Analysis of Comments Received

All issues raised by the interested parties in their case and rebuttal briefs are addressed in the Issues and Decision Memorandum. A list of topics discussed in the Issues and Decision Memorandum is provided in the appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Changes Since the Preliminary Results

Based on our analysis of comments from interested parties and the results of verification, we made certain changes to Hindalco's and MALCO's countervailable subsidy rate calculations from the *Preliminary Results*. For a full description of these changes, see the Issues and Decision Memorandum.⁶

Methodology

Commerce conducted this administrative review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found countervailable, we find that there is a subsidy, *i.e.*, a government-provided financial contribution that gives rise to a benefit to the recipient, and that the subsidy is specific.⁷ For a full description of the methodology underlying all of Commerce's conclusions, see the Issues and Decision Memorandum.

Company Not Selected for Individual Review

The Act and Commerce's regulations do not address the establishment of a

rate to be applied to companies not selected for individual examination when Commerce limits its examination in an administrative review, pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 705(c)(5) of the Act, which provides instructions for determining the all-others rate in an investigation, for guidance when calculating the rate for companies which were not selected for individual examination in an administrative review. Under section 705(c)(5)(A) of the Act, the all-others rate is normally an amount equal to the weighted average of the countervailable subsidy rates established for exporters and producers individually investigated, excluding any zero or *de minimis* countervailable subsidy rates, and any rates determined entirely on the basis of facts available.

Accordingly, to determine the rate for Virgo Aluminum Limited (Virgo), the company not selected for individual examination in this review, because the rates calculated for Hindalco and MALCO were above *de minimis* and not based entirely on facts available, we are assigning Virgo a weighted average of the subsidy rates calculated for Hindalco and MALCO using each company's public ranged data for the value of its exports of subject merchandise to the United States.⁸

Final Results of Review

As a result of this review, Commerce determines the following net countervailable subsidy rates exist for the period January 1, 2022, through December 31, 2022:

Company	Subsidy rate (percent <i>ad valorem</i>)
Hindalco Industries Limited ⁹	41.46
Manaksia Aluminium Company Limited	1.72
Virgo Aluminum Limited	3.59

Disclosure

Commerce intends to disclose the calculations performed for these final results within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of this notice in the

⁸ See Memorandum, "Calculation of Rate for Company Not Selected for Individual Examination," dated concurrently with this notice.

⁹ As discussed in the *Preliminary Results* PDM, Commerce found the following companies to be cross-owned with Hindalco: Minerals & Minerals Limited and Utkal Alumina International Limited. For these final results, we continue to find these companies to be cross-owned with Hindalco.

Federal Register, in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(2), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, countervailing duties on all appropriate entries of subject merchandise covered by this review. Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

In accordance with section 751(a)(1) of the Act, Commerce also intends to instruct CBP to collect cash deposits of estimated countervailing duties in the amounts shown for each of the companies listed above for shipments of the subject merchandise which entered, or were withdrawn from warehouse for consumption on or after the date of publication of the final results of this administrative review. For all non-reviewed firms, we will instruct CBP to continue to collect cash deposits of estimated countervailing duties at the all-others rate or most recent company-specific rate applicable to the company, as appropriate. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Administrative Protective Order

This notice also serves as the final reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing these final results in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

Dated: November 5, 2024.
