DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 2601-077]

Northbrook Hydro Carolina II, LLC; Notice of Revised Schedule for Environmental Review

On November 16, 2023, as supplemented on March 11, 2024, and April 30, 2024, Northbrook Hydro Carolina II, LLC filed an application to surrender the project license for the Bryson Hydroelectric Project No. 2601. The project is located on the Oconaluftee River in Swain County, North Carolina. The project does not occupy any Federal lands.

The project is located on the Oconaluftee River downstream of the Great Smoky Mountain National Park and the lands of the Eastern Band of Cherokee Indians (Qualla Boundary). The project boundary abuts the Qualla Boundary for 1.5 miles. The proposed mode of surrender would include disconnection from the utility interconnection point and the removal of the generators and turbines. The licensee would offer the generators, control equipment, and wiring for sale following decommissioning, or would properly dispose of the equipment. The proposal includes leaving the dam and associated structures intact and operational. The licensee intends to later deed ownership of the project to Mainspring Conservation Land Trust for potential future removal of the dam after the surrender is final.

Based on the limited number and scope of comments received on the Notice of Application Accepted for Filing, Commission staff is revising the schedule to issue an Environmental Assessment (EA) by November 15, 2024, and for the EA to be issued for a 15-day

public comment period.¹ Revisions to the schedule may be made as appropriate. All comments filed on the EA will be reviewed by staff and considered in the Commission's final decision on the proceeding.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, environmental justice communities, Tribal members, and others to access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or OPP@ferc.gov.

Any questions regarding this notice may be directed to Michael Calloway at 202-502-8041 or Michael.calloway@ferc.gov.

SUPPLEMENTARY INFORMATION:

I. What information is EPA particularly interested in?

Pursuant to PRA section 3506(c)(2)(A) (44 U.S.C. 3506(c)(2)(A)), EPA specifically solicits comments and information to enable it to:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility.

2. Evaluate the accuracy of the Agency's estimates of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.

3. Enhance the quality, utility, and clarity of the information to be collected.

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. In particular, EPA is requesting comments from very small businesses (those that employ less than 25) on examples of specific additional efforts that EPA could make to reduce the paperwork
