DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Marine Recreational Fishing Expenditure Survey

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on July 30, 2024 during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic and Atmospheric Administration, Commerce.

Title: Marine Recreational Fishing Expenditure Survey.

OMB Control Number: 0648–0693.

Form Number(s): None.

Type of Request: Regular submission [revision and extension of a current information collection].

Number of Respondents: 28,106.

Average Hours per Response: Trip Expenditure survey 7 minutes, Durable Good Surveys 15 minutes, HI Charter Trip Expenditures 5 minutes, and HMS Trip Expenditure 6.5 minutes.

Total Annual Burden Hours: 3,160 hours.

Needs and Uses: This is a request for revision and extension of an approved information collection. As specified in the Magnuson-Stevenson Fishery Conservation and Management Act of 1996 (and reauthorized in 2007), NMFS is required to enumerate the economic impacts of the policies it implements on

fishing participants and coastal communities. The objective of the survey is to collect information on marine (saltwater) recreational fishing trip expenditures and durable good expenditures made by marine recreational anglers. The survey has two parts which may be conducted either jointly during the same calendar year or in separate years. The trip expenditure portion will ask anglers about the expenses incurred on their most recent marine recreational fishing trip. The durable goods portion will ask anglers about their purchases of durable goods such as fishing gear, boats, vehicles, and second homes over a 12-month period. The expenditure data collected in this regular survey is widely used by both federal, state, and non-governmental organizations for research and analysis regarding the economic importance and contributions of marine recreational fishing to each coastal state and nationwide. The program office would like to make minor changes to a few of the questions on the survey. These changes will not affect the integrity or overall purpose of said survey. The NMFS Office of Science and Technology conducts the survey and publishes the results in both technical reports and the annual 'Fisheries Economics of the U.S.' report series.

Affected Public: Individuals.

Frequency: Annually.

Respondent's Obligation: Voluntary.

Legal Authority: Magnuson-Stevens Fishery Conservation and Management Act as reauthorized in 2007 (16 U.S.C. 1801 *et. seq.*).

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function and entering either the title of the collection or the OMB Control Number 0648–0693.

DEPARTMENT OF EDUCATION

[Docket ID ED–2024–IES–0051]

Privacy Act of 1974; System of Records

AGENCY: Institute of Education Sciences, U.S. Department of Education.

ACTION: Notice of a new system of records.

SUMMARY: In accordance with the Privacy Act of 1974, as amended (Privacy Act), the U.S. Department of Education (Department) publishes this notice of a new system of records titled "Evaluation of Transition Supports for Youth with Disabilities" (18–13–47). This system contains records maintained by the Department and its contractor to conduct the Evaluation of Transition Supports for Youth with Disabilities study (the study). The records in this system will be used to measure the effectiveness of two strategies encompassing transition supports that research has identified as having potential to improve the high school and post-high school outcomes for high school students who have individualized education programs (IEPs) under the Individuals with Disabilities Education Act (IDEA).

DATES: Submit your comments on this notice of a new system of records on or before December 9, 2024.

This new system of records notice, except for the routine uses, will become applicable upon publication in the **Federal Register** on November 7, 2024, unless it needs to be changed as a result of public comment. The routine uses outlined in the section titled "ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND PURPOSES OF SUCH USES" will become effective on the expiration of the 30-day period of public comment on December 9, 2024, unless they need to be changed as a result of public comment. The Department will publish any significant changes to this new system of records notice or routine uses resulting from public comment.

ADDRESSES: Comments must be submitted via the Federal eRulemaking Portal at regulations.gov. However, if you require an accommodation or cannot otherwise submit your comments via regulations.gov, please contact the program contact person listed under **FOR FURTHER INFORMATION CONTACT**. The Department will not accept comments submitted by fax or by email, or comments submitted after the comment period closes. To ensure that the Department does not receive
