

minimum in all relevant currencies to effect same-day and, where appropriate, intraday and multiday settlement of payment obligations with a high degree of confidence under a wide range of foreseeable stress scenarios that includes, but is not limited to, the default of the participant family that would generate the largest aggregate payment obligation for the covered clearing agency in extreme but plausible market conditions.¹⁰ As previously noted, LCH SA anticipates the Proposed Rule Change will strengthen its Liquidity Coverage Ratio and further enhance its liquidity risk profile by incentivizing clearing members to increase the amount of cash to satisfy margin requirements. The additional cash will add to LCH SA's total liquid resources, which can be used for the settlement of daily payment obligations, including with respect to the default of the participant family generating the largest aggregate payment obligation for LCH SA.

For these reasons, LCH SA believes the Proposed Rule Change is consistent with the requirements of Section 17A(b)(3)(D) of the Act¹¹ in that the amendments to the cash spreads and securities fees are reasonable and equitable among its participants. In addition, LCH SA believes that the Proposed Rule Change is consistent with the requirements of Exchange Act Rule 17Ad-22(e)(7)(i)¹² by enhancing LCH SA's liquidity risk profile.

B. Clearing Agency's Statement on Burden on Competition

Section 17A(b)(3)(I) of the Act¹³ requires that the rules of a clearing agency not impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. LCH SA does not believe that the Proposed Rule Change would impose any burden on competition. The Proposed Rule Change will enhance LCH SA's ability to manage the liquidity risks and related costs associated with converting securities collateral to cash and will apply equally to all participants. LCH SA also believes the proposed increase in fees for securities collateral will not be burdensome for participants, as participants will continue to have the option of posting securities collateral as initial margin or instead post cash collateral subject to the decreased spread. Therefore, LCH SA does not believe that the Proposed Rule Change

would impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Clearing Agency's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments relating to the Proposed Rule Change have not been solicited or received. LCH SA will notify the Commission of any written comments received by LCH SA.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and paragraph (f) of Rule 19b-4 thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

SECURITIES AND EXCHANGE COMMISSION

[SEC File No. 270–437, OMB Control No. 3235–0494]

Proposed Collection; Comment Request; Extension: Rule 30e–2

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549–2736.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) (“Paperwork Reduction Act”), the Securities and Exchange Commission (the “Commission”) is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget (“OMB”) for extension and approval.

Rule 30e–2 (17 CFR 270.30e–2) under the Investment Company Act of 1940 (15 U.S.C. 80a–1 *et seq.*) (“Investment Company Act”) requires registered unit investment trusts (“UITs”) that invest substantially all of their assets in shares of a management investment company (“fund”) to send their unitholders annual and semiannual reports containing financial information on the underlying company. Specifically, rule 30e–2 requires that the report contain all the applicable information and financial statements or their equivalent, required by rule 30e–1 under the Investment Company Act (17 CFR 270.30e–1) to be included in reports of the underlying fund for the same fiscal period. Rule 30e–1 requires that the underlying fund's report contain, among other things, the information that is required to be included in such reports by the fund's registration statement form under the Investment Company Act. The purpose of this requirement is to apprise current shareholders of the operational and financial condition of the UIT. Absent the requirement to disclose all material information in reports, investors would be unable to obtain accurate information upon which

to base investment decisions and consumer confidence in the securities industry might be adversely affected. Requiring the submission of these reports to the Commission permits us to verify compliance with securities law requirements.

Rule 30e–2, however, permits, under certain conditions, delivery of a single shareholder report to investors who share an address (“householding”). Specifically, rule 30e–2 permits householding of annual and semi-annual reports by UITs to satisfy the delivery requirements of rule 30e–2 if, in addition to the other conditions set forth in the rule, the UIT has obtained from each applicable investor written or implied consent to the householding of shareholder reports at such address. The rule requires UITs that wish to household shareholder reports with implied consent to send a notice to each applicable investor stating that the investors in the household will receive one report in the future unless the investors provide contrary instructions. In addition, at least once a year, UITs relying on the rule for householding must explain to investors who have provided written or implied consent how they can revoke their consent. The purpose of the notice and annual explanation requirements associated with the householding provisions of the rule is to ensure that investors who wish to receive individual copies of shareholder reports are able to do so.

The Commission estimates that the annual burden associated with rule 30e–2 is 15 hours per respondent. The Commission estimates that there are currently approximately 660 UITs that file 1342 reports per year. Therefore, the Commission estimates that the total hour burden is approximately 10,065 hours. In addition to the burden hours, the Commission estimates that the annual cost of contracting for outside services associated with rule 30e–2 is \$6,667 per respondent, for a total cost of approximately \$4,495,700.

Estimates of average burden hours are made solely for the purposes of the Paperwork Reduction Act and are not derived from a comprehensive or even representative survey or study of the costs of Commission rules and forms. The collection of information under rule 30e–2 is mandatory. The information provided under rule 30e–2 will not be kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Written comments are invited on: (a) whether the proposed collection of information is necessary for the proper
