SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-101467; File No. SR-CboeBYX-2024-038]

Self-Regulatory Organizations; Cboe BYX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Provide a Temporary Discount for Certain Purchases of BYX Historical Depth Data

October 29, 2024.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 18, 2024, Cboe BYX Exchange, Inc. (“Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

Cboe BYX Exchange, Inc. (the “Exchange” or “BYX”) proposes to amend its Fee Schedule. The text of the proposed rule change is provided in Exhibit 5.

The text of the proposed rule change is also available on the Exchange’s website (<http://markets.cboe.com/us/>

equities/regulation/rule_filings/BYX/), at the Exchange’s Office of the Secretary, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to update its Fee Schedule to provide a temporary discount on fees assessed to BYX Members (“Members”)³ and non-Members that purchase \$20,000 or more of ad hoc purchases of historical BYX Historical Depth Data (“Historical Depth Reports”), effective October 18, 2024 through December 31, 2024.

By way of background, the Exchange currently makes available for purchase Depth Data, which is a daily archive of the Exchange’s depth of book real-time feed, which provides depth-of-book quotations and execution information based on equity orders entered into the System. The Exchange also offers Historical Depth Data, which offers such data on a historical basis, *i.e.*, T+1 or later. The Historical Depth Report is a completely voluntary product, in that the Exchange is not required by any rule or regulation to make this data available and that potential customers may purchase it on an ad-hoc basis only if they voluntarily choose to do so.

Cboe LiveVol, LLC (“LiveVol”), a wholly owned subsidiary of the Exchange’s parent company, Cboe Global Markets, Inc., makes the Historical Depth Report available for

purchase to Users on the LiveVol DataShop website (datashop.cboe.com). The Historical Depth Data is available for purchase to Members and Non-Members; the Exchange charges a fee per month of historical data of \$1,000. The Historical Depth Report provided on a historical basis is only provided to data recipients for internal use only, and thus, no redistribution will be permitted. The Exchange notes that the Historical Depth Report is subject to direct competition from other exchanges, as other exchanges offer similar products for a fee.⁴

The Exchange’s affiliated equities and options exchanges (*i.e.*, Cboe Exchange, Inc. (“Cboe Options”), Cboe C2 Exchange, Inc. (“C2 Options”), Cboe EDGX Exchange, Inc. (“EDGX”), Cboe BZX Exchange, Inc. (“BZX”), and Cboe EDGA Exchange, Inc. (“EDGA”), (collectively, “Affiliates”) also offer similar data products.⁵ Particularly, each of the Exchange’s Affiliates offer a daily and historical archive of their depth of book real-time feed with execution information based on their trading activity that is substantially similar to the information provided by the Exchange through its Depth Data products.

The Exchange proposes to provide a temporary pricing incentive program in which Members or Non-Members that purchase Historical Depth Reports will receive a percentage fee discount where specific purchase thresholds are met. Specifically, the Exchange proposes to provide a 20% discount for ad-hoc purchases of Historical Depth Data of \$20,000 or more.⁶ The proposed program will apply to all market participants irrespective of whether the market participant is a new or current purchaser; however, the discount cannot be combined with any other discounts offered by the Exchange. The Exchange intends to introduce the discount program beginning October 18, 2024, with the program remaining in effect through December 31, 2024. The Exchange also notes that it previously adopted similar discount programs for other historical data products offered by the Exchange.⁷

⁵ See, for example, EDGX Fee Schedule, BZX Fee Schedule, EDGA Fee Schedule.

⁶ The discount will apply on an order-by-order basis. The discount will apply to the total purchase price, once the \$20,000 minimum purchase is satisfied (for example, a qualifying order of \$25,000 would be discounted to \$20,000, *i.e.*, receive a 20% discount of \$5,000).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ See Rule 1.5(n) (“Member”). The term “Member” shall mean any registered broker or dealer that has been admitted to membership in the Exchange. A Member will have the status of a “member” of the Exchange as that term is defined in Section 3(a)(3) of the Act. Membership may be granted to a sole proprietor, partnership, corporation, limited liability company or other organization which is a registered broker or dealer pursuant to Section 15 of the Act, and which has been approved by the Exchange.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the “Act”) and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁸ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁹ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹⁰ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers. The Exchange also believes the proposed rule change is consistent with Section 6(b)(4) of the Act,¹¹ which requires that Exchange rules provide for the equitable allocation of reasonable dues, fees, and other charges among its Members and other persons using its facilities.

In adopting Regulation NMS, the Commission granted self-regulatory organizations (“SROs”) and broker-dealers increased authority and flexibility to offer new and unique market data to the public. It was believed that this authority would expand the amount of data available to consumers, and also spur innovation and competition for the provision of market data. The Exchange believes that the proposed fee changes will further broaden the availability of U.S. equity market data to investors consistent with the principles of Regulation NMS. The Exchange believes the dissemination of historical market depth data via Historical Depth Reports benefits investors through increased transparency and may promote better informed trading, as well as research and studies of the equities industry.

Nevertheless, the Exchange notes that such data is not necessary for trading and as noted above, is entirely optional. Moreover, several other exchanges offer a similar data product which offer the same type of data content through similar reports.¹²

The Exchange operates in a highly competitive environment. Indeed, there are currently 16 registered equities exchanges that trade equities. Based on publicly available information, no single equities exchange has more than 13% of the equity market share.¹³ The Commission has repeatedly expressed its preference for competition over regulatory intervention in determining prices, products, and services in the securities markets. Particularly, in Regulation NMS, the Commission highlighted the importance of market forces in determining prices and SRO revenues and, also, recognized that current regulation of the market system “has been remarkably successful in promoting market competition in its broader forms that are most important to investors and listed companies.”¹⁴ Making similar data products available to market participants fosters competition in the marketplace, and constrains the ability of exchanges to charge supercompetitive fees. In the event that a market participant views one exchange’s data product as more attractive than the competition, that market participant can, and often does, switch between similar products. The proposed fees are a result of the competitive environment of the U.S. equities industry as the Exchange seeks to adopt fees to attract purchasers of Historical Depth Reports.

The Exchange believes that the proposed incentive program for any Member or non-Member who purchases Historical Depth Reports is reasonable because such purchasers would receive a 20% discount for purchasing \$20,000 or more worth of Historical Depth Reports. The Exchange believes the proposed discount is reasonable as it will give purchasers the ability to use and test the Historical Depth Reports at a discounted rate, prior to purchasing additional months or a monthly subscription, and will therefore encourage users to purchase Historical Depth Reports. Further, the proposed discount is intended to promote increased use of the Exchange’s

Historical Depth Reports by defraying some of the costs a purchaser would ordinarily have to expend before using the data product. The Exchange believes that the proposed discount is equitable and not unfairly discriminatory because it will apply equally to all Members and non-Members who purchase Historical Depth Reports. Lastly, the purchase of this data product is discretionary and not compulsory. Indeed, no market participant is required to purchase the Historical Depth Reports, and the Exchange is not required to make Historical Depth Reports available to all investors. Potential purchasers may request the data at any time if they believe it to be valuable or may decline to purchase such data. As noted above, the Exchange has previously adopted similar discount programs.¹⁵

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange operates in a highly competitive environment in which the Exchange must continually adjust its fees to remain competitive. Because competitors are free to modify their own fees in response, including the adoption of similar discounts to those fees, the Exchange believes that the degree to which fee changes (including discounts and rebates) in this market may impose any burden on competition is extremely limited. As discussed above, the Exchange’s Historical Depth Reports offering is subject to direct competition from several other options exchanges that offer similar data products. Moreover, purchase of Historical Depth Reports is optional. It is designed to help investors understand underlying market trends to improve the quality of investment decisions, but is not necessary to execute a trade.

The proposed rule changes are grounded in the Exchange’s efforts to compete more effectively. In this competitive environment, potential purchasers are free to choose which, if any, similar product to purchase to satisfy their need for market information. As a result, the Exchange believes this proposed rule change permits fair competition among national securities exchanges. Further, the Exchange believes that these changes

will not cause any unnecessary or inappropriate burden on intermarket competition, as the proposed incentive program applies uniformly to any purchaser of Historical Depth Reports.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁶ and paragraph (f) of Rule 19b-4¹⁷ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-101469; File No. SR-LCH SA-2024-004]

Self-Regulatory Organizations; LCH SA; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to Cash Spreads and Fees on Securities Collateral

October 29, 2024.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 23, 2024, Banque Centrale de Compensation, which conducts business under the name LCH SA ("LCH SA"), filed with the Securities and Exchange Commission ("Commission") the proposed rule change ("Proposed Rule Change") described in Items I, II and III below, which Items have been

primarily prepared by LCH SA. LCH SA filed the proposed rule change pursuant to Section 19(b)(3)(A) of the Act,³ and Rule 19b-4(f)(2)⁴ thereunder, so that the proposal was effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the Proposed Rule Change from interested persons.

I. Clearing Agency's Statement of the Terms of Substance of the Proposed Rule Change

LCH SA is proposing to amend the fees it charges clearing members for cash and securities collateral posted as initial margin for its clearing services including CDSClear (the "Proposed Rule Change").

The text of the Proposed Rule Change has been annexed as Exhibit 5 to File No. SR-LCH SA-2024-004.⁵ The implementation of the Proposed Rule Change will be contingent on LCH SA's receipt of all necessary regulatory approvals.

II. Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, LCH SA included statements concerning the purpose of and basis for the Proposed Rule Change and discussed any comments it received on the Proposed Rule Change. The text of these statements may be examined at the places specified in Item IV below. LCH SA has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

LCH SA currently applies a spread for clearing member cash collateral and charges fees on securities collateral posted to cover initial margin requirements for its CDSClear business. Cash collateral spreads are primarily based on underlying market conditions for a given currency and are subtracted from a reference index to determine a total rate to be applied to CDSClear house and client accounts. Securities collateral fees are primarily based on a combination of factors, including, but not limited to operational costs to manage a specific non-cash collateral type, the liquidation profile and
