

related fields; (4) to advise the OPC on national ocean research priorities; and (5) any additional responsibilities that the OPC considers appropriate.

Status: The December 3, 2024 meeting will be open to public participation with a 30-minute public comment period at 3:15 p.m. EST. The ORAP expects that public statements presented at its meetings will not be repetitive of previously submitted verbal or written statements. In general, each individual or group making a verbal presentation will be limited to a total time of three minutes. Written comments for the December 3–4, 2024 meeting should be received by November 20, 2024 by the ORAP DFO (DFO.orap@noaa.gov) to provide sufficient time for ORAP review. Written comments received by the ORAP DFO after this date will be distributed to the ORAP, but may not be reviewed prior to the meeting date.

Special Accommodations: These meetings are physically accessible to people with disabilities. Requests for special accommodations may be directed to the ORAP DFO no later than 12 p.m. EST on November 20, 2024.

Matters to be Considered: During the ORAP meeting on Dec. 13–14, 2023, the Ocean Policy Committee (OPC) requested that the ORAP advise on areas of opportunity for partnership (such as through the National Oceanic Partnership Program) on the topic of emerging technology (which could include Artificial Intelligence/Machine Learning, eDNA, and similar technology) with ocean industry and other sectors over the next 5–10 years. The OPC also requested that ORAP self-select another topic to address. The ORAP members agreed that the topic of accessible, inter-operable, interdisciplinary, and trusted ocean data to meet research and user needs is critical and deserves ORAP immediate attention. At this meeting on December 3–4, 2024, ORAP members will examine barriers, challenges, and potential mechanisms that expand opportunities for public-private partnerships by engaging external input from Government and Industry.

Meeting materials, including work products, will be made available on the ORAP website: <https://www.noaa.gov/ocean-research-advisory-panel/orap-public-meetings>.

Dated: October 23, 2024.

David Holst,

Director Chief Financial Officer/CAO, Office of Oceanic and Atmospheric Research, National Oceanic and Atmospheric Administration.

COMMISSION OF FINE ARTS

Notice of Meeting

Per 45 CFR 2102.3, the next meeting of the U.S. Commission of Fine Arts is scheduled for November 21, 2024, at 9 a.m. and will be held via online videoconference. Items of discussion may include buildings, infrastructure, parks, memorials, and public art.

Draft agendas, the link to register for the online public meeting, and additional information regarding the Commission are available on our website: www.cfa.gov. Inquiries regarding the agenda, as well as any public testimony, should be addressed to Thomas Luebke, Secretary, U.S. Commission of Fine Arts, at the above address; by emailing cfastaff@cfa.gov; or by calling 202–504–2200. Individuals requiring sign language interpretation for the hearing impaired should contact the Secretary at least 10 days before the meeting date.

Dated November 4, 2024 in Washington, DC.

Zakiya N. Walters,

Administrative Officer.

DEPARTMENT OF DEFENSE

Defense Acquisition Regulations System

[Docket Number DARS–2024–0036; OMB Control Number 0704–0231]

Information Collection Requirement; Defense Federal Acquisition Regulation Supplement (DFARS) Part 237, Service Contracting, and Related Clauses and Forms

AGENCY: Defense Acquisition Regulations System; Department of Defense (DoD).

ACTION: Notice and request for comments regarding a proposed extension of an approved information collection requirement.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, DoD announces a proposed extension of a public information collection requirement and seeks public comment on the provisions thereof. DoD invites comments on: whether the proposed collection of information is necessary for the proper performance of the functions of DoD, including whether the information will have practical utility; the accuracy of DoD's estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the information collection on
