i)(B) of this section.

PART 62—SALE OF INSURANCE AND ADJUSTMENT OF CLAIMS

■ 4. The authority citation for part 62 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; 6 U.S.C. 101 *et seq.*

■ 5. Revise § 62.23(h)(7) to read as follows:

§ 62.23 WYO Companies authorized.

* * * * *

(h) * * *

(7) Premium payment plans must be offered by the WYO Company under the terms prescribed by the Administrator in § 61.10(a)(1).

* * * * *

Deanne Criswell,

Administrator, Federal Emergency Management Agency.

BILLING CODE 9111–52–P

FEDERAL COMMUNICATIONS COMMISSION**47 CFR Part 8**

[PS Docket Nos. 23–239; FR ID 258059]

Public Safety and Homeland Security Bureau Announces 15-Business Day Filing Window for Cybersecurity Labeling Administrator and Lead Administrator Applications; Correction

AGENCY: Federal Communications Commission.

ACTION: Final rule; correction.

SUMMARY: The Federal Communications Commission is correcting the **DATES** section of a final rule that appeared in the **Federal Register** on October 21, 2024 announcing a 15-business day filing window for applications from entities seeking designation as a Cybersecurity Labeling Administrator (CLA) and Lead Administrator and also adopting additional requirements for CLAs and Lead Administrators.

DATES: Effective November 20, 2024.

FOR FURTHER INFORMATION CONTACT: Tara Shostek, Attorney Advisor, Cybersecurity and Communications Reliability Division, Public Safety and Homeland Security Bureau, (202) 418–8130, or by email to Tara.Shostek@fcc.gov.

SUPPLEMENTARY INFORMATION: In rule document 2024–23844 at 89 FR 84086, appearing on page 84086 in the **Federal Register** of Monday, October 21, 2024, in the third column, the **DATES** section is corrected to read as follows:

Effective date: November 20, 2024, except for amendment 3 (47 CFR 8.220(f)(14)) which is delayed indefinitely until the Office of Management and Budget has completed review under the Paperwork Reduction

Act. The Commission will publish a document in the **Federal Register** announcing that effective date.

Federal Communications Commission.

Marlene Dortch,

Secretary.

BILLING CODE 6712–01–P

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration****50 CFR Part 648**

[Docket No. 241028–0280; RTID 0648–XE301]

Atlantic Surfclam and Ocean Quahog Fisheries; 2025 Fishing Quotas for Atlantic Surfclams and Ocean Quahogs; and Suspension of Atlantic Surfclam Minimum Size Limit

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Final rule.

SUMMARY: NMFS announces that the quotas for the Atlantic surfclam and ocean quahog fisheries for 2025 will remain status quo. NMFS also suspends the minimum size limit for Atlantic surfclams for the 2025 fishing year. Regulations for these fisheries require NMFS to notify the public of the allowable harvest levels for Atlantic surfclams and ocean quahogs from the Exclusive Economic Zone even if the previous year's quota specifications remain unchanged. The 2025 quotas were previously announced as projected values. This action confirms the final quotas are unchanged from those projections. This action would not result in harm to these fisheries.

DATES: Effective January 1, 2025, through December 31, 2025.

FOR FURTHER INFORMATION CONTACT: Douglas Potts, Fishery Policy Analyst, 978–281–9341.

SUPPLEMENTARY INFORMATION: The Atlantic Surfclam and Ocean Quahog Fishery Management Plan (FMP) requires that NMFS issue notice in the **Federal Register** of the upcoming year's quota, even if the quota remains unchanged from the previous year. At its August 2024 meeting, the Mid-Atlantic Fishery Management Council (Council) recommended no change to the quota specifications for Atlantic surfclams and ocean quahogs for the 2025 fishing year. We are announcing 2025 quota levels of 3.4 million bushels

(bu) (181 million L) for Atlantic surfclams, 5.36 million bu (285 million L) for ocean quahogs, and 100,000 Maine bu (3.52 million L) for Maine ocean quahogs. These quotas were published as projected 2025 limits in the **Federal Register** on May 13, 2021 (86 FR 26186). This rule establishes these quotas as unchanged from 2021 and final.

In addition, the regulations at 50 CFR 648.75(b)(3) allow the Regional Administrator to annually suspend the minimum size limit for Atlantic surfclams unless discard, catch, and biological sampling data indicate that 30 percent or more of the Atlantic surfclams have a shell length less than 4.75 inches (121 mm) and the overall reduced size is not attributable to harvest from beds where growth of the individual clams has been reduced because of density-dependent factors. The default minimum size limit is intended to prevent the fishery from harvesting too many small clams such that it could harm the overall population. The size limit is unnecessary if small clams are not a significant portion of overall catch. At its August 2024 meeting, the Council reviewed recent developments in the fishery and recommended the Regional Administrator once again suspend the minimum size limit for Atlantic surfclams for the 2025 fishing year. Commercial surfclam data for 2024 indicated that 8.4 percent of the overall commercial landings were composed of

surfclams that were less than the 4.75-inch (121-mm) default minimum size.

Based on the information available, the Regional Administrator concurs with the Council's recommendation and is suspending the minimum size limit for Atlantic surfclams for the upcoming fishing year (January 1 through December 31, 2025).

Classification

NMFS is issuing this rule pursuant to section 305(d) of the Magnuson-Stevens Act. In a previous action taken pursuant to section 304(b), the FMP authorized NMFS to take this action pursuant to MSA section 305(d). See 50 CFR 648.72. The Assistant Administrator for Fisheries, NOAA, has determined that this rule is consistent with the Atlantic Surfclam and Ocean Quahog FMP, other provisions of the Magnuson-Stevens Act, and other applicable law.

This action does not introduce any new reporting, recordkeeping, or other compliance requirements. This rule does not duplicate, overlap, or conflict with other Federal rules.

Pursuant to 5 U.S.C. 553(b)(B), there is good cause to waive prior notice and an opportunity for public comment on this action, as notice and comment would be unnecessary and contrary to the public interest. This rule is routine and formulaic. The public was given the opportunity to comment on the proposed rule for the 2021–2026 specifications (86 FR 9901, February 17, 2021), including the projected 2025 specifications, which remain

unchanged. Delaying this action would prolong public uncertainty about the final quotas for the 2025 fishing year, and could delay issuance of 2025 Individual Transferable Quota cage tags to quota shareholders. The public and industry participants expect this action because we previously alerted the public that we would conduct this review in interim years of the multi-year specifications and announce the final quotas before or as close as possible to the January 1 start of the fishing year. This rule could not be published earlier because of the time necessary to collect data and conduct the analysis to support suspending the minimum size limit for Atlantic surfclams.

This rule is exempt from the requirements of Executive Order 12866 because it contains no implementing regulations.

Because prior notice and opportunity for public comment are not required for this rule by 5 U.S.C. 553, or any other law, the analytical requirements of the Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.*, are inapplicable. Accordingly, no Regulatory Flexibility Analysis is required and none has been prepared.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: October 28, 2024.

Samuel D. Rauch, III,

*Deputy Assistant Administrator for
Regulatory Programs, National Marine
Fisheries Service.*
