[Docket No. FWS–R2–ES–2024–N049; FXES1113020000–245–FF02ENEH00]

Endangered and Threatened Wildlife and Plants; Initiation of 5-Year Status Reviews of 38 Species in the Southwest

AGENCY: Fish and Wildlife Service, Interior.
ACTION: Notice of initiation of reviews; request for information.

SUMMARY: We, the U.S. Fish and Wildlife Service, are conducting 5-year status reviews of 38 animal and plant species under the Endangered Species Act. A 5-year status review is based on the best scientific and commercial data available at the time of the review; therefore, we are requesting submission of any such information that has become available since the last reviews for the species.

DATES: To ensure consideration, we are requesting submission of new information no later than December 16, 2024. However, we will continue to accept new information about any listed species at any time.

ADDRESSES: For details on how to request or submit information, see Request for Information and How Do I Ask Questions or Provide Information? in the **SUPPLEMENTARY INFORMATION** section.

FOR FURTHER INFORMATION CONTACT: For information on a particular species, contact the appropriate person or office listed in the table in the **SUPPLEMENTARY INFORMATION** section. For general information, contact Beth Forbus, by telephone at 505–318–8972 or by email at Beth_Forbus@fws.gov.

Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION:

Why do we conduct 5-year reviews?

Under the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*), we maintain Lists of Endangered and Threatened Wildlife and Plants (which we collectively refer to as the List) in the Code of Federal

Regulations (CFR) at 50 CFR 17.11 (for animals) and 17.12 (for plants). Section 4(c)(2)(A) of the ESA requires us to review each listed species’ status at least once every 5 years. Our regulations at 50 CFR 424.21 require that we publish a notice in the **Federal Register** announcing those species under active review. For additional information about 5-year status reviews, refer to our factsheet at <https://www.fws.gov/project/five-year-status-reviews>.

What information do we consider in our review?

A 5-year status review considers all new information available at the time of the review. In conducting these reviews, we consider the best scientific and commercial data that have become available since the listing determination or most recent status review, such as:

A. Species biology, including but not limited to population trends, distribution, abundance, demographics, and genetics;

B. Habitat conditions, including but not limited to amount, distribution, and suitability;

C. Conservation measures that have been implemented that benefit the species;

D. Threat status and trends in relation to the five listing factors (as defined in section 4(a)(1) of the ESA); and

E. Other new information, data, or corrections, including but not limited to taxonomic or nomenclatural changes, identification of erroneous information contained in the List, and improved analytical methods.

Any new information will be considered during the 5-year status review and will also be useful in evaluating the ongoing recovery programs for the species.

Which species are under review?

The species in table 1 are under active 5-year status review.

Request for Information

To ensure that a 5-year status review is complete and based on the best available scientific and commercial information, we request new information from all sources. See What information do we consider in our review? for specific criteria. If you submit information, please support it with documentation such as maps, bibliographic references, methods used to gather and analyze the data, and/or copies of any pertinent publications, reports, or letters by knowledgeable sources.

How do I ask questions or provide information?

If you wish to provide information for any species under review, please submit your comments and materials to the appropriate contact in table 1. You may also direct questions to those contacts. For general questions, contact the person under **FOR FURTHER INFORMATION CONTACT**.

Public Availability of Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Completed and Active Reviews

A list of all completed and currently active 5-year status reviews can be found at <https://ecos.fws.gov/ecp/report/species-five-year-review>.

Authority

This document is published under the authority of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*).

Mission Valley Power Project, Montana—Power Rate Adjustment

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice of proposed rate adjustment.

SUMMARY: The Bureau of Indian Affairs (BIA) proposes to adjust electric power rates for the Mission Valley Power Project (MVP). We are required to establish rates to recover the costs to administer, operate, maintain, and rehabilitate the MVP. We request your comments on the proposed rate adjustments.

DATES: Interested parties may submit comments on the proposed rate adjustments on or before December 16, 2024.

ADDRESSES: All comments on the proposed rate adjustments must be in writing. You may send comments via email to comments@bia.gov. Please reference “Rate Adjustment for MVP Project” in the subject line. Or you may

submit comments to: Program Specialist, Division of Water and Power, Office of Trust Services, 2021 4th Avenue North, Billings, MT 59101.

FOR FURTHER INFORMATION CONTACT: Mr. Shane Hendrickson, Flathead Agency Superintendent, Bureau of Indian Affairs, P.O. Box 40, Pablo, Montana 59855, (406) 675–2700, Ext. 1301.

Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services.

SUPPLEMENTARY INFORMATION: The table in this notice provides current and proposed electric power rates for 2024, 2025, and 2026.

What is the meaning of key terms used in this notice?

BIA means the Bureau of Indian Affairs within the United States Department of the Interior or the BIA’s authorized representative.

Bill means our written statement notifying you of the charges and/or fees you owe the United States for the administration, operation, maintenance, rehabilitation, and/or construction of the electric power utility servicing you.

CFR means Code of Federal Regulations.

Customer means any person or entity to whom we provide service.

Customer service is the assistance or service provided to customers, except for the actual delivery of electric power or energy. Customer service may include line extension, system upgrade, meter testing, connections or disconnection, special meter reading, or other assistance or service as provided in the utility’s Operations Manual.

Day(s) means calendar day(s).
