- Operating expenses, including purchased services, payroll, benefits, rental payments, utilities, interest, resales, equipment, materials and supplies, research and development, and other detailed operating expenses
- Assets, including capital expenditures, and inventories
- Robotic equipment expenditures and usage

Additional topics of collections in the AIES include sources of revenue and/or expense for providers (e.g., hospitals and other businesses in the health industry) of select services such as inpatient days, outpatient visits to hospitals, patient visits for other selected health industries, revenue from telemedicine services, and expenses for electronic health records. Merchandise lines data will be collected from businesses operating in select retail industries. North American Product Classification System (NAPCS) broadlines will be collected from businesses in manufacturing.

The AIES may include new questions each year based on relevant business topics. Potential topics for such new questions could include technological advances, management and business practices, exporting practices, and globalization. Any new questions will be submitted to OMB for review using the appropriate clearance vehicle.

To reduce respondent burden in the 2024 Annual Integrated Economic Survey, the Census Bureau plans to implement several key changes to streamline the data collection process. In the 2023 AIES, we collected select data at both the company and establishment levels. For the 2024 AIES, we will collect this overlapping data exclusively at the establishment-level, allowing the Census Bureau to derive necessary company-level information without additional input from respondents. We have also eliminated questions that frequently resulted in poor reporting and significant data suppression, leading to a clearer and more manageable survey experience. To further enhance efficiency, some items will now be collected only in the first year of a new sample, facilitating effective content rotation. Additionally, we have combined specific content to minimize suppression rates and increase the availability of usable data. The Census Bureau removed content that was not disseminated to the public and/or was collected solely for a federal

stakeholder, which was deemed non-essential for their programs following discussions with the stakeholders and gaining mutual agreement.

Additionally, approximately 80,000 single-unit companies will be removed from collection and will not receive a questionnaire. The Census Bureau will obtain data for these non-mailed companies using information from the administrative records of the IRS and the Social Security Administration.

These changes are designed to create a more efficient survey process while maintaining our commitment to high data quality standards.

Frequency: Annually.

Respondent's Obligation: Mandatory.

Rescission of Administrative Review, in Part

Pursuant to 19 CFR 351.213(d)(3), Commerce will rescind an administrative review when there are no reviewable suspended entries. Based on our analysis of U.S. Customs and Border Protection (CBP) information, we preliminarily determine that 46 companies had no entries of subject merchandise during the POR.⁷ On December 19, 2023, we notified interested parties of our intent to rescind this administrative review with respect to the 46 companies, listed in Appendix II of this notice, that had no reviewable suspended entries during the POR.⁸ No parties commented on our intent to rescind. As a result, we are

rescinding this review, in part, with respect to the 46 companies, as listed in Appendix II of this notice.

Methodology

Commerce is conducting this review in accordance with sections 751(a)(1)(B) and (2) of the Tariff Act of 1930, as amended (the Act). We calculated export price and constructed export price in accordance with section 772 of the Act and we calculated normal value in accordance with section 773 of the Act. For a full description of the methodology underlying these preliminary results, see the Preliminary Decision Memorandum. A list of the topics discussed in the Preliminary Decision Memorandum is attached as Appendix I to this notice. The

Preliminary Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Preliminary Results of Review

We preliminarily determine that the following estimated weighted-average dumping margins exist for the period October 1, 2022, through September 30, 2023:

Producer/exporter	Weighted-average dumping margin (percent)
Hyundai Steel Company	0.89
POSCO; POSCO International Corporation ⁹	2.10

Disclosure

Commerce intends to disclose its calculations and analysis performed to interested parties for these preliminary results within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Public Comment

As provided in sections 782(i)(3)(A)–(B) of the Act, we intend to verify the response of POSCO and POSCO International Corporation after these preliminary results. Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance no later than seven days after the date on which the verification report is issued in this review. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.¹⁰ Interested parties who submit case briefs or rebuttal briefs in this administrative review must submit: (1) a table of contents listing

each issue; and (2) a table of authorities.¹¹

As provided under 19 CFR 351.309(c)(2) and (d)(2), in prior proceedings we have encouraged interested parties to provide an executive summary of their brief that should be limited to five pages total, including footnotes. In this administrative review, we instead request that interested parties provide at the beginning of their briefs a public, executive summary for each issue raised in their briefs.¹² Further, we request that interested parties limit their public executive summary of each issue to no more than 450 words, not including citations. We intend to use the public executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final results of this administrative review. We request that interested parties include footnotes for relevant citations in the public executive summary of each issue. Note that Commerce has amended certain of its requirements pertaining to the

service of documents in 19 CFR 351.303(f).¹³

than 120 days after the date of publication of this notice in the **Federal Register**, pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(1).

Assessment Rates

Upon completion of the final results of this administrative review, pursuant to section 751(a)(2)(A) of the Act, Commerce shall determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review. If a respondent's weighted-average dumping margin is not zero or *de minimis* (i.e., less than 0.50 percent) in the final results of this review, we intend to calculate an importer-specific assessment rate based on the ratio of the total amount of dumping calculated for each importer's examined sales and the total entered value of the sales in accordance with 19 CFR 351.212(b)(1).¹⁵ If the respondent's weighted-average dumping margin or an importer-specific assessment rate is zero or *de minimis* in the final results of this review, we intend to instruct CBP to liquidate the appropriate entries without regard to antidumping duties.¹⁶

For entries of subject merchandise during the POR produced by either of the individually examined respondents for which they did not know that the merchandise was destined to the United States, we will instruct CBP to liquidate these entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.¹⁷ For the companies identified in Appendix II for which we are rescinding the review with these preliminary results, we will instruct CBP to assess antidumping duties on all appropriate entries at rates equal to the cash deposit of antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, during the POR in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue these rescission instructions to CBP after the date of publication of this notice in the **Federal Register**.

The final results of this administrative review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future

deposits of estimated duties, where applicable.¹⁸ Commerce intends to issue assessment instructions regarding the individually examined respondents to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (i.e., within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication in the **Federal Register** of the notice of the final results of this administrative review for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the individually examined respondents will be equal to the weighted-average dumping margins established in the final results of this administrative review, except if the rate is less than 0.50 percent and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for merchandise exported by companies not covered in this review but covered in a prior segment of this proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the investigation but the producer is, then the cash deposit rate will be the rate established in the most recently completed segment for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 6.05 percent, the all-others rate established in the investigation.¹⁹ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that

reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties and/or an increase in the amount of antidumping duties by the amount of countervailing duties.

Notification to Interested Parties

We are issuing and publishing these preliminary results in accordance with sections 751(a)(1) and 777(i)(1) of the Act, 19 CFR 351.213(d)(3), 19 CFR 351.213(h)(2), and 19 CFR 351.221(b)(4).

Low Speed Personal Transportation Vehicles From the People's Republic of China: Postponement of Preliminary Determination in the Less-Than-Fair-Value Investigation

SUPPLEMENTARY INFORMATION:

Background

On July 10, 2024, the U.S. Department of Commerce (Commerce) initiated a less-than-fair-value (LTFV) investigation of imports of low speed personal transportation vehicles (LSTPVs) from the People's Republic of China (China).¹ Currently, the preliminary determination is due no later than December 4, 2024.

Postponement of Preliminary Determination

Section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in an LTFV investigation within 140 days after the date on which Commerce initiated the investigation. However, section 733(c)(1)(A)(b)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 190 days after the date on which Commerce initiated the investigation if: (A) the petitioner² makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are

cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.

On November 5, 2024, the petitioner submitted a timely request that Commerce postpone the preliminary determination in the LTFV investigation.³ The petitioner requested postponement of the preliminary determination because it believes that additional time is necessary to ensure that Commerce, the petitioner, and any other interested parties are able to sufficiently review all questionnaire responses and request clarification and additional information as necessary."⁴

For the reasons stated above and because there are no compelling reasons to deny the request, Commerce, in accordance with section 733(c)(1)(A) of the Act, is postponing the deadline for the preliminary determinations by 50 days (*i.e.*, 190 days after the date on which this investigation was initiated). As a result, Commerce will issue its preliminary determination no later than January 23, 2025. In accordance with section 735(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determination of this investigation will continue to be 75 days after the date of the preliminary determination, unless postponed at a later date.

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).
