SUPPLEMENTARY INFORMATION:

Public Participation and Request for Comments

This notice relies on the authority of the Paperwork Reduction Act of 1995; 44 U.S.C. 3501 *et seq.*, chapter 35, as amended. An ICR is an application to OIRA seeking the approval, extension, or renewal of a Coast Guard collection of information (Collection). The ICR contains information describing the Collection’s purpose, the Collection’s likely burden on the affected public, an explanation of the necessity of the Collection, and other important information describing the Collection. There is one ICR for each Collection.

The Coast Guard invites comments on whether this ICR should be granted based on the Collection being necessary for the proper performance of Departmental functions. In particular, the Coast Guard would appreciate comments addressing: (1) the practical utility of the Collection; (2) the accuracy of the estimated burden of the Collection; (3) ways to enhance the quality, utility, and clarity of information subject to the Collection; and (4) ways to minimize the burden of the Collection on respondents, including the use of automated collection techniques or other forms of information technology. These comments will help OIRA determine whether to approve the ICR referred to in this Notice.

We encourage you to respond to this request by submitting comments and related materials. Comments to Coast Guard or OIRA must contain the OMB Control Number of the ICR. They must also contain the docket number of this request, USCG-2024-0287, and must be received by December 18, 2024.

Submitting Comments

We encourage you to submit comments through the Federal eRulemaking Portal at <https://www.regulations.gov>. If your material cannot be submitted using <https://www.regulations.gov>, contact the person in the **FOR FURTHER INFORMATION CONTACT** section of this document for alternate instructions. Documents mentioned in this notice, and all public comments, are in our online docket at <https://www.regulations.gov> and can be viewed by following that website’s instructions. We review all comments received, but we may choose not to post off-topic, inappropriate, or duplicate comments that we receive. Additionally, if you go to the online docket and sign up for email alerts, you will be notified when comments are posted.

We accept anonymous comments. Comments we post to <https://www.regulations.gov> will include any personal information you have provided. For more about privacy and submissions to the Coast Guard in response to this document, see DHS’s eRulemaking System of Records notice (85 FR 14226, March 11, 2020). For more about privacy and submissions to OIRA in response to this document, see the <https://www.reginfo.gov>, comment-submission web page. OIRA posts its decisions on ICRs online at <https://www.reginfo.gov/public/do/PRAMain> after the comment period for each ICR. An OMB Notice of Action on each ICR will become available via a hyperlink in the OMB Control Number: 1625-0022.

Previous Request for Comments

This request provides a 30-day comment period required by OIRA. The Coast Guard published the 60-day notice (89 FR 68914, August 28, 2024) required by 44 U.S.C. 3506(c)(2). That notice elicited no comments. Accordingly, no changes have been made to the Collection.

Information Collection Request

Title: Application for Tonnage Measurement of Vessels.

OMB Control Number: 1625-0022.

Summary: The information is used by the Coast Guard to determine a vessel’s tonnage. Tonnage in turn helps to determine licensing, inspection, safety requirements, and operating fees.

Need: Under 46 U.S.C. 14104 certain vessels must be measured for tonnage.

Coast Guard regulations for this measurement are contained in 46 CFR part 69.

Forms: CG-5397, Application for Simplified Measurement.

Respondents: Owners of vessels.

Frequency: On occasion.

Hour Burden Estimate: The estimated burden has increased from 15,094 hours to 38,157 hours a year, due to an increase in the estimated annual number of respondents.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. *et seq.*, chapter 35, as amended.

Dated: November 8, 2024.

Kathleen Claffie,

Chief, Office of Privacy Management, U.S. Coast Guard.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-6498-N-01]

The Performance Review Board

AGENCY: Office of the Secretary, Housing and Urban Development (HUD).

ACTION: Notice of appointments.

SUMMARY: The Department of Housing and Urban Development announces the establishment of the Departmental Performance Review Board (PRB) to make recommendations to the appointing authority on the performance and compensation of its Senior Executive Service (SES), Senior Level (SL) and Senior Technical (ST) professionals. The following persons may be named to serve on the PRB from 2024 through 2026. They are listed by type of appointment, name, and official title.

FOR FURTHER INFORMATION CONTACT: Persons desiring any further information about the PRB and its members may contact Selina M. Swales, Director, Office of Executive Resources, Department of Housing and Urban Development, Washington, DC 20410. Telephone (202) 402-3450. (This is not a toll-free number.) HUD welcomes and is prepared to receive calls from individuals who are deaf or hard of hearing, as well as individuals with speech or communication disabilities. To learn more about how to make an accessible telephone call, please visit <https://www.fcc.gov/consumers/guides/telecommunications-relay-service-trs>.

SUPPLEMENTARY INFORMATION: The following persons may be named to serve on the PRB from 2024 through 2026. They are listed by type of appointment, name, and official title:

BILLING CODE 4210-67-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

[FWS-HQ-ES-2024-N027; FF09E41000 245
FXES1113090000]

Endangered Species Act; Issuance of Enhancement of Survival and Incidental Take Permits for Safe Harbor Agreements, Candidate Conservation Agreements, Conservation Plans, and Scientific Activities; January 1, 2023, Through December 31, 2023

AGENCY: Fish and Wildlife Service,
Interior.

ACTION: Notice.

SUMMARY: We, the U.S. Fish and Wildlife Service, in accordance with the Endangered Species Act (ESA), provide a list to the public of permits we issued under the ESA during calendar year 2023 for candidate conservation agreements with assurances, safe harbor agreements, habitat conservation plans, and scientific activities. With some exceptions, the ESA prohibits take of listed species unless a Federal permit is issued that authorizes or exempts the taking under the ESA.

FOR FURTHER INFORMATION CONTACT: For general information about the ESA permit process, contact Amanda Murnane, via phone at 703-358-2469 or viaemailatamanda_murnane@fws.gov. For information on specific permits, see the contact information for the applicable region under Permits Issued. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: We, the U.S. Fish and Wildlife Service (Service), are publishing this notice in order to provide lists to the public of the permits we issued during calendar year 2023 under sections 10(a)(1)(A) and 10(a)(1)(B) of the Endangered Species Act of 1973 (ESA; 16 U.S.C. 1531 *et seq.*), as amended. We are publishing

the lists of section 10(a)(1)(A) permits in accordance with section 10(d) of the ESA. We are publishing the lists of section 10(a)(1)(B) permits in accordance with chapter 16 of the *Habitat Conservation Planning and Incidental Take Permit Processing Handbook*, developed by the Service in cooperation with the National Marine Fisheries Service, and available at <https://www.fws.gov/media/habitat-conservation-planning-and-incidental-take-permit-processing-handbook> (December 21, 2016; 81 FR 93702).

With some exceptions, the ESA prohibits take of listed species unless a Federal permit is issued that authorizes the taking, or the take is exempted through section 7 of the ESA. Under section 10(a)(1)(A) of the ESA, we issue scientific permits and enhancement of survival permits in conjunction with conservation agreements (*e.g.*, Candidate Conservation Agreements with Assurances or CCAAs, and Safe Harbor Agreements or SHAs). Section 10(a)(1)(B) permits authorize take of listed species incidental to otherwise lawful activities associated with conservation plans (also known as habitat conservation plans or HCPs). We provide these lists to the public as a summary of our permit issuances for CCAAs, SHAs, HCPs, and scientific permits for calendar year 2023.

We recently revised the implementing regulations for ESA section 10(a) related to enhancement of survival permits supported by SHAs and CCAAs (50 CFR 17.22(c) and (d) and 50 CFR 17.32(c) and (d)) to combine the SHA and CCAA into one type of conservation agreement, called a conservation benefit agreement (89 FR 26070; April 12, 2024). The permits listed in this notice are not affected by this change, as they were all issued prior to May 13, 2024, the effective date of the regulation revisions.

Background

Under the authority of section 10(a)(1)(A) of the ESA, we have issued enhancement of survival permits to conduct activities that provide a conservation benefit for endangered or threatened species, or for unlisted species should they become listed in the future, in response to permit applications that we received in conjunction with a SHA or a CCAA.

Scientific permits have been issued under ESA section 10(a)(1)(A) to allow for take as part of activities conducted for scientific purposes of listed species (*e.g.*, scientific research in order to

understand better the species' long-term survival needs).

Under ESA section 10(a)(1)(B), we may issue permits for any taking otherwise prohibited by ESA section 9 if such taking is incidental to, and not the purpose of, carrying out an otherwise lawful activity (known as an incidental take permit (ITP)) and the permit applicant submits a conservation plan or HCP that meets the permit issuance criteria under section 10(a)(2)(B). Typically, applicants seek an ITP to conduct activities such as residential and commercial development, infrastructure development or maintenance, and energy development projects that range in scale from small to landscape-level planning efforts.

The permits associated with SHAs, CCAAs, HCPs, and scientific activities that we issued between January 1 and December 31, 2023, are listed in the tables in this notice.

Under section 10(a)(1)(A), we issued each permit only after we determined that it was applied for in good faith; that granting the permit would not be to the disadvantage of the listed species, or to any unlisted species on the permit should they be listed; and that the terms and conditions of the permits were consistent with the purposes and policy set forth in the ESA.

Under section 10(a)(1)(B), we issued permits only after we determined that the applicant was eligible and had submitted a complete application and HCP that fully met the permit issuance criteria consistent with section 10(a)(2)(B).

Permits Issued

Region 1 (Hawaii, Idaho, Oregon (Except for the Klamath Basin), Washington, American Samoa, Commonwealth of the Northern Mariana Islands, Guam, and the Pacific Trust Territories)

Table 1 shows permits issued by Region 1 of the Service. The table is sorted by type of permit or agreement and date issued. For more information about any of the HCP or CCAA permits, contact the HCP or CCAA permit coordinator by email at ITEOSpermitsR1ES@fws.gov or by telephone at 503-231-6131. For more information about any of the scientific permits, contact the Recovery Permit Coordinator by email at PermitsR1ES@fws.gov or by telephone at 503-231-6131.
