

responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the Tennessee State Museum, and additional information on the determinations in this notice, including the results of consultation, can be found in the summary or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

A total of 120 cultural items have been requested for repatriation. The 120 unassociated funerary objects are three bracelets, two bells, five tinklers, four pendants, 89 beads, seven buttons, one earring, one tube, one brooch, one buckle, one jaw harp, one padlock, one projectile point, one bullet, one hanger/sword and one pipe. These items are associated with Overhill Cherokee towns (Tellico and Citico sites) in Monroe County, TN and one item has a provenience of the Old Town Site (40WM2) in Williamson County, TN.

Determinations

The Tennessee State Museum has determined that:

- The 120 unassociated funerary objects described in this notice are reasonably believed to have been placed intentionally with or near human remains, and are connected, either at the time of death or later as part of the death rite or ceremony of a Native American culture according to the Native American traditional knowledge of a lineal descendant, Indian Tribe, or Native Hawaiian organization. The unassociated funerary objects have been identified by a preponderance of the evidence as related to human remains, specific individuals, or families, or removed from a specific burial site or burial area of an individual or individuals with cultural affiliation to an Indian Tribe or Native Hawaiian organization.
- There is a reasonable connection between the cultural items described in this notice and the Cherokee Nation; Eastern Band of Cherokee Indians; and the United Keetoowah Band of Cherokee Indians in Oklahoma.

Requests for Repatriation

Additional, written requests for repatriation of the cultural items in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or

a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the cultural items in this notice to a requestor may occur on or after December 16, 2024. If competing requests for repatriation are received, the Tennessee State Museum must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the cultural items are considered a single request and not competing requests. The Tennessee State Museum is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice and to any other consulting parties.

Authority: Native American Graves Protection and Repatriation Act, 25 U.S.C. 3004 and the implementing regulations, 43 CFR 10.9.

Dated: November 5, 2024.

Melanie O'Brien,

Manager, National NAGPRA Program.

DEPARTMENT OF THE INTERIOR

National Park Service

[NPS-WASO-NAGPRA-NPS0039039; PPWOCRADNO-PCU00RP14.R50000]

Notice of Inventory Completion: California State University, Sacramento, Sacramento, CA

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the California State University, Sacramento has completed an inventory of associated funerary objects and has determined that there is a cultural affiliation between the associated funerary objects and Indian Tribes or Native Hawaiian organizations in this notice.

DATES: Repatriation of the associated funerary objects in this notice may occur on or after December 16, 2024.

ADDRESSES: Dr. Mark R. Wheeler, Senior Advisor to President Luke Wood, California State University, Sacramento, 6000 J Street Sacramento, CA 95819, telephone (916) 460-0490, email mark.wheeler@csus.edu.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the California State University, Sacramento, and

additional information on the determinations in this notice, including the results of consultation, can be found in its inventory or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

Associated funerary objects have been identified from CA-SUT-55, located in the southern portion of Sutter County, CA. The single lot of associated funerary objects include lithic materials. The funerary objects were collected by individuals associated with the California State University, Sacramento in 1978 on behalf of the US Army Corps. of Engineers. They have since been housed at the University under accession 81-88.

Cultural Affiliation

Based on the information available and the results of consultation, cultural affiliation is clearly identified by the information available about the associated funerary objects described in this notice.

Determinations

The California State University, Sacramento has determined that:

- The one lot of objects described in this notice are reasonably believed to have been placed intentionally with or near individual human remains at the time of death or later as part of the death rite or ceremony.
- There is a connection between the associated funerary objects described in this notice and the Cachil DeHe Band of Wintun Indians of the Colusa Indian Community of the Colusa Rancheria, California; Ione Band of Miwok Indians of California; Kletsel Dehe Wintun Nation of the Cortina Rancheria (*previously* listed as Kletsel Dehe Band of Wintun Indians); Shingle Springs Band of Miwok Indians, Shingle Springs Rancheria (Verona Tract), California; United Auburn Indian Community of the Auburn Rancheria of California; and the Wilton Rancheria, California.

Requests for Repatriation

Written requests for repatriation of the human remains and associated funerary objects in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.
2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or

an Indian Tribe or Native Hawaiian organization with cultural affiliation.

Repatriation of the associated funerary objects described in this notice to a requestor may occur on or after December 16, 2024. If competing requests for repatriation are received, the California State University, Sacramento must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the associated funerary objects are considered a single request and not competing requests. The California State University, Sacramento is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice.

Authority: Native American Graves Protection and Repatriation Act, 25 U.S.C. 3003, and the implementing regulations, 43 CFR 10.10.

Dated: November 7, 2024.

BILLING CODE 4312-52-P

DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management

[Docket No. BOEM-2023-0061]

Notice of Availability of the California Offshore Wind Draft Programmatic Environmental Impact Statement

AGENCY: Bureau of Ocean Energy Management, Interior.

ACTION: Notice of availability.

SUMMARY: The Bureau of Ocean Energy Management (BOEM) announces the availability of the draft programmatic environmental impact statement (PEIS) for California Offshore Wind. The Proposed Action of the draft PEIS is the identification of programmatic mitigation measures to lessen the environmental impacts of commercial-scale offshore wind energy development in the five lease areas offshore Northern and Central California on the Outer Continental Shelf (OCS). These mitigation measures may be required as conditions of approval for activities proposed within future construction and operations plans (COPs) prepared by leaseholders for approval to begin construction within the lease areas. This PEIS, if finalized and approved, will not result in the approval of any construction and operation activities.

ADDRESSES: The draft PEIS and associated information are available on BOEM's website at: [https://](https://www.boem.gov/renewable-energy/state-activities/california-offshore-wind-programmatic-environmental-impact)

www.boem.gov/renewable-energy/state-activities/california-offshore-wind-programmatic-environmental-impact.

FOR FURTHER INFORMATION CONTACT: Lisa Gilbane, Chief, Environmental Analysis Section, Bureau of Ocean Energy Management, Camarillo, California Office, 760 Paseo Camarillo, Suite 102, Camarillo, CA 93010, (805) 384-6387 or lisa.gilbane@boem.gov.

Submission of Public Comments: The 90-day comment period begins on February 12, 2025. Public comments can be submitted in two ways: (1) Through the [regulations.gov](https://www.regulations.gov) web portal: Navigate to <https://www.regulations.gov> and search for Docket No. BOEM-2023-0061. Select the document in the search results on which you want to comment, click on the "Comment" button, and follow the online instructions for submitting your comment. A commenter's checklist is available on the comment web page. Enter your information and comment, then click "Submit." (2) By mail or delivery service: Send comments in an envelope labeled, "CALIFORNIA OSW PEIS" and addressed to Lisa Gilbane, Environmental Assessment Section, Office of Environment, Bureau of Ocean Energy Management, 760 Paseo Camarillo, Suite 102, Camarillo, California 93010.

BOEM's virtual public meetings will be held on the following date at the time (Pacific time) indicated.

Tuesday January 28, 2025, 5:00 p.m.

Thursday, January 30, 2025, 12:00 p.m.

Please go to <https://www.boem.gov/caoffshorewindpeis> for registration links, dates, times and for additional information and updates. Meetings are open to the public and free to attend.

SUPPLEMENTARY INFORMATION: This draft PEIS assesses potential biological, socioeconomic, physical, and cultural impacts that could result from floating offshore wind energy development associated with the two leases offshore Humboldt Bay (OCS-P 0561 and 0562) and three leases offshore Morro Bay (OCS-P 0563, 0564, and 0565) and considers the reduction or avoidance of those impacts that could result from adopting mitigation measures. BOEM issued these five leases May 16, 2023. The leases total approximately 373,000 acres (~583 square miles) and are the first wind energy leases offshore California. Water depths in the lease areas range from 1,640 to 4,265 feet (500 to 1,300 meters); the use of floating foundations that anchor to the sea floor is anticipated.

The existing wind leases grant the lessees the exclusive right to submit a

COP to BOEM proposing the construction, operation, and decommissioning of offshore wind energy facilities in the lease area. BOEM will conduct site-specific National Environmental Policy Act (NEPA) analyses on all COPs submitted and may conclude that the inclusion of additional mitigation measures not identified in this draft PEIS is required.

The Proposed Action is BOEM's adoption of a suite of program-level mitigation measures that could be applied to activities to reduce or avoid potential impacts.

Alternatives: In addition to the Proposed Action, BOEM considered two alternatives: A No Action Alternative, and an alternative that does not include the addition of mitigation measures in order to assess the effectiveness of mitigation in avoiding or reducing impacts.

Availability of the Draft PEIS: The draft PEIS and associated information are available on BOEM's website at: <https://www.boem.gov/renewable-energy/state-activities/california-offshore-wind-programmatic-environmental-impact>.

Authority: 42 U.S.C. 4231 *et seq.* (National Environmental Policy Act, as amended), NEPA implementing regulations (40 CFR 1500-1508), and U.S. Department of the Interior (DOI) NEPA regulations (43 CFR part 46).

Douglas P. Boren,

Pacific Regional Director, Bureau of Ocean Energy Management.
