BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE**Bureau of Industry and Security**

Rossiya Airlines, Pilotov St 18-4, St. Petersburg, Russia, 196210; Order Renewing Temporary Denial of Export Privileges

Pursuant to section 766.24 of the Export Administration Regulations, 15 CFR parts 730-774 ("EAR" or "the Regulations"),¹ I hereby grant the request of the Office of Export Enforcement ("OEE") to renew the temporary denial order ("TDO") issued in this matter on November 8, 2023. I find that renewal of this order is necessary in the public interest to prevent an imminent violation of the Regulations and that renewal for an extended period is appropriate because Rossiya Airlines ("Rossiya") has engaged in a pattern of repeated, ongoing and/or continuous apparent violations of the EAR.

¹ On August 13, 2018, the President signed into law the John S. McCain National Defense Authorization Act for Fiscal Year 2019, which includes the Export Control Reform Act of 2018, 50 U.S.C. 4801-4852 ("ECRA"). While section 1766 of ECRA repeals the provisions of the Export Administration Act, 50 U.S.C. app. sec. 2401 *et seq.* ("EAA"), (except for three sections which are inapplicable here), section 1768 of ECRA provides, in pertinent part, that all orders, rules, regulations, and other forms of administrative action that were made or issued under the EAA, including as continued in effect pursuant to the International Emergency Economic Powers Act, 50 U.S.C. 1701 *et seq.* ("IEEPA"), and were in effect as of ECRA's date of enactment (August 13, 2018), shall continue in effect according to their terms until modified, superseded, set aside, or revoked through action undertaken pursuant to the authority provided under ECRA. Moreover, section 1761(a)(5) of ECRA authorizes the issuance of temporary denial orders. 50 U.S.C. 4820(a)(5).

I. Procedural History

On May 20, 2022, I signed an order denying Rossiya's export privileges for a period of 180 days on the ground that issuance of the order was necessary in the public interest to prevent an imminent violation of the Regulations. The order was issued *ex parte* pursuant to section 766.24(a) of the Regulations and was effective upon issuance.² The TDO was subsequently renewed on November 15, 2022,³ May 12, 2023,⁴ and again on November 8, 2023⁵ in accordance with section 766.24(d) of the Regulations.⁶

On October 17, 2024, BIS, through OEE, submitted a written request for a fourth renewal of the TDO. The written request was made more than 20 days before the TDO's scheduled expiration and, given the temporary suspension of international mail service to Russia, OEE has attempted to deliver a copy of the renewal request to Rossiya by alternative means in accordance with sections 766.5 and 766.24(d) of the Regulations. No opposition to the renewal of the TDO has been received.

II. Renewal of the TDO

A. Legal Standard

Pursuant to section 766.24, BIS may issue an order temporarily denying a respondent's export privileges upon a showing that the order is necessary in the public interest to prevent an "imminent violation" of the Regulations, or any order, license or authorization issued thereunder. 15 CFR 766.24(b)(1) and 766.24(d). "A violation may be 'imminent' either in time or degree of likelihood." 15 CFR 766.24(b)(3). BIS may show "either that a violation is about to occur, or that the general circumstances of the matter under investigation or case under criminal or administrative charges demonstrate a likelihood of future violations." *Id.* As to the likelihood of future violations, BIS may show that the violation under investigation or charge "is significant, deliberate, covert and/or likely to occur again, rather than

technical or negligent[.]” *Id.* A “lack of information establishing the precise time a violation may occur does not preclude a finding that a violation is imminent, so long as there is sufficient reason to believe the likelihood of a violation.” *Id.*

If BIS believes that renewal of a denial order is necessary in the public interest to prevent an imminent violation, it may file a written request for renewal, with any modifications if appropriate. 15 CFR 766.24(d)(1). The written request, which must be filed no later than 20 days prior to the TDO's expiration, should set forth the basis for BIS's belief that renewal is necessary, including any additional or changed circumstances. *Id.* “In cases demonstrating a pattern of repeated, ongoing and/or continuous apparent violations, BIS may request the renewal of a temporary denial order for an additional period not exceeding one year.”⁷ *Id.*

B. The TDO and BIS's Request for Renewal

The U.S. Commerce Department, through BIS, responded to the Russian Federation's ("Russia's") further invasion of Ukraine by implementing a sweeping series of stringent export controls that severely restrict Russia's access to technologies and other items that it needs to sustain its aggressive military capabilities. These controls primarily target Russia's defense, aerospace, and maritime sectors and are intended to cut off Russia's access to vital technological inputs, atrophy key sectors of its industrial base, and undercut Russia's strategic ambitions to exert influence on the world stage. Effective February 24, 2022, BIS imposed expansive controls on aviation-related (e.g., Commerce Control List Categories 7 and 9) items to Russia, including a license requirement for the export, reexport or transfer (in-country) to Russia of any aircraft or aircraft parts specified in Export Control Classification Number ("ECCN") 9A991 (section 746.8(a)(1) of the EAR).⁸ BIS will review any export or reexport license applications for such items under a policy of denial. *See* section 746.8(b). Effective March 2, 2022, BIS excluded any aircraft registered in, owned, or controlled by, or under charter or lease by Russia or a national

of Russia from being eligible for license exception Aircraft, Vessels, and Spacecraft ("AVS") (section 740.15 of the EAR).⁹ Accordingly, any U.S.-origin aircraft or foreign aircraft that includes more than 25% controlled U.S.-origin content, and that is registered in, owned, or controlled by, or under charter or lease by Russia or a national of Russia, is subject to a license requirement before it can travel to Russia.

OEE's request for renewal for a period of one year is based upon the facts underlying the issuance of the initial TDO and the renewal orders subsequently issued in this matter on November 15, 2022, May 12, 2023, and November 8, 2023, as well as other evidence developed during this investigation. This evidence demonstrates that Rossiya has continued, and continues, to act in blatant disregard for U.S. export controls and the terms of previously issued TDOs. Specifically, the initial TDO, issued on May 20, 2022, was based on evidence that Rossiya engaged in conduct prohibited by the Regulations by operating multiple aircraft subject to the EAR and classified under ECCN 9A991.b on flights into Russia after March 2, 2022, from destinations including, but not limited to, Hurgada, Egypt; Sharm el-Sheikh, Egypt; Dubai, United Arab Emirates; and Sharjah, United Arab Emirates, without the required BIS authorization.¹⁰ Further evidence indicated that Rossiya also operated aircraft subject to the EAR domestically on flights within Russia, potentially in violation of section 736.2(b)(10) of the Regulations.

As discussed in the prior renewal orders, BIS presented evidence indicating that, after the initial TDO issued, Rossiya continued to operate aircraft subject to the EAR and classified under ECCN 9A991.b on flights both into and within Russia, in violation of the Regulations and the TDO itself.¹¹ The November 15, 2022 renewal order detailed flights into and out of Russia from/to Antalya and Istanbul, Turkey, as well as within Russia.¹² The May 12,

² The TDO was published in the **Federal Register** on May 25, 2022 (87 FR 31856).

³ The November 15, 2022 renewal order was published in the **Federal Register** on November 21, 2022 (87 FR 70780).

⁴ The May 12, 2023 renewal order was published in the **Federal Register** on May 17, 2023 (88 FR 31483).

⁵ The November 8, 2023 renewal order was published in the **Federal Register** on November 14, 2023 (88 FR 77952).

⁶ At the time of the renewal, section 766.24(d) provided that BIS may seek renewal of a temporary denial order for additional 180-day renewal periods, if it believes that renewal is necessary in the public interest to prevent an imminent violation.

⁷ 88 FR 59791 (Aug. 30, 2023).

⁸ 87 FR 12226 (Mar. 3, 2022). Additionally, BIS published a final rule effective April 8, 2022, which imposed licensing requirements on items controlled on the Commerce Control List ("CCL") under Categories 0–2 that are destined for Russia or Belarus. Accordingly, now all CCL items require export, reexport, and transfer (in-country) licenses if destined for or within Russia or Belarus. 87 FR 22130 (Apr. 14, 2022).

⁹ 87 FR 13048 (Mar. 8, 2022).

¹⁰ Publicly available flight tracking information shows that on March 8, 2022, serial number (SN) 27650 flew from Hurgada, Egypt to Moscow, Russia. On March 6, 2022, SN 41212 flew from Sharm el-Sheikh, Egypt to St. Petersburg, Russia. In addition, on March 6, 2022, SN 44435 flew from Dubai, United Arab Emirates to St. Petersburg, Russia. Similarly, on March 7, 2022, SN 41202 flew from Sharjah, United Arab Emirates to Moscow, Russia.

¹¹ Engaging in conduct prohibited by a denial order violates the Regulations. 15 CFR 764.2(a) and (k).

¹² Publicly available flight tracking information shows that SN 35278 flew from Antalya, Turkey to

2023 renewal order detailed flights into and out of Russia from/to Hurghada and Sharm el-Sheikh, Egypt and Istanbul, Turkey.¹³ Similarly, the November 8, 2023 renewal order detailed flights into and out of Russia from/to Bishkek, Kyrgyzstan, Samarkand, Uzbekistan, and Hurghada and Sharm el-Sheikh, Egypt.¹⁴

Since that time, Rossiya has continued to engage in conduct

prohibited by the applicable TDO and Regulations. In its October 17, 2024 request for renewal of the TDO, BIS submitted evidence that Rossiya continues to operate aircraft subject to the EAR and classified under ECCN 9A991.b, both on flights into and within Russia, in violation of the November 8, 2023 renewal order and/or the Regulations. Specifically, BIS's evidence

and related investigation demonstrates that Rossiya continued to operate aircraft subject to the EAR, including, but not limited to, on flights into and out of Russia from/to Sanya, China and Bishkek, Kyrgyzstan, as well as domestically within Russia. Information about those flights includes, but is not limited to, the following:

III. Findings

Under the applicable standard set forth in section 766.24 of the Regulations and my review of the entire record, I find that the evidence presented by BIS demonstrates that Rossiya has acted in violation of the Regulations and the TDO; that such violations have been significant, deliberate; and that given the foregoing and the nature of the matters under investigation, there is a likelihood of imminent violations. Moreover, I find that renewal for an extended period is appropriate because Rossiya has engaged in a pattern of repeated, ongoing and/or continuous apparent violations of the EAR. Therefore, renewal of the TDO for one year is necessary in the public interest to prevent imminent violation of the Regulations and to give notice to companies and individuals in the United States and abroad that they should avoid dealing with Rossiya, in connection with export and reexport transactions involving items subject to the Regulations and in connection with any other activity subject to the Regulations.

Moscow, Russia on November 12, 2022 and from Kaliningrad, Russia to Moscow, Russia on September 29, 2022. In addition, SN 33622 flew from Istanbul, Turkey to St. Petersburg, Russia on November 2, 2022 and from Krasnoyarsk, Russia to Irkutsk, Russia on November 5, 2022.

¹³ Publicly available flight tracking information shows that SN 34900 flew from Sharm el-Sheikh,

Persulfates From the People’s Republic of China: Final Results of the Expedited Fifth Sunset Review of the Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of this expedited fifth sunset review, the U.S. Department of Commerce (Commerce) finds that revocation of the antidumping duty (AD) order on persulfates from the People’s Republic of China (China) would likely lead to continuation or recurrence of dumping at the level indicated in the “Final Results of Expedited Sunset Review” section of this notice.
