

Pursuant to the Forest Service Small Business Timber Sale Set-Aside Program, developed in cooperation with the Small Business Administration, Forest Service regulations at 36 CFR 223.84 require the Forest Service bid form used by potential timber sale bidders include provisions for small business concerns. The data collected will be used by the agency to ensure that National Forest System timber will be sold at not less than appraised value, that bidders will meet specific criteria when submitting a bid, and that anti-trust violations will not occur during the bidding process.

The tax identification number of each bidder is entered into an automated bid monitoring system, which is used to determine if speculative bidding or unlawful bidding practices are occurring and is required to process electronic payments to the purchaser.

Respondents will be bidders on National Forest System timber sales. Forest Service Sale Officers will provide bid forms to potential bidders, and bidders will return the completed forms, dated and signed, to the Forest Service Sale Officer.

The data gathered in this information collection are not available from other sources.
