

(i.e., 0.00 percent); (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior completed segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review or another completed segment of this proceeding, but the producer is, the cash deposit rate will be the company-specific rate established for the most recent completed segment for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 1.02 percent, the all-others rate established in the less-than-fair-value investigation.⁸ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties, and/or an increase in the amount of antidumping duties by the amount of the countervailing duties.

Administrative Protective Order

This notice also serves as a final reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

Commerce is issuing and publishing the final results of this review in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

Dated: October 29, 2024.

Barium Chloride From the People's Republic of China and India: Final Results of Changed Circumstances Reviews and Revocation of the Antidumping Duty and Countervailing Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) is revoking the antidumping duty (AD) order on barium chloride from the People's Republic of China (China) and the countervailing duty (CVD) order on barium chloride from India.

DATES: Applicable November 5, 2024.

FOR FURTHER INFORMATION CONTACT: Megan Goins, AD/CVD Operations, Office V (China), and Harrison Tanchuck, AD/CVD Operations, Office VI (India), Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-0884 and (202) 482-7421.

SUPPLEMENTARY INFORMATION:

Background

On October 17, 1984, Commerce issued the AD order on barium chloride from China, and on March 7, 2023, Commerce issued the CVD order on barium chloride from India.¹ On September 18, 2024, Commerce published the initiation and preliminary results of the changed circumstances reviews (CCRs) and revocation of the *Orders* pursuant to section 751(b)(1) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.216(b) and 19 CFR 351.222.² We invited interested parties to comment on the *Preliminary Results*. Honeywell International Inc (Honeywell) submitted comments agreeing with the *Preliminary Results* and stating that Commerce's general practice in these cases is to liquidate without regard to antidumping and/or countervailing duties, and to refund any

¹ See *Antidumping Duty Order; Barium Chloride from the People's Republic of China*, 49 FR 40635 (October 17, 1984) (*AD Order*); and *Barium Chloride from India: Countervailing Duty Order*, 88 FR 14120 (March 7, 2023) (*CVD Order*) (collectively, *Orders*).

² See *Barium Chloride from the People's Republic of China and India: Initiation and Preliminary Results of Changed Circumstances Review and Intent to Revoke the Antidumping Duty and Countervailing Duty Orders*, 89 FR 76448 (September 18, 2024) (*Initiation and Preliminary Results*).

⁸ See *Order*.

estimated antidumping and/or countervailing duties, on all unliquidated entries of the merchandise covered by a revocation that are not covered by the final results of an administrative review or automatic liquidation instructions. Honeywell, therefore, requested that Commerce revoke the *AD Order* with an effective date of October 1, 2023, and revoke the *CVD Order* with an effective date of June 17, 2022.³ We did not receive comments from any other interested party.

Scope of the Orders

The merchandise covered by the *Orders* is barium chloride, a chemical compound having the formulas BaCl₂ or BaCl₂·2H₂O, currently classifiable under subheading 2827.39.4500 of the Harmonized Tariff Schedule of the United States (HTSUS).⁴ Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the scope of these *Orders* is dispositive.

Final Results of Changed Circumstances Reviews and Revocation of the Orders

Because no party submitted comments objecting to the *Preliminary Results* of these CCRs, and the record contains no further information or evidence that weighs against the proposed revocations, Commerce determines, pursuant to sections 751(d)(1) and 782(h) of the Act, and 19 CFR 351.222(g), that there are changed circumstances that warrant revocation of the *Orders*. Specifically, in light of Chemical Products Corporation's (the petitioner) lack of objection to these CCRs, the petitioner's indication that it does not have an interest in the *Orders*,⁵ and the absence of comments from any interested party opposing the *Initiation and Preliminary Results*, we find that producers accounting for substantially all of the production of the domestic like product to which the *Orders* pertain lack interest in the relief provided by the *Orders*. Accordingly, we are revoking the *Orders*.

³ See Honeywell's Letter, "Case Brief," dated September 25, 2024 (Case Brief).

⁴ The scope reflects the HTSUS subheading currently in effect.

⁵ See *Initiation and Preliminary Results*, 89 FR at 76449; see also Honeywell's Letters, "Barium Chloride from the People's Republic of China: Changed Circumstances Review Request," dated August 6, 2024 at 3 and Exhibit 1; and "Barium Chloride from India: Changed Circumstances Review Request," dated September 5, 2024 at 5 and Exhibit 4.

Application of the Final Results of the CCRs

Section 751(d)(3) of the Act provides that "[a] determination under this section to revoke an order . . . shall apply with respect to unliquidated entries of subject merchandise which are entered, or withdrawn from warehouse, for consumption on or after the date determined by the administering authority." Commerce's general practice is to instruct U.S. Customs and Border Protection (CBP) to liquidate without regard to antidumping or countervailing duties, and to refund any estimated antidumping or countervailing duties on, all unliquidated entries of the merchandise covered by a revocation that are not covered by the final results of an administrative review or automatic liquidation instruction.⁶ Consistent with our practice, we are applying the final results of these CCRs to all unliquidated entries of the merchandise covered by the *AD Order* which have been entered, or withdrawn from warehouse, for consumption on or after October 1, 2023, *i.e.*, the day following the last day of the period covered by the most recently-completed administrative review of the *AD Order*, and that are not already subject to automatic liquidation instructions;⁷ and to all unliquidated entries covered by the *CVD Order* which have been entered, or withdrawn from warehouse, for consumption on or after January 1, 2024, *i.e.*, the day following the last day of the period covered by the most recently-completed administrative review of the *CVD Order*, and that are

not already subject to automatic liquidation instructions.⁸

Instructions to CBP

Because we determine that there are changed circumstances that warrant revocation of the *Orders*, we will instruct CBP to discontinue the suspension of liquidation and the collection of cash deposits of estimated antidumping and countervailing duties, to liquidate all unliquidated entries that were entered, or withdrawn from warehouse, on or after October 1, 2023 (*AD Order*) or January 1, 2024 (*CVD Order*), without regard to antidumping and countervailing duties, respectively, and to refund all antidumping duty and countervailing duty cash deposits on all such merchandise.

Commerce intends to issue instructions to CBP no earlier than 35 days after the date of publication of these final results and revocation in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Administrative Protective Order

This notice serves as the final reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply

⁸ See *Rescission of Antidumping and Countervailing Duty Administrative Reviews*, 89 FR 84117 (October 22, 2024) (*Rescission Notice*). Honeywell requested that Commerce revoke the *CVD Order* with an effective date of the preliminary determination in the underlying investigation, *i.e.*, June 17, 2022. See Case Brief at 5. However, because the opportunity to request the first administrative review occurred in March, 2024, and Commerce issued automatic liquidation instructions for the period June 17, 2022, through December 31, 2023, on June 18, 2024, it is not appropriate to make the revocation effective June 17, 2022. Additionally, Honeywell's Case Brief was submitted prior to the publication of this *Rescission Notice*. Honeywell agrees that Commerce should liquidate without regard to antidumping and/or countervailing duties, and to refund any estimated antidumping and/or countervailing duties, on all unliquidated entries of the merchandise covered by a revocation that are not covered by the final results of an administrative review or automatic liquidation instruction. See Case Brief at 4. Because entries made under the *CVD Order* through December 31, 2023, are subject to either automatic liquidation or liquidation instructions pursuant to the *Rescission Notice*, consistent with Honeywell's request, the effective date of the revocation of the *CVD Order* is January 1, 2024.

with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

We are issuing and publishing these final results in accordance with sections 751(a)(1), 751(b), and 777(i) of the Act and 19 CFR 351.213(d)(4), 19 CFR 351.216, and 19 CFR 351.222.

Dated: October 29, 2024.

Common Alloy Aluminum Sheet From Germany: Final Results of Antidumping Duty Administrative Review; 2022-2023

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that the exporter and producer subject to this administrative review made sales of subject merchandise at less than normal value during the period of review (POR), April 1, 2022, through March 31, 2023.

DATES: Applicable November 5, 2024.

SUPPLEMENTARY INFORMATION:

Background

On April 25, 2024, Commerce published the *Preliminary Results* in the **Federal Register**.¹ On July 22, 2024, Commerce tolled certain deadlines in this administrative proceeding by seven days.² On August 26, 2024, Commerce extended the deadline for the final

results of review until October 29, 2024.³

For a complete description of the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.⁴ Commerce conducted this administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The product covered by the *Order* is common alloy aluminum sheet (aluminum sheet) from Germany. For a full description of the scope of the *Order*, see the Issues and Decision Memorandum.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs that interested parties filed in this administrative review are listed in the appendix to this notice and addressed in the Issues and Decision Memorandum. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Services System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be assessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Changes Since the Preliminary Results of Review

We made no changes to the weighted-average dumping margin that we calculated for Speira GmbH (Speira) in the *Preliminary Results*.

Final Results of Review

Commerce determines that the following estimated weighted-average dumping margin exists for the period, April 1, 2022, through March 31, 2023:

Producer or exporter	Weighted-average dumping margin (percent)
Speira GmbH ⁵	6.44

³ See Memorandum, "Extension of Deadline for Final Results of Antidumping Duty Administrative Review; 2022-2023," dated August 26, 2024.

⁴ See Memorandum, "Issues and Decision Memorandum for the Final Results of the 2022-2023 Administrative Review of the Antidumping Duty Order on Common Alloy Aluminum Sheet from Germany," dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

Disclosure

Because Commerce has not modified its analysis or calculations from the *Preliminary Results*,⁶ there are no new calculations to disclose for these final results of review in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(1), Commerce has determined in these final results of this review, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise during the POR.

Pursuant to 19 CFR 351.212(b)(1), we calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for examined sales to each importer to the total entered value of those sales. Where an importer-specific assessment rate is zero or *de minimis* within the meaning of 19 CFR 351.106(c)(1), we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

Pursuant to a refinement to Commerce's assessment practice, for subject merchandise that was entered into the United States, or withdrawn from warehouse, for consumption during the POR, that was produced or exported by Speira GmbH for which Speira GmbH did not report the sale in its U.S. sales database, we will instruct CBP to liquidate the entry of such merchandise at the all-others rate (*i.e.*, 49.40 percent)⁷ if there is no rate for the intermediate company(ies) involved in the transaction.⁸

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of this notice in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).
